About Conference

After the productive venture of series of hematology conferences around the globe Conference Series LLC Ltd is overwhelmed to welcome all the participants to CME Accredited "World Summit on Hematology and Cell Therapy" will held on September 20-18, 2020 at Osaka, Japan. The CME Accredited conference is going to be organized round the theme "A challenging exploration on Hematology and Cell Therapy" which incorporates prompt keynote presentations, Oral talks, Poster displays and Exhibitions. CME Accredited 2020 is twelfth successive conference of Hematology Conference series that is a global platform to discuss and learn about Hematology, Blood Disorders, Hematologic Oncology, Hematologic Disorders, Immunohematology and Blood Disorders: Diagnosis & Treatment, Clinical and Experimental Hematology, Hematopathology, Pediatric Hematology, Veterinary Hematology, Hematology Nursing, Stem Cell Research and much more..

About Us

International Journals

- 900 Open Access Journals
- 18 Day rapid review process
- 30000 Editorial team, 35000 Reviewers team
- 3.5 Million readers and high visibility
- More than 100000 facebook fans
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

Conference Series Conferences

- 1000 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

About Osaka

Japan's second-biggest city, Osaka is located in the Kansai region of Honshu island, and is the capital city of the vast Osaka Prefecture. The city is sited next to the Yodo River and alongside Osaka Bay, being divided into two main areas, the northern Kita region, and to the south, the Minami area, separated by the Tosabori-gawa and the Dojimagawa rivers. Osaka's Minami district is particularly tourist friendly and boasts plenty of entertainment, busy shopping arcades and many top nightclubs, which are centered around both Shinsaibashi and Namba. South of Minami lies another collection of sights to explore, being centered around the prominent Tenno-ji Station and incorporating the neighborhoods of both Den-Den Town and Shin-Sekai. It has quite a lengthy history and is teaming with spots of historical interest. To name just a few of the most important ones; Shiten-no-ji Temple, Central Public Hall, The Tempozan Ferris Wheel and Osaka Castle. The highlights of Osaka include Bunraku (traditional puppet show) and grand kabuki performances and a traditional Japanese artistic community. Osaka is also known its almost overwhelming dominance in producing comedians (manzai, a more contemporary form of stand-up comedy). On top of this, Osaka is known for its food as well, as is evidenced by the expression "Eat 'til you drop in Osaka". Good restaurants which offer good food at budget prices are abundant in Osaka. As Osaka is located in between Kyoto and KIX (Kansai International Airport), it is conveniently located as a side trip to a Kyoto visit. Another must see is Kobe which is within just 30 minutes of Osaka by train.

Major Sessions

- *Hematology*
- *Blood Disorders*
- *Blood transfusion*
- *Immunohematology*
- *Paediatric Hematology*
- *Veterinary Hematology*
- *Stem cell research*
