Invitation

Dear Attendees,

We are glad to announce the 4th International Conference and Expo on Automobile Engineering and Design to be held in **Tokyo, Japan** on May 11-12, 2018 organized by Conference Series LLC, USA in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

This conference is a unique international platform that's a confluence of all stake holders of the ecosystem – Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss current topics in Mechanical Engineering, Automotive Engineering, Tire Technology, Material Science, Automobiles, Fluids Mechanics, Thermodynamics, Engine Technology, Alternate Energy, Automation Technology, Vehicle Design Technology and will be
available to discuss with you the latest issues and trends with a vision of "Exploring The Uncharted Territories in the World of Automobile".

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Automobile Conference
to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Tokyo in the upcoming season of Cherry Blossom.

Sincerely,
Automobile Engineering 2018
Organizing Committee

About Us

Our International Open Access Journals

- **700+ Leading**-edge Peer Reviewed Open Access Journals
- **21 Day** Rapid Review Process
- **50000+** Editorial Board Team, **35000+** Reviewers team
- **30 Million Readers** and High Visibility
- **1000+ Scientific Associations** Collaborations
- **100000+** Likes
- **Publication** immediately after acceptance
- **Quality and Quick** editorial, review processing

Salient Features

- **Easy to Submit** and Review Systems
- **High Quality** and Fast Publishing Guaranteed
- **Unbiased, quality-oriented,** and transparent reviews
- **Truly impartial recognition** of the best papers
- **Feedback** on the impact of every article
- **Enhanced feature:** Audio version of published paper
- **Digital articles** to share and explore
- **Sharing option:** Social networking enabled
- Authors, reviewers and editors are provided with **scientific credits**
- User friendly website articles **translations** across more than **50 languages**

Our International Scientific Conferences

- More than **3000 Conferences** happening across the globe
- Conferences organized in **Medical, Pharma, Engineering, Science, Technology and Business.**
- **CME/CPD Accredited** Conferences fostering professional and Personal development
- **Continuum of education** through organized scientific program
- **Renowned speakers** and scientists representing from **40 countries**
- **Highly Interactive sessions** and Panel Discussions
- **B2B Meetings** offers perfect platform for Global Networking

Salient Features

- **Robust on-line publicity** for all the speakers and organizing committee members
- **Career Guidance** Workshops for students and early career researchers
- **Accepted Abstracts** will be published in various **indexed journals**
- **Accepted abstracts** will be labeled with a **Digital Object Identification Number** provided by **Cross Ref**
- **Creation** of speakers and abstracts pages in Google
- **Opportunity** to publish full Manu Scripts in our Open Access Journals

About Conference

Automobile Engineering 2018 Conference website is attracting **25000+** Automotive Engineers, Mechanical Engineers online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

How Conference Series Conferences differs from others?

- **3000+** Conferences across the globe in **30+** countries all through the year
- Over **25 Million+** Visitors and **20000+** Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Automobile Engineering 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Get your products and research work exposed to a wide number of visitors around the world
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations
- world class expo
- Meet with new vendors and suppliers

About Conference

Purpose

4th International Conference and Expo on Automobile Engineering and Design is an arena for interdisciplinary exchange among professionals in the related fields of Automotive Industry and Automobile Research.

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference are to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Automotive Engineering, Mechanical Engineering present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Automobiles around the world and overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Automotive Engineering, Mechanical Engineering
- Discuss and apply recent research findings related to Automotive Engineering, Mechanical Engineering
- Reflect on the place of critical distance in Automotive Engineering, Mechanical Engineering

About Conference

Who should attend

4th International Conference and Expo on Automobile Engineering and Design unites applications from various scientific disciplines, pushing the frontiers of Mechanical, Aerospace, Aerodynamics and Aeronautics. Mechanical Conference represents the huge area where the focus lies on developing product-related technologies with rapid advancement in research in recent years. It is true that fundamental work on materials has turned up with unexpected momentous discoveries, but more frequently, Mechanical Engineering Conferences, importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

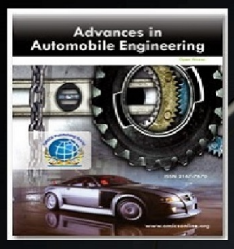

Major sessions

- Automobile Designing
- Automotive Engine
- Automotive Drivetrain
- Autotronics
- Braking System
- All-Electric and Hybrid Propulsion System
- Vehicle Safety System
- Unconventional Energy Sources
- Pollution Control
- Noise, Vibration and Harshness Control
- Automobile Manufacturing and Material Science
- Commercial Vehicle Technology
- Global Automobile Market
- Advances in Automobile Engineering

About Tokyo

Tokyo is Japan's capital and the world's largest metropolitan economy. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. It has two international airports: Narita Airport and Haneda Airport. Tokyo is covered by a dense network of train, subway and bus lines, which are operated by about a dozen different companies. The train lines operated by JR East and the subway lines are most convenient for moving around Tokyo. Early May is golden week and Tokyo weather couldn't be finer. Japan has a broad inventory to plan a trip in the festive season of cherry blossom. As spring arrives, the country gets colorful with spring flowers and green. late blooming cherry blossoms, Pink Moss fields on the base of Mt. Fuji, Hitachi Seaside Park, Wisteria, Tateyama Kurobe Alpine Route, Blue Pond and many more to visit in the month of May. Along with places to visit there are must have dishes to eat too. Sushi, yakitori (grilled chicken skewers), ramen noodles, okonomiyaki (Japanese savory pancakes), soba noodles etc. are some of the dishes which are served in local restaurants in Tokyo.
