As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. 13th Global Summit on Aquaculture & Fisheries amid April 28-29, 2022 at Osaka, Japan. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

Aquaculture & Fisheries 2022

Organizing Committee

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

ABOUT CONFERENCES

Conference Series LLC Ltd invites all participants from around the world to attend the 13th World Summit on Aquaculture and Fisheries from April 28-29, 2022. This global conference features quick presentations, oral lectures, poster presentations and exhibits.

Conference Series LLC Ltd hosts over 3,000 global events, including over 300 conferences, over 500 upcoming and previous symposia and workshops in the United States, Europe, and Asia with the support of an additional 1,000 scientific societies.

Fisheries conference that brings together a unique and international mix of experts, such as aquaculture engineers, researchers and policy makers from academia and industry around the world to exchange knowledge, experience and innovations in research at its world conference on aquaculture, aquaculture is considered the breeding of aquatic organisms, including fish, molluscs, crustaceans and aquatic plants. Agriculture involves some form of intervention in the breeding process to improve production, such as regular storage, feeding, protection from predators, production gains from various parts of the world and the share that comes from of aquaculture. Aquaculture plays an important role in ensuring a sufficient supply of nutritious food to feed the growing world population. However, this requires a corresponding increase in the feed supply.

Aquaculture & Fisheries 2022 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Aquaculture & Fisheries , present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

ABOUT CONFERENCES

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Aquaculture & Fisheries
- Discuss and apply recent research findings related to Aquaculture & Fisheries .
- Reflect on the place of critical distance in Aquaculture & Fisheries Research.

Who should attend?

Academicians including Professors, PhD Scholars, Students carrying out Aquaculture Disease and Health Management, Techniques in Aquaculture Engineering Fisheries Biology & Management and Many more.

Conference Sessions

- Aquaculture and Fisheries-Facts/Methods
- Fisheries Sciences
- Animal Welfare in Aquaculture
- Sustainability in Aquaculture
- Aquaculture Nutrition
- Shellfish Farming
- Environmental Impacts in Aquaculture
- Aquaculture Disease and Health Management
- Fishery Resource Analysis and Monitoring
- Aquatic and Marine Pathology
- Techniques in Aquaculture Engineering
- Aquaculture Economics & Management
- Interaction between Aquaculture and Fishery
- Fisheries Biology & Management
- Aquatic Toxicology

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

ABOUT OSAKA

Osaka is a large port city and commercial center on the Japanese island of Honshu. It's known for its modern architecture, nightlife and hearty street food. The 16th-century shogun ate Osaka Castle, which has undergone several restorations, is its main historical landmark. It's surrounded by a moat and park with plum, peach and cherry-blossom trees. Sumiyoshi-Taisha is among Japan's oldest Shinto shrines.

Osaka is a designated city in the Kansai region of Honshu in Japan. It is the capital city of Osaka Prefecture and the largest component of the Keihanshin Metropolitan Area, the second-largest metropolitan area in Japan and the 10th largest urban area in the world with more than 19 million inhabitants. Osaka was traditionally considered Japan's economic hub. By the Kofun period (300–538) it had developed into an important regional port, and in the 7th and 8th centuries, it served briefly as the imperial capital. Osaka continued to flourish during the Edo period (1603–1867) and became known as a center of Japanese culture. Following the Meiji Restoration, Osaka greatly expanded in size and underwent rapid industrialization. In 1889, Osaka was officially established as a municipality.

Osaka is a major financial center of Japan. It is home to the Osaka Securities Exchange as well as the multinational electronics corporations Panasonic and Sharp. Famous landmarks in Osaka include Osaka Castle, Sumiyoshi Taisha Grand Shrine, and Shitennō-ji, the oldest Buddhist temple in Japan.

12 Top-Rated Tourist Attractions in Osaka

Osaka Castle, Shitennō-ji Temple,Osaka Aquarium Kaiyukan,,The Tempozan Ferris Wheel and Harbor Village,,The Kobe Port Tower, Tsūtenkaku Tower, The National Museum of Art, Osaka Tennōji Zoo & Park, Osaka Science Museum, The Umeda Sky Building, Universal Studios Japan, Tenmangu Shrine and the Tenjin Festival
