9th International Conference on

Mass Spectrometry and Chromatography

September 21-22, 2018 Hong Kong

Theme:

"Expand and Explore the Novel Enhancement in Mass Spectrometry and Chromatography"

https://lcms.massspectra.com/

Invitation...

Dear Colleagues,

Conference Series LLC Ltd. extends its welcome to **9th International Conference on -Mass Spectrometry and Chromatography** during **September 21-22, 2018 Hong Kong**. Conference Series LLC Ltd. organizes a conference series of 3000+ Global Events with over 1000+ Conferences, 1000+ Symposiums and 1000+ Workshops in USA, Europe, Middle East & Asia pacific with support from 1000 more scientific societies and publishes 700+ Open access journals which contains over 30000 eminent personalities, reputed scientists as editorial board members. Theme of the conference "**Expand and Explore the Novel Enhancement in Mass Spectrometry and Chromatography**" is designed in such a way to mainly focus on Mass Spectrometry and Chromatography, it is now being extensively used in Health and Industrial sectors. We hope LCMS 2018 is the best platform to discuss the basic principles involved in the development of Traditional Industrial technologies and Research. As this conference deals with the basics concepts, students, delegates, academicians and business people can attend the conference to root up the knowledge and excel in this field. Conference will focus on the following topics during presentations of the two-day event, which reflect current education research, developments and innovations.

- Mass Spectrometry Significances
- Recent Innovations in MS Applications
- MS Opportunities in Life Sciences
- Recent Advances in LC-MS Principles and Applications
- Recent development in Chromatography and MS Trends
- Major challenges of LC-MS in Pharmacology and Drug Discovery
- LC-MS in Forensics and Toxicology
- Development in Environmental and Food Sciences
- Opportunities and Advancements in Chromatography and MS
- Opportunities and Advancements in Chromatography and MS
- Advanced Nanotechnology Implications in LC-MS
- Applications of Secondary Ion Mass Spectrometry (SIMS) in Materials Science

Tentative Agenda

August 24, 2018

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
	Group Photo
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Session 01: Mass Spectrometry Significances| Session 02: Recent Innovations in MS Applications
13:00-13:45	Lunch Break**
13:45-16:00	Session 03: MS Opportunities in Life Sciences| Session 04: Recent Advances in LC-MS Principles and Applications
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Session 05: Recent development in Chromatography and MS Trends| Session 06: Major challenges of LC-MS in Pharmacology and Drug Discovery
	Day Concludes

August 25, 2018

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Session 7: LC-MS in Forensics and Toxicology | Session 8:Development in Environmental and Food Sciences| Session 9:
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Session 9:Opportunities and Advancements in Chromatography and MS| Session 10:Opportunities and Advancements in Chromatography and MS
13:00-13:45	Lunch Break**
13:45-16:00	Session 11:Advanced Nanotechnology Implications in LC-MS| Session 12: Applications of Secondary Ion Mass Spectrometry (SIMS) in Materials Science
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
	Day Concludes

* Exclusive Exhibitor Event | ** Networking Event

Note: Conference schedule is subject to change.

Note: Workshops and Symposia slots are available. To book slot for Workshop and Symposium send us the proposal.

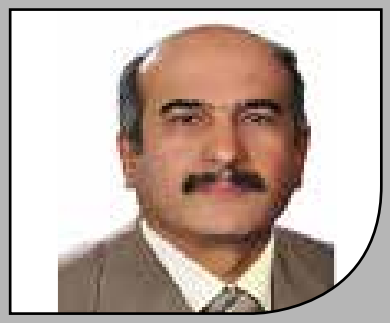

Organizing Committee Members

Elsayed Ahmed Elnashar
Kafrelsheikh University
Egypt

Purushottam Chakraborty
Saha Institute of Nuclear
Physics, India

Amer A. Taqa
Mosul University
Iraq

Ali Omar Ahmed Mahoud
Central Metallurgical R & D
Institute (CMRDI), Egypt

Mohamed Abdel-Rehim
Stockholm University
Sweden

Nagwa Thabet Abo El- Maali

Assiut University
Egypt

Tourist Attractions

Venue

Hong Kong is a Special Administrative Region of China, it is situated on the southeast coast of China. The city is one of the world's leading financial, banking and trading centers. It is made up of four parts: Hong Kong Island, Kowloon Peninsula, the New Territories and the Outlying Islands. The prosperous island is the center of economy, politics, entertainment and shopping with its southern part noted for sea shores and bays. Kowloon is another flourishing part where Tsim Sha Tsui, Yau Ma Tei and Mong Kok are the most popular destinations. The New Territories and Outlying Islands are ideal places to experience a peaceful and natural holiday. Hong Kong serves as an important transport hub between international cities and regions with major cities in Mainland China. The well-developed urban transport system can be used to most places in the city, making traveling convenient and cheap. Different cultures bring food all over the world to this city, so it is a paradise for foodies. After a busy day of traveling, it is highly recommended to appreciate the colorful nightlife. An open city with a wonderful natural harbour, it is a place where various cultures blend harmoniously. British culture can be found everywhere because of former colonial rule, while it also preserves traditional customs and the core values of Confucianism that have faded in Mainland China. It is the backdrop for modern movies and pop music that enjoy worldwide recognition.

Venue:

Harbour Plaza Resort City
18 Tin Yan Road, Tin Shui Wai
100069, New Territories, Hong Kong
