Dear Attendees,

We are glad to announce the **7th Asia Pacific Congress on Chemical and Biochemical Engineering** to be held in **Auckland, New Zealand** on **August 12-13, 2019** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. **Asia Chemical Engineering 2019** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Chemical Engineering divisions. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. 7th Asia Pacific Congress on Chemical and Biochemical Engineering August 12-13, 2019 at Auckland, New Zealand. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

Asia Chemical Engineering 2019

About Us

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes facebook
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues: All accepted abstracts will be published in respective Conference Series llc LTD Journals

Each abstract will be provided with digital Object Identifier by Crossref

About Conferences

Asia Chemical Engineering 2019 Conference website is attracting 25000+ Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Industrial Giants, Physics Societies and the people Associated, Nobel laureates in Professionals, Chemical Engineering Professionals, biochemical device companies, Lung Laboratories and Technicians, Research Institutes and members, Supply Chain companies, Manufacturing Companies, Training Institutes, Business Entrepreneurs. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Asia Chemical Engineering 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Chemical and Biochemical Engineering, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

B2B Meetings

About Conferences

Objectives

After participating in this meeting, attendees should be able to
Discuss emerging issues in Chemical Engineering
Discuss and apply recent research findings related to Chemical Engineering
Reflect on the place of critical distance in Chemical Engineering

Who should attend?

Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Industrial Giants, Physics Societies and the people Associated, Professionals giving a chief specialized gathering to detailing and finding out about the most recent new era advancements created over the span of time alongside examining their applications, Supply Chain companies, Manufacturing Companies, Training Institutes, Business Entrepreneurs.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

Conference Highlights

- Recent development in Catalysis
- Advanced Surface Chemistry
- Trends in Biochemical Engineering
- Reservoir Engineering
- New approaches to mass transfer
- Development in Food Technology
- Major challenges of Industrial Separation Techniques
- Recent Advances in Chemical Technology
- Major challenges of Chemical Reaction Engineering
- Agrochemicals
- Heat Transfer Research Opportunities
- Modern Trends in Thermodynamics
- Modeling and Simulation
- Water Science and Technology Advancement
- Recent Development in Hydrogen Production

Young Researchers can also participate in this elite congress

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers.

Eligibility

- Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event.
- None of the authors should have senior position or faculty position.
- Participants should be below the age of 33 years.
- Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers.

Submission

- Each individual participant is allowed to submit only one paper (as first author or co-author).
- All submissions must be in English.
- The chosen topic must fit into sessions of the congress.
- Showcase your research through oral/poster presentations

About Auckland

Auckland is a city in New Zealand's North Island. With a civic populace of 1,495,000, Auckland is the most populous metropolitan area in the country. A diverse and multicultural city, Auckland is home to the largest Polynesian population in the world. The excellence of productive terra at a hub of creeks in all orientations.

Auckland has an oceanic to the humid subtropical climate with warm humid summers and mild damp winters. It is the warmest main center of New Zealand and is also one of the sunniest, with an average of 2,003 Sunshine hours per annum. The average daily maximum temperature is 23.7 °C (74.7 °F) in February and 14.7 °C (58.5 °F) in July. The absolute maximum recorded temperature is 34.4 °C (93.9 °F), while the absolute minimum is −3.9 °C (25.0 °F). High levels of rainfall occur almost year-round with an average of 1,115.5 mm (43.92 in) per year. The nape on which Auckland resides was first resided around 1350 and was appraised for its rich and productive terra. Today, Auckland's Central Business District is the major financial center of New Zealand.

New Zealand cuisine is largely driven by local ingredients and seasonal variations. An island nation with a primarily agricultural economy, New Zealand yields products from land and sea. Comparable to the nouvelle cuisine of Australia, the cuisine of New Zealand is an assorted British-based cuisine, with Mediterranean and Pacific Rim influences as the country becomes more cosmopolitan. Historical influences came from Māori culture. In New Zealand households, dinner is the essential nosh-up of the day, when kinsfolk, assemble and share their gloaming jointly. Restaurants and takeaways provide an increasing proportion of the diet.
