Program

Day 1: September 13, 2017

Opening Ceremony

Conference Souvenir Launch
New Perspective frontiers in the area of Bacteriology and Parasitology Meeting
Keynote Forum (& Exhibitions Full day)
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
Group Photo

Speaker Forum

Sessions Chair's Introduction
Sessions 1: Infectious Diseases
Sessions 2: Bacterial Diseases
Sessions 3: Bacterial Identification
Sessions 4: Bacterial Pathogenesis
Sessions 5: Bacterial Clinical Studies
Sessions 6: Parasitology
Sessions 7: Parasitic Infection
Panel discussions and Reviews

Lunch Break

Young Research Forum
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
B2B Meetings
Certificates Felicitation by the organizing Committee

Day 2: September 14, 2017

Introduction

Keynote Forum (& Exhibitions Full day)
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments

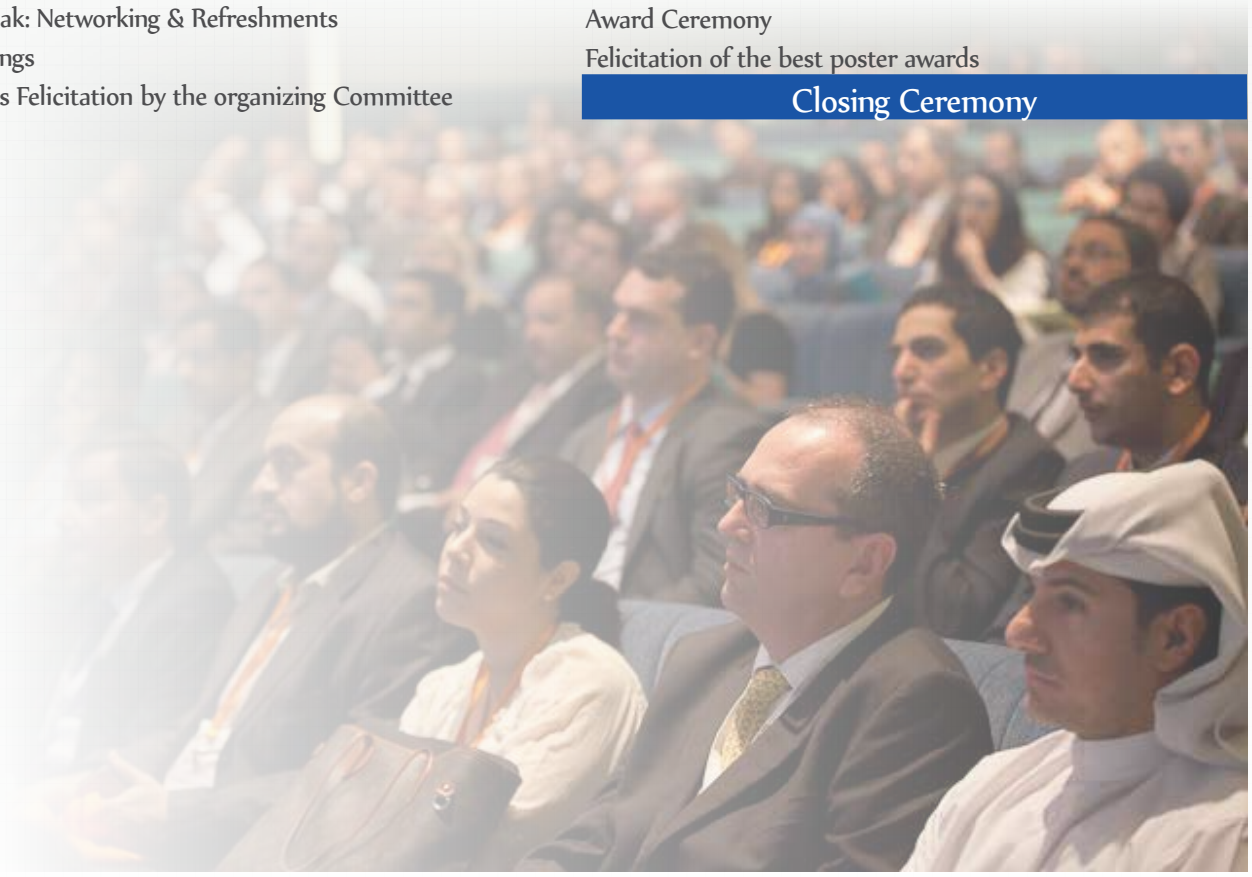

Speaker Forum

Sessions Chair's Introduction
Sessions 1: Parasitic Worms
Sessions 2: Salmonella
Sessions 3: Microbial Genomics
Sessions 4: Helicobacter pylori
Sessions 5: Treatment for Infectious Diseases
Sessions 6: Vaccines and Vaccination
Sessions 7: Market Analysis
Sessions 8: Zoonotic Bacterial Diseases
Panel discussions and Reviews
Young Research Forum
(Panel discussions and Reviews)

Lunch break

Speaker Sessions (Cont...)
Poster Sessions Evaluation by the Committee
Refreshments
Award Ceremony
Felicitation of the best poster awards

Closing Ceremony

Why to Attend???

Bacteriology Asia Pacific 2017 highlights the theme "Research and Evaluation on Bacteriology" Which focus on the latest advancements in prevention and treatment cure of Bacterial and parasitic Infectious diseases.

Bacteriology Asia Pacific 2017 provides two days robust discussions on methods and strategies related to diagnosis, prevention and management of Infectious diseases as well as explore new ideas and concepts on a global scale. This two day event provides a perfect platform for leading scientists, researchers, scholars, practitioners, health care experts, treatment providers, equipment and diagnostic tools manufacturers/ vendors, to gain knowledge about the latest advancements in clinical research and health diagnostics within the respective field and also encourages new innovations, research ideas around the globe.

Abstract Information: Oral / Poster Presentation Guidelines

Oral Presentations are generally split into TWO categories, as follows:

