21 st World Summit on

Artificial Intelligence

September 27-28, 2022 | Singapore city, Singapore

Theme: "Deploying The Knowledge On AI & Robotics On The Edge"

vickyvox@globalannualmeet.com

INVITATION

Dear Attendees,

We are glad to announce the "21 st World Summit on Artificial Intelligence, September 27-28, 2022 Singapore city, Singapore" to be held in Singapore city, Singapore on September 27-28, 2022 organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. Artifical intelligence-2022

aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Artificial intelligence and it's Research. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. 21 st World Summit on Artificial Intelligence, September 27-28, 2022 Singapore city, Singapore" amid September 27-28, 2022 at Amsterdam, Netherlands. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

Artifical intelligence-2022

Organizing Committee

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

ABOUT CONFERENCES

The Organizing Committee is pleased to invite you to participate in the **"21 st World summit on Artifical intelligence -2022"** to be held in **Amsterdam, Netherlands** on **September 27-28, 2022** on the theme **"Innovations in Artifical intelligence Research".**

Nursing is about caring for each patient and providing quality individual treatment. Several nurses and staff members have been working together for many years to meet all the needs of each patient. Other common tasks include recording vital signs, providing health care and supervising the work of nursing assistants. It is all about the life sciences that explore growth, development, basic etiquette, individual and organizational growth, and authorized ethical and moral issues.

Artifical intelligence-2022 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Nursing Conference, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

ABOUT CONFERENCES

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Artificial intelligence
- Discuss and apply recent research findings related to Artificial intelligence .
- Reflect on the place of critical distance in Artificial intelligence Research.

Who should attend?

Engineers, Researchers, Professors, Students, principals, Scientist, Associate professors, Experts.

Conference Sessions

- AI in medical imaging. .
- Artificial Intelligence
- Automation
- Automation Tools and Its Applications
- Machine learning
- Robotics
- Information and Communications Technology
- Computer and Information science
- Artificial Neural Networks & Deep Learning
- Big Data to AI
- Ethics of Artificial Intelligence
- Human Robot Interaction
- Artificial intelligence for business
- Role of AI & Robotics in Industry
- Artificial Intelligence in Healthcare

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

ABOUT SINGAPORE

Osaka is a designated city in the Kansai region of Honshu in Japan. It is the capital and the most populous city in Osaka Prefecture, and the third most populous city in Japan, following Tokyo and Yokohama.With a population of 2.7 million in the 2020 census, it is also the largest component of the Keihanshin Metropolitan Area, the second-largest metropolitan area in Japan and the 10th largest urban area in the world with more than 19 million inhabitants.

Osaka was traditionally considered Japan's economic hub. By the Kofun period (300–538) it had developed into an important regional port, and in the 7th and 8th centuries, it served briefly as the imperial capital. Osaka continued to flourish during the Edo period (1603–1867) and became known as a center of Japanese culture. Following the Meiji Restoration, Osaka greatly expanded in size and underwent rapid industrialization. In 1889, Osaka was officially established as a municipality. The construction boom accelerated population growth throughout the following decades, and by the 1900s, Osaka was the industrial hub in the Meiji and Taishō periods. Osaka made noted contributions to redevelopment, urban planning and zoning standards in the postwar period, the city developed rapidly as one of the major financial center in the Keihanshin Metropolitan Area.

Osaka is a major financial center of Japan, and it is recognized as one of the most multicultural and cosmopolitan cities in Japan. The city is home to the Osaka Exchange as well as the headquarters of multinational electronics corporation such as Panasonic and Sharp. Osaka is an international center of research and development and is represented by several major universities, notably the Osaka University, Osaka Metropolitan University and Kansai University. Famous landmarks in the city include Osaka Castle, Osaka Aquarium Kaiyukan, Dōtonbori, Tsūtenkaku in Shinsekai, Tennōji Park, Abeno Harukas, Sumiyoshi Taisha Grand Shrine, and Shitennō-ji, one of the oldest Buddhist temples in Japan.
