6th Asia Pacific Congress on

Chemical and Biochemical Engineering

September 17-18, 2018

Hong Kong

Theme:
Evolution of Chemical Engineering: Back to the Future

www.chemicalengineeringconference.com/

Invitation

Conference Series llc LTD. welcomes you to attend the 6th Asia Pacific Congress on Chemical and Biochemical Engineering, which is going to be held in Hong Kong during September 17-18, 2018.

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Chemical and Biochemical Engineering.

Chemical Engineering 2018 anticipates more than 200 participants around the globe with thought provoking Keynote lectures, Oral Presentations and Poster Presentations. The attending delegates include Editorial Board Members of related International Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is "Evolution of Chemical Engineering: Back to the Future".

Regards,
Chemical Engineering 2018
Operating Committee

Tentative Agenda

September 17, 2018 Monday

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
	Group Photo
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Track 01: Chemical Technologist | Track 02: Chemical Reaction Engineering | Track 03: Biochemical Engineering
13:00-13:45	Lunch Break**
13:45-16:00	Track 04: Reservoir Engineering| Track 05: Heat Transfer Research
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Track 06: New approach in Mass transfer| Track 07: Rational thermodynamics
	Day Concludes

September 18, 2017 Tuesday

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Track 08: Modeling and Simulation | Track 09: Chemical Reactor
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Track 10: Petroleum Refining and Petrochemicals| Track 11: Nanotechnology
13:00-13:45	Lunch Break**
13:45-16:00	Track 12: Industrial Separation Processes| Track 13: Water Technology and Innovation| Track 14: Unit Operations of Chemical Engineering | Track 15: Recent Advances in Petrochemistry | Track 16: Development of Safety Methods | Track 17: Advance Chemical Engineering | Track 16: Scope for Chemical Engineers
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations

Awards & Closing Ceremony

Conferece Concludes

About Conference

The field of Chemical and Biochemical Engineering is growing rapidly and its development is making tremendous impacts in nursing. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

Chemical Engineering 2018

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following Conference Series llc LTD. Journals
    - Journal of Chemical Engineering & Process Technology
    - Journal of Advanced Chemical Engineering
    - Journal of Chromatography & Separation Techniques
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging Ideas
- Share your excitement in promoting your skills in the field of designing
- Conference brings together Scientific Researchers, Business Entrepreneurs and Industry Developers

About Us

International Journals

- 900 Open Access Journals
- 21 Day rapid review process
- 30000 Editorial team, 35000 Reviewers team
- 3.5 Million readers and high visibility
- More than 100000 facebook fans
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

Conference Series llc LTD.

Conferences

- 1000 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

About Hong Kong

As a Special Administrative Region of China, Hong Kong is situated on the southeast coast of China. The city is one of the world's leading financial, banking and trading centres. It is made up of four parts: Hong Kong Island, Kowloon Peninsula, the New Territories and the Outlying Islands. The prosperous island is the centre of economy, politics, entertainment and shopping with its southern part noted for sea shores and ba?ys. Kowloon is another flourishing part where Tsim Sha Tsui, Yau Ma Tei and Mong Kok are the most popular destinations. The New Territories and Outlying Islands are ideal places to experience a peaceful and natural holiday.

Hong Kong serves as an important transport hub between international cities and regions with major cities in Mainland China. The well-developed urban transport system can be used to most places in the city, making traveling convenient and cheap. Different cultures bring food all over the world to this city, so it is a paradise for foodies. After a busy day of traveling, it is highly recommended to appreciate the colourful nightlife. An open city with a wonderful natural harbour, it is a place where various cultures blend harmoniously. British culture can be found everywhere as a result of former colonial rule, while it also preserves traditional customs and the core values of Confucianism that have faded in Mainland China. It is the backdrop for modern movies and pop music that enjoy worldwide recognition.
