# Invitation

Dear Attendees,

We are glad to announce the "Asian Applied Microbiology" to be held in Tokyo, Japan on March 20-21, 2023 organized in collaboration with generous support and cooperationfrom enthusiastic academicians and Editorial Board Members.

Applied Microbiology 2023 aims at sharing new ideas and technologies amongst the professionals, industrialists and students from the field of Microbiology As the premier event, we have developed a program with your interests in mind.

We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

Asian Applied Microbiology 2023

Organizing Committee

# ABOUT US

## Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access .
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

## Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

## Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

## Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

# ABOUT CONFERENCE

Applied Microbiology takes immense pleasure to welcome you to join " 4th International Conference on Asian Applied Microbiology ", which is organized at Tokyo, Japan on March 20-21, 2023. The main of the main aim of the conference is to unite a one of a gentle and worldwide assortment of vast and moderate therapeutic, biotech and driving colleges and clinical research formations and demonstrative organizations.

Applied Microbes 2023 melds brief Essential presentations, Speaker talks, Exhibition, Meetings and Workshops. It will upturn the most vibrant and latest issues in the field of Applied microbes and Beneficial microbiology. The best part of the conference include Biotechnology, enzyme technology, pharmaceutical microbiology, agricultural microbiology, bioremediation, petroleum microbiology, microbial biofilms, and culinary microbiology are just a few of the many fields in which it has applications.

## Asian Applied Microbiology 2023 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

## How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

## Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Applied Microbiology and Beneficial Microbes, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

# ABOUT CONFERENCE

## Who should attend?

Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Industrial Giants, health care professionals and the people Associated, Nobel laureates in Microbiology researchers, industrialists, doctors, young scientists as well as corporate delegates.

## Scientific Sessions

- Medical microbiology
- Pharmaceutical microbiology
- Industrial microbiology
- Food microbiology and Dairy microbiology
- Agricultural microbiology
- Veterinary microbiology
- Environmental microbiology
- Water microbiology
- Food Microbiology
- Aeromicrobiology
- Biotechnology
- Microbial Biotechnology
- Clinical Microbiology

## About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

## Abstract Submission Deadlines:

- The deadline for the first round of abstract submissions is **31st October 2022**
- The deadline for the second round of abstract submissions is **December 26th 2022**
- Final round of abstract submissions is **27th February 2023**

**Abstract submission link**: https://appliedmicrobes.conferenceseries.com/abstract-submission.php
**Registration link:** https://appliedmicrobes.conferenceseries.com/registration.php

## Conference Supporting Journals:

**All accepted abstracts will be published in respective Our International Journals.**

- **Journal of Antimicrobial Agents**
- **Journal of Microbiology and Pathology Journal of Microbial Pathogenesis**

# VENUE

Tokyo, the world's largest city, is recognised for its top-rated restaurants, the Shibuya Crossing, the Imperial Palace, cherry blossoms, marketplaces, and other attractions. Harajuku and Akihabara are two retail areas in Tokyo. Vending machines, kitty cafés, museums, and spiritual locations are all popular in Tokyo.

Tokyo tourists have an almost limitless selection of shopping, entertainment, cultural, and food options. The city's history can be found in neighbourhoods like Asakusa, as well as other superb museums, old temples, and parks. Contrary to popular belief, Tokyo has a lot of lovely green spots both in the city centre and on the outskirts, all of which are accessible by rail.

Museums, festivals, globally renowned cuisine, and professional sports teams, including baseball, football, and traditional Japanese pastimes like sumo wrestling, are among the many things to do and top attractions on Tokyo's cultural side. It's also a musical and theatrical mecca, with a plethora of venues hosting everything from Japanese to contemporary plays, symphony orchestras, and pop and rock events.
