Invitation

Conference Series welcomes you to attend the 12th Asian Biologics and Biosimilars Congress, which is going to be held in Tokyo, Japan during August 20-21, 2018.

We cordially invite all the participants who are interested in sharing their knowledge and research in the field of Biologics and Biosimilars.

Asian Biosimilars 2018 anticipates more than 200 participants around the globe with thought provoking Keynote lectures, Oral Presentations and Poster Presentations. The attending delegates include Editorial Board Members of related International Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is "Biologics & Biosimilars: Power of the Past - Force of the Future".

Regards,
Asian Biosimilars 2018

About Conference

The field of Biologics and Biosimilars is growing rapidly and its development is making tremendous impacts in pharmaceutical market. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

Asian Biosimilars 2018

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following Conference Series Journals
    - Journal of Bioanalysis & Biomedicine
    - Journal of Bioequivalence & Bioavailability
    - Journal of Pharmaceutical Sciences & Emerging Drugs
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging Ideas
- Share your excitement in promoting your skills in the field of designing
- Conference brings together Scientific Researchers, Business Entrepreneurs and Industry Developers

Events In Japan

Hanawa Bayashi **19-20 August** **Kazuno City, Akita Prefecture** Held in Hanawa, the old merchant's quarter of what is now Kazuno city. A parade of beautifully carved wooden floats carrying musicians who play Hanawa-bayashi, a kind of folk music dating back to Heian times.	
Earth Celebration **Mid-late August** **Sado Island** The Earth Celebration, organized by the world-famous Kodo Drummers on Sado Island, is one of Japan's best music festivals, featuring percussion groups from around the world, as well as workshops, global food and alternative performances.	
Sento Kuyo **23-24 August** **Nenbutsu-ji Temple, Adashino, Kyoto** A memorial service for graves that no longer have families to look after them. Candles and lanterns are lit for each of the temples 8,000 stone stupas and Buddha Statues at Nenbutsuji in western Kyoto. 2,000 people admitted each day, reservations required.	
Toi Misaki Fire Festival **23-24 August** **Cape Toi, Miyazaki Prefecture** According to legend, a serpent that once terrorised this town was killed by a monk who threw a torch into its mouth. Nowadays, a 30m pillar is erected to symbolise the snake and flaming torches are thrown at it creating a spectacular show of fire and sparks. Access: JR Kushima Station

About Tokyo

Tokyo is Japan's capital and the largest metropolitan area in the world. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. Prior to 1868, Tokyo was known as Edo. A small castle town in the 16th century, Edo became Japan's political center in 1603 when Tokugawa Ieyasu established his feudal government there. A few decades later, Edo had grown into one of the world's most populous cities. With the Meiji Restoration of 1868, the emperor and capital moved from Kyoto to Edo, which was renamed Tokyo ("Eastern Capital").

World's highest Skywalk- the Tokyo Sky tree is the tallest free-standing tower in the world, measuring 634m. The observation deck at 450m is the world's highest skywalk and offers panoramic views of the city.

Tokyo is a fascinating city, where the latest trends and the oldest traditions meet. From ancient cherry-blossomfestivals to the vibrant Harajuku neighbourhood, Tokyo offers a seemingly unlimited choice of shopping, entertainment, culture and dining to its visitors.

The city's history can be appreciated in districts such as Asakusa, and in many excellent museums, historic temples and gardens. Contrary to common perception, Tokyo also offers a number of attractive green spaces in the city centre and within relatively short train rides at its outskirts.