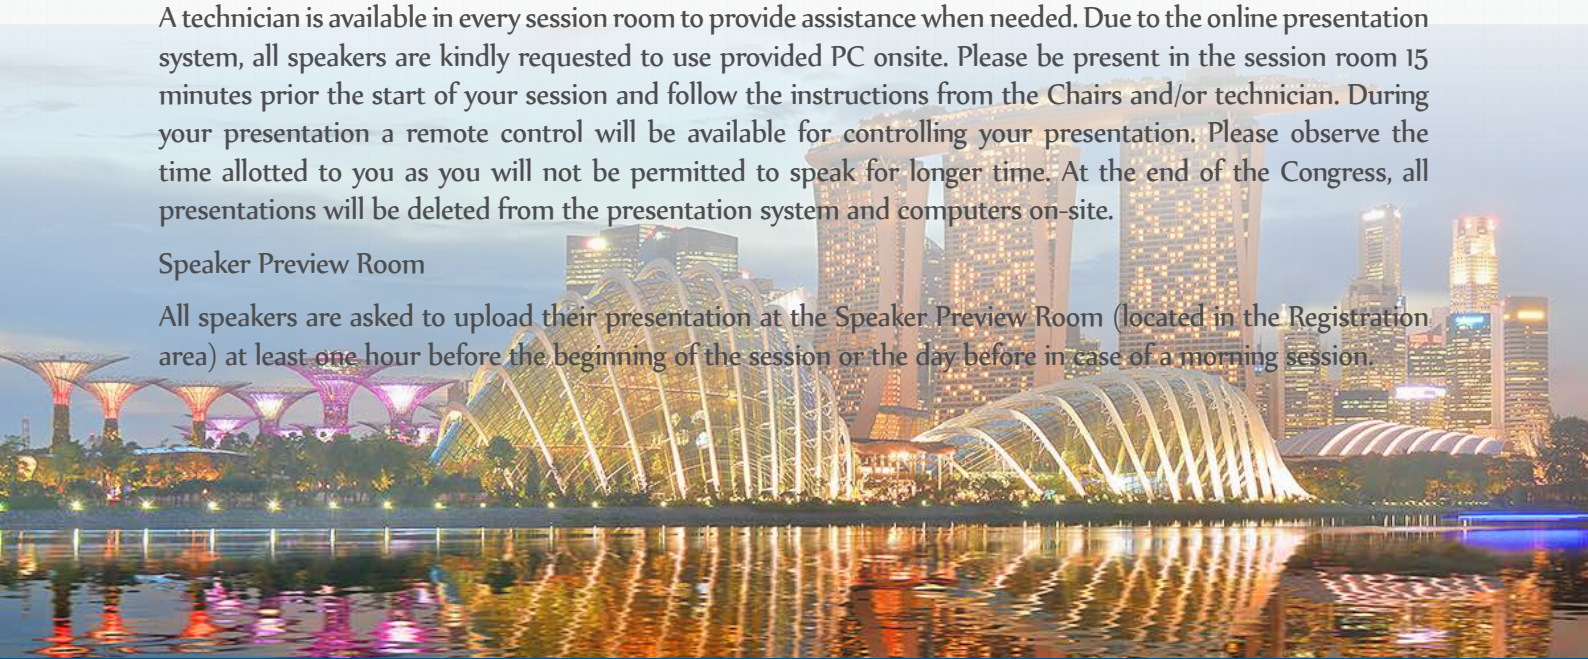

1. Plenary Lectures
   - Each Plenary lecture is 25 minutes in length and comprises one presentation. We recommend you plan to present for approximately 20 minutes with 5 minutes for questions/discussion.
   - Where Plenary Lectures are presented as debates, each of two speakers should plan to present for 20 minutes, allowing five minutes for closing questions and conclusions. We recommend that invited speakers communicate in advance of the Moderator so that presentations may be coordinated.
2. Oral Sessions
   - Each Oral Session is 60 minutes in length and comprises two presentations, of 30 minutes each. We recommend that you plan to present for approximately 15 minutes, allowing time for questions/ discussion at the end of the presentation.

Please prepare you presentation in 16:9 format (screen are in format 16:9). We recommend you to save your PowerPoint presentation using PPT(X) format instead of PPS.

A technician is available in every session room to provide assistance when needed. Due to the online presentation system, all speakers are kindly requested to use provided PC onsite. Please be present in the session room 15 minutes prior the start of your session and follow the instructions from the Chairs and/or technician. During your presentation a remote control will be available for controlling your presentation. Please observe the time allotted to you as you will not be permitted to speak for longer time. At the end of the Congress, all presentations will be deleted from the presentation system and computers on-site.

Speaker Preview Room

All speakers are asked to upload their presentation at the Speaker Preview Room (located in the Registration area) at least one hour before the beginning of the session or the day before in case of a morning session.

Speaker Guidelines

1 Language

- Presentations as well as all audio visual material should be presented in English (slides, DVDs).

