9th Annual Meeting on

Arrhythmia and Cardiac Surgery

July 14-15, 2016 Brisbane, Australia

Scientific Program

Theme: New frontiers in the field of Arrhythmia and Cardiac Surgery

http://arrhythmias.conferenceseries.com/

Email: arrhythmia@insightconferences.com; arrhythmia@conferenceseries.com

Day 1	July 14, 2016
08:30- 9:30	Registrations
09:30-10:00	*Opening Ceremony*
10:00-10:15	Introduction
Keynote Speech	
10:15-10:55	Guy Salama, University of Pittsburgh School of Medicine, USA
	Networking & Refreshment Break 10:55-11:10
	Session 1
11:10-11:40	**Title: The subcutaneous implantable cardioverter-defibrillator – first single-center experience with other cardiac implantable electronic devices** **Juergen Kuschyk,** Medical Faculty Mannheim of the University of Heidelberg, Germany
11:40-12:10	**Title: Extrapericardial placement of implantable cardioverter-defibrillator leads: A novel technique for cardiac anti-arrhythmic therapy** **Jeko Metodiev Madjarov,** University of North Carolina, USA
12:10-12:40	**Title: Genetic and environmental risk factors of congenital heart defects: Etiological perspective** **Abdullah A. Alabdulgader**, Prince Sultan Cardiac Centre, Saudi Arabia
12:40-13:10	**Title: Relaxin suppresses atrial fibrillation (AF) in spontaneously hypertensive (SHR) and aged rats through electrical and extracellular matrix remodeling via Wnt signaling pathways** **Guy Salama,** University of Pittsburgh School of Medicine, USA
	Lunch Break 13:10-14:10
Keynote Speech	
14:10-14:50	**Title: Pacemaker rates in TAVI and influence of device design** **Darren Walters,** Prince Charles Hospital, Australia
14:50-16:20	**Workshop on** **Cardiac Contractility Modulation (CCM) and Subcutaneous Defibrillator (S-ICD) - Clinical Evidence, implantation technique, indications/patient selection and pitfalls** **Juergen Kuschyk,** Medical Faculty Mannheim of the University of Heidelberg, Germany
	Networking & Refreshment Break 16:20-16:45

16:45-17:00	**Video-Presentation on** **Arteriovenous anastomoses and cardiovascular diseases** **Vladimir I. Ermoshkin,** Russian New University, Russia
17:00-17:15	**Video-Presentation on** **The impact of growth –related changes in the AV node on incidence of AVNRT in children** **Satoru Takeno,** kindai University, Japan
2 Speaker slots are available	
Day 2	**July 15, 2016**
10:00-11:00	**Special session on** **Modulation of heart rate variability: A novel nonpharmacological modality for lowering blood pressure in hypertensive patients** **Abdullah A. Alabdulgader,** Prince Sultan Cardiac Centre, Saudi Arabia
Networking & Refreshment Break 11:00-11:30	
Session 2	
11:30-12:00	**Title: New score to predict response to cardiac resynchronization therapy** **Mostafa Nawar**, University of Alexandria, Egypt
12:00-12:30	**Title: Epidemiology of congenital heart defects in Iran** **Soraya Siabani**, Kermanshah University of Medical Sciences, Iran
12:30-13:00	**Title: Extra cardiac anomalies (ECA) in 2020 subjects with congenital cardiovascular malformation (CCVM) and control: Etiological perspective** **Abdullah A. Alabdulgader,** Prince Sultan Cardiac Centre, Saudi Arabia
	Lunch Break 13:00-13:45
**********Award Ceremony **********	

9th Annual Meeting on

Arrhythmia and Cardiac Surgery

July 14-15, 2016 Brisbane, Australia

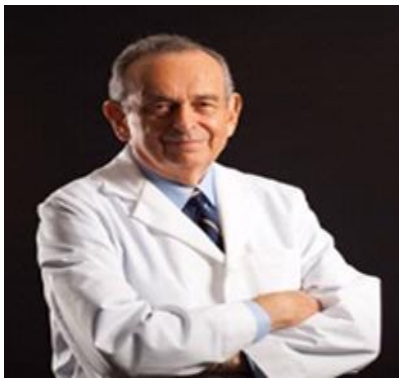

Organizing Committee Members (2016)

Andrea Natale
Cardiac Arrhythmia Institute
USA

Arthur J Moss
University of Rochester
USA

Jurgen Kuschyk
University Medical Center Mannheim
Germany

Massimo Santini
"Tor Vergata" University
Italy

Ali Oto
Memorial Ankara Hospital
Turkey

Abdullah Al Abdulgader
Prince Sultan Cardiac Centre
Saudi Arabia
