Keynote Presentations

Title: Promotion of CO2 assimilation by effective use of NOx and NP is best method to produce much fish and protect global warming

Shoichiro Ozaki, *Ehime University, Japan*

Aqua Farming | Pisciculture | Aquaculture Nutrition | Aquatic & Marine Pathology | Fish Hatchery | Fish stocking | Shrimp farming | Oyster farming | Algaculture | Mariculture | Integrated Multi-trophic Aquaculture | Issues in Aquaculture Netting Materials | Fishing Technology | Aquaculture Innovations & Designs

Title: Climate Change and Irrigation Management Impacts on Habitat

Esma Guneysu Budak *, Auburn University , USA*

Title: In-Vitro Study of Protein Encapsulated in Chitosan Microcapsules for Early Feeding of Fish Larvae

Goh Chee Keong *, School of Applied Science, Republic Polytechnic , Singapore*

Title: ASAR: A Native Fishing Gear Used in the Cordillera Rivers

Mary P. Tauli , *Bureau of Fisheries and Aquatic Resources , Philippines*

Title: Fishing Gears and Practices Used in the Amburayan River, Benguet

Marx Perfecto C. Garcia, *Bureau of Fisheries and Aquatic Resources , Philippines*

Title: Effects of Artificial Substrate on Growth Performance, Survival and Production of Freshwater Prawn, Macrobrachium rosenbergii (de Man 1879) in Cages in Laguna de Bay, Philippines

Hannibal M. Chavez *, Bureau of Fisheries and Aquatic Resources , Philippines*

Title: The Effect Of Immunostimulants B-Glucant And Lipopolysaccaharide On Lysozyme Activity Of Tiger Shrimp, Penaeus Monodon, Fabricius
***Alexander Rantetondok**, Hasanuddin University , Indonesia*
Title: The Effects of L-Carnitine on The Population Growth Rate and Egg Ratio of Rotifer (Brachionus plicatilis) in Mass Culture
***Sevgi Savas**, Süleyman Demirel University , Turkey*
Title: Water Quality Impacts of Effluent from land-based abalone farms in South Africa
***M Pretorius**, Department of Agriculture, Forestry and Fisheries , South Africa*
Title: Menthol as an alternative anaesthetic and sedative for trout, Oncorhynchus mykiss
***Charles Teta**, Rhodes University , South Africa*
Title: Life-history of Nile Tilapia in Tropical Lakes and Reservoirs
***Maria Marcolina Lima Cardoso ,** Rio Grande do Norte Federal University, Brazil*
Title: Application of Simulation Modeling in Planning and Cost–Benefit Assessment of Traditional Fishery and Aquaponics Technology for Livelihood Generation and Sustainable Development. A case of Tawa Command Area, India
***Alka Parashar**, Sarojini Naidu P.G. (Autonomous) College , India*
*****5 More Speakers Slots Available*****
Day 2
25-May-18
Title: Importance of Molecular Endocrinological studies in optimization of Aquaculture
***Anilkumar Gopinathan**, VIT University, India*
Recirculating Aquaculture Systems | Aquaponics | Aquaculture Resource Management | Aquaculture Engineering | Aquatic Physiology | Aquatic Plant farming | Marine & Aquatic biology | Socioeconomics of Fisheries & Aquaculture | Sustainability in Aquaculture Practice | Captive Fishing | Aquaculture laws & Regulations | Fisheries Ecology & Management | Biotechnology & Genetics in Aquaculture & Fisheries
Title: Method to fit Paris agreement for protection of global warming
***Shoichiro Ozaki,** Ehime University, Japan*
Title: Natural Renewable Water Resources and Ecosystems
***Abdeen Omer ,** Energy Research Institute , UK*

Title: Enrichment of Artificial Feed with Carotenoid Sources Spirulina and Carrot Powder Additives on the Growth, Pigmentation and Maturation in captive-reared Indigenous Fish Puntius sophore (pool barb) in M.P, India
***Alka Parashar** , Sarojini Naidu P.G. (Autonomous) College , India*
Title: Economic Performance of Live Crab (Scylla Serrata) Business in the East Coast Region, Tamil Nadu, India
***R. Marimuthu ,** Fisheries college and Research Institute , India*
Title: Design and development of a novel fish feeding system for small and marginal farmers
***Ritu Prem** , IIT Kharagpur, India*
Title: Culture based reservoirs fishery management in tropical regions, India - A case study
***Rani Palaniswamy** , ICAR-Central Inland Fisheries Institute , India*
Title: Reproductive performance and sex ratio of Nile tilapia (Oreochromis niloticus) fed dietary Aspilia mossambicensis and Aazadirachta indica leaf powder
***Imani Kapinga** , University of Dar Es Salaam , Tanzania*
Title: Metal Uptake and Bioaccumulation Potentials of Clarias buthupogon and Heterobranchus longifilis Collected from Asa River, Ilorin, Nigeria
***Ogundiran Mathew Akinloye** , Ladoke Akintola University of Technology , Nigeria*
Title: Impact Of Wurukum Abattoir Effluent On River Benue Nigeria, Using Macroinvertebrates As Bioindicators
***Edward Terhemen Akange** , University of Agriculture Makurdi , Nigeria*
Title: Effect of Substituting Calabash Seed (Lagenaria Vulgaris) Meal for Groundnut Cake in the Diet of Catfish (Clarias X Heterobranchus Longifilis) Hybrid Fingerlings
***Mamman, T** , Usmanu Danfodiyo University , Nigeria*
Title: Economic Returns Of Existing Various Shrimp Farming Practice In Southwest Region Of Bangladesh
***M. Nazrul Islam** , University of Rajshahi , Bangladesh*
Title: Cloning, expression and immunogenicity analysis of protective effect of recombinant protein (OmpTS) of Aeromanas hydrophila in Common carp, Cyprinus carpio.
***Rahim Peyghan** , Shahid Chamran University Of Ahvaz- Ahvaz , Iran*