2 General instructions

- All presentations are held in Microsoft PowerPoint on a PC running Windows.
- If you are using other than Microsoft Power point on a PC running Windows (example : Open Office, Power point for Mac, Keynote), please make sure your presentation is converted to Microsoft Power point for Windows PCs before you travel to the Congress (preferably by trying the converted presentation on a Windows PC).
- Presentations in Acrobat PDF format or Word format are not accepted.
- Speakers are kindly requested to respect the allotted time to guarantee a smooth running of the sessions.
- Computer projection will be available. Neither slide (35mm) projections nor personal laptops (MAC and PC) will be used in the congress rooms. A single computerized system will manage all projections and will send the presentations to the assigned Congress rooms automatically. This method guarantees an easier management, a higher quality of projection and a quicker and smoother running of the presentations. The use of personal laptops (MAC and PC) for presentations will not be allowed.
- In the Speakers Preview Room, a technician will be present to help the speaker to transfer his or her presentation into the central congress network. When the transfer is complete, the technician performs a quick run of the presentation with the speaker to check whether the presentation runs correctly and all parts of the presentation are copied. Desktop computers will be available at the speaker's secretariat for last minute changes and review of presentation.
- No more changes can be made inside the session rooms where the session takes place
- In each presentation room, a technical assistant starts each presentation at the right time using the computer connected to the central congress network. When the presentation is launched, the speaker has control and can navigate with a remote device.

