We look forward to your participation for Artificial Intelligence 2022 summit at Toronto, Canada

Sincerely,

Operating Committee

Artificial Intelligence 2022

Scientific Sessions

- Artificial Intelligence
- Machine learning,
- Robotics,
- Information and Communications Technology,
- Computer and Information science,
- Artificial Intelligence in Healthcare,
- Artificial Intelligence in LAW,
- Future Scope of AI

Why to join

- Meet Experts & Influencers
- Networking Opportunities
- Learning In a Global Space
- Added Research Value
- Investment in Knowledge for Future

Toronto Attractions

Toronto city is one of the world's generally cosmopolitan, various and lenient urban communities and is reliably positioned as perhaps the best city to live as far as life quality. Toronto situated on the north-western shores of Lake Ontario in the Southern Ontario area is home to more than 2.5 million inhabitants. This Canadian city is interesting blend of assorted social and ethnical outsiders from everywhere the world. The city is prestigious for its excellent of life, monetary and monetary position and as a significant socio-social focal point of North America.

Weather

The weather in Canada varies greatly, as the country is so vast and diverse. During June the weather's warming up in most regions, with pleasant temperatures in most of the major cities near the American border. You'll need to bring some extra layers for the evenings or journeys to the mountainous regions further north. Despite the occasionally cool day though, June is a great time to appreciate the natural beauty of Canada or explore the country's cultural sights.The average daytime temperature during June is around 19°C (65°F) whereas the average minimum temperature during the night is around 5°C (42°F)
