About Us

About Conference

Aquaculture and Fisheries 2023 welcomes you to attend CPD accredited "4th World Congress on Ophthalmology and Vision Science" on March 27-28, 2023 , a Paris, France Hybrid with an innovative theme "Exploring Advanced Research in Ophthalmology and Vision Science". This International conference (Aquaculture and Fisheries 2023) anticipates hundreds of delegates including keynote speakers, Oral presentations by renowned speakers and poster presentations by students besides delegates around the world. This conference perhaps a giant event that creates an ideal platform to share expertise addressing current methodologies and techniques involved in Vision Science. It will be a wonderful opportunity for all the attendees as it provides an international networking opportunity to collaborate global class Organic associations

Aquaculture and Fisheries 2023 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Aquaculture and Fisheries offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Special Issues : All accepted abstracts will be published inrespective Conference Series llc LTD Journals
Each abstract will be provided with digital Object Identifier by Crossref

Aquaculture and Fisheries 2023

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Aquaculture present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address Impact of Challenges for Aquaculture.

Objectives

After participating in this meeting, attendees should be able to

- Challenges for Clinical Aquaculture
- Discuss emerging issues in about Aquaculture and Fisheries
- Discuss and apply recent research findings related to Aquaculture

Who Should Attend?

2nd International Conference on Aquaculture and Fisheries. The two day event on Aquaculture and Fisheries will host 60+ Scientific and technical sessions and sub-sessions on cutting edge research and latest research innovations in the field of Aquaculture,Aquaculture Business and Fisheries. This year will comprises of 17 major sessions designed to offer comprehensive sessions that address current issues in various fields of Aquaculture. The attendees can find- Exclusive Sessions and Panel discussions on Impact of COVID-19 Challenges for Biopolymers and Biomaterials. By participating in the conference, attendees will be able to get desired knowledge over future challenges in varied sorts of Marine Culture and Aquaculture. Aquaculture and Fisheries 2023 provides an opportunity to meet Experts, professionals, academicians and researchers from all over the world. Execute new methods or revise existing methods based on best presented facts as Presented at Aquaculture and Fisheries 2023.

About hosting organization

Conference Series llc LTD is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

Major Sessions

- Aquafarming
- Aquaculture Nutrition
- Aquatic Pollution
- Aquatic & Marine Pathology
- Aquaponics
- Animal Welfare in Aquaculture
- Environmental Impacts in Aquaculture
- Genetic Biodiversity in Aquaculture
- Biotechnology & Genetics in Aquaculture, Fisheries
- Aquaculture Disease and Health Management
- Immunology & Microbiology of Aquatic Species
- Aquaculture Innovations & Designs
- Integrated Multitrophic Aquaculture
- Aquaculture Engineering
- Aquatic Physiology
- Sustainability in Aquaculture Practice
- Issues in Aquaculture Netting Materials
- Aquaculture laws & regulations
- Fisheries Sciences
- Marine Geology and GIS application
- Marine Pollution
- Marine Engineering and Technology
- Oceanography
- Fish hatchery
- Fish stocking
- Oyster farming
- Alga culture
- Shrimp farming

Supporting Journals

- Journal of fisheries sciences
- Journal of Fisheries & Livestock Production

About Paris

Paris (French pronunciation): is the capital and most populous city of France, with an estimated population of 2,165,423 residents in 2019 in an area of more than 105 km² (41 sq mi), making it the 34th most densely populated city in the world in 2020. Since the 17th century, Paris has been one of the world's major centres of finance, diplomacy, commerce, fashion, gastronomy, science, and arts, and has sometimes been referred to as the capital of the world. The City of Paris is the centre and seat of government of the region and province of Île-de-France, or Paris Region, with an estimated population of 12,997,058 in 2020, or about 18% of the population of France. The Paris Region had a GDP of €709 billion ($808 billion) in 2017. According to the Economist Intelligence Unit Worldwide Cost of Living Survey, in 2021 Paris was the city with the second-highest cost of living in the world, tied with Singapore, and after Tel Aviv.

Paris hosts several United Nations organizations: the UNESCO, the Young Engineers / Future Leaders, the World Federation of Engineering Organizations, and other international organizations such as the OECD, the OECD Development Centre, the International Bureau of Weights and Measures,