3 Technical instructions

- During the congress, presentations will run on PowerPoint 2010 with a resolution of 1024 x 768 pixels.
- Your presentation should be prepared in PowerPoint 2003, 2007 or 2010.
- Preferred page setup is landscape orientation with high-contrast lettering and readable fonts (minimum font size = 24)
- Use high-contrast colours: light text on dark background or vice versa
- A maximum of 7 lines / slide and 5 words / line will improve the communication value of your slide.
- PowerPoint presentations on USB memory stick (preferred medium) disk or CD Rom must be delivered at the Speaker Preview Room at least two hours before the beginning of the session.

4 Suggestions to improve a PowerPoint presentation

- In general: the smaller your PowerPoint presentation (in size) the easier to handle it.
- Any movie/image file must be in the same folder of the Power Point presentation and must be copied in the folder before including in the presentation. (1) Alternatively use "Pack and go" or "Package to CD/DVD/USB" in PowerPoint. For ease of possible assistance, if there is a problem with your movies (not playing on standard ma-

chines because codecs under which the movie was recorded are unknown and uninstalled on standard machines) we recommend not to use the new feature in PowerPoint 2010 to EMBED the movies inside your presentation. We advise to LINK to the movie file.

- We suggest putting maximum one movie per slide.
- The following media are recommended to facilitate the presentation download at the Slide Centre: USB memory sticks (preferred medium), CD-ROMs and DVD. It is also possible to download the presentation from a personal laptop at the Slide Centre, provided that the speaker stops at the Slide Centre at least two hours before the beginning of the session.
- Only single projection is available in the congress rooms, as the Organizer does not foresee the double projection.
- Transitions
- Please do not use timer controlled transitions. Timer controlled transitions are transitions that will switch to the next slide after x seconds or minutes. This will interfere with our cue light system and confuse you during your talk.
- Pictures
- Do NOT save the picture as BMP or TIFF (size is too big).
- Images with .gif and .jpg extensions are recommended to obtain a light presentation (other kinds of extensions -recognizable by Power Point -will be accepted all the same).
- Save the pictures used in your presentation on your CD, DVD or USB-stick (In case of problems we can re-insert the original).
- Video
- Movies must not exceed 50 MB each (50 mb is not necessary the limit, we can handle larger movies without any problems but the video may not show up smoothly). Always bring your movies in DVD or other support, and inform the technicians at the Slide Centre the day before the presentation.
- MPG (MPEG), WMV or AVI are the only acceptable video formats.

Poster Guidelines

The poster exhibition will be an integral part of Bacteriology Asia Pacific 2017.

The poster exhibition will be located on the exhibition area of the congress centre. The area will be clearly signposted from the registration area.

Technical Instructions:

- Posters must be prepared in Portrait style.
- Please DO NOT prepare a landscape poster
- The dimensions should be 100 cm high by 70 cm wide
- Posters should be attached to the boards with stickers, which you will be supplied to the organizers.
- Poster session schedule Posters will be displayed and presented in session.

Please plan to be at your poster and available to answer questions from delegates at the time of your assigned poster session. Posters will be displayed according to the POSTER numbers given by the organizers and will be grouped by sub topic.

For further information please contact: Bacteriology@infectiousconferences.com, bacteriology@infectiousconferences.org

Registration Information

How To Register

Website: www.bacteriology.conferenceseries.com/asiapacific/registration.php

Registration Fees

- Early registration fee: $699
- Regular registration fee: $799
- Late registration fee: $899
- Student Registration: 100$
- Young Researchers Forum Fee: 399$

Visa Information

Keeping in view of increased security measures, we would like to request all the participants to apply for Visa as soon as possible.

Conference Series/Conferenceseries Ltd will not directly contact embassies and consulates on behalf of visa applicants. All delegates or invitees should apply for Business Visa only.

Important note for failed visa applications: Visa issues cannot come under the consideration of cancellation policy of Conference Series /Conferenceseries Ltd, including the inability to obtain a visa.

Cancellation Policy

Cancellations must be received in writing 60 days prior to the meeting and are subject to a $100 processing fee. Refunds will not be granted after April 03, 2017, nor will they be given for no-shows. Please email cancellations to bacteriology@infectiousconferences.com, bacteriology@infectiousconferences.org

Accommodations

Holiday Inn Singapore Atrium
317 Outram Road, Singapore 169075

To make reservations and ensure that you will have a hotel room at the same location as the conference, please choose your package and register at www.bacteriology.conferenceseries.com/asiapacific/registration.php

Stay Connected Before, Singapore and After the Event!

About the Conference

After the splendid success of the "4th International Congress on Bacteriology and Infectious Diseases" held at San Antonio, Texas, USA during May 16-18, 2016 we proudly announce the "6th Annual Bacteriology and Parasitology Meeting" which will be held during September 13-14, 2017 at Singapore.

Bacteriology Asia Pacific 2017 is providing a global platform for research that affords new insights into Microbiology, Molecular bacteriology, Clinical diagnostic bacteriology, Bacterial infections, Industrial bacteriology, Immunology and Infectious Diseases. This year's annual congress highlights the theme, "Research and Evaluation on Bacteriology" which reflects the innovative progress in Bacteriology research. The two days conference includes symposiums, special keynote sessions conducted by eminent and renowned speakers who excel in the field of Infectious Diseases which include the topics related to laboratory diagnosis of human and animal infections and the role of the laboratory in both the management of infectious diseases and the elucidation of the epidemiology of infections, the latest developments in Bacteriology and Infectious Diseases. This "6th Annual Bacteriology and Parasitology Meeting" also encourages the active participation of young student researchers as we are hosting Poster Award Competition and Young research Forum at the conference venue.

Why to attend?

Bacteriology and Parasitology Meeting research provides a profitable business opportunity to several pharmaceutical and biotech companies as these technologies have wide application areas such as drug discovery and research followed by various disorders. With the arrival of advanced technological platforms, it creates a need for effective bioinformatics tools and services in order to manage and analyse huge amount of data released from these technologies. With this view, the scientific sessions for the conference have been designed which paves a way to gather visionaries through the research talks and presentations and put forward many thought provoking information and therapeutic techniques related to Bacteriology and Parasitology Meeting. Thus, it's a great opportunity to concrete your ideas and meet the experts from across the world.

Bacteriology and Parasitology Meeting-2017 mainly focusses on the universities, institutes, research centres and major societies along with companies which hold a big market in Infectious Diseases research technologies. Target audience invloves students, faculties, researchers, scientists, dean, directors and CEO's of the companies.

We welcome all interested participants to join us for our conference on Bacteriology and Parasitology Meeting at the exquisite destination of Bangkok.

Our Conference will provide a perfect platform addressing:

- Laudable talks by the top-notch of the global scientific community
- Sterling workshop sessions
- Remarkable Awards and Global Recognition to meritorious Researchers
- Global Networking with 50+ Countries
- Novel Techniques to Benefit Your Research
- Global Business and Networking Opportunities
- Exquisite Platform for showcasing your products and International Sponsorship

About Singapore:

Singapore is an economic big. it has been Southeast Asia's newest city for over a century. The city blends Malay, Chinese, Arab, Indian and English cultures and religions. Its distinctive ethnic tapestry affords guests a good array of looking and culinary opportunities from that to settle on. A full calendar of ancient festivals and holidays celebrated throughout the year adds to its cultural appeal. Additionally, Singapore offers luxury hotels, delectable cuisine and nice shopping! The island nation of the Republic of Singapore lies one degree north of the Equator in Southern Asia. The country includes the island of Singapore and fifty eight approximately smaller islands. due to its efficient and determined government, Singapore has become a flourishing country that excels in trade and tourism and is a model to developing nations. The capital city, additionally called Singapore, covers about a third of the area of the main island.

Located at the tip of the Malay Peninsula, Singapore's tropical climate welcomes each leisure and business travelers year spherical. The island republic's excellent infrastructure allows guests to enjoy its several sites and attractions during a safe, clean and inexperienced setting. Award winning Changi airfield provides air links to major cities round the world. The train and subway systems area unit clean, quick and economical. Additionally, its state-of-the-art cruise terminal has established Singapore joined of the premier cruising centers of South East Asia and an exciting port of appeal any Asian cruise itinerary. Singapore's progress over the past 3 decades has been exceptional, however the island has not been overwhelmed by development. Guests will discover a wealth of historical treasures from the past, within the great thing about older buildings, values and traditions that have survived within the face of profound social and geographical modification.
