6TH INTERNATIONAL CONFERENCE ON

BATTERY AND FUEL CELL TECHNOLOGY

JUNE 20-21, 2024 IN PARIS, FRANCE

Invitation to Battery Tech 2024

We look forward to see researchers from all around the 6TH INTERNATIONAL CONFERENCE ON BATTERY AND FUEL CELL TECHNOLOGY, JUNE 20 -21,2024 IN PARIS, FRANCE delightful the venue of Paris, France Battery Tech 2024 is the premier international forum to present and discuss progress, research, development and application of the major topics related to Battery and Fuel cell Technology

The 2024 edition of the summit will offer high quality and relevant research session, poster session, workshop, exhibition, panel discussion etc. for the better understanding of the subject. The conference agenda has been prepared by the scientific committee to enable the exchange of ideas and to expand network with leading experts and researchers during the summit.

Battery Tech 2024 will be a great meeting point for sharing the latest research papers of academics well as to experience the matchless environment of Paris, France which has been known for its artistic, cultural as well as scientific developments. We look forward to your participation for Battery Tech 2024 summit at Paris, France

Sincerely,

Operating Committee

Battery Tech 2024

Scientific Sessions

- Dual- Ion Batteries
- Biodegradable Batteries
- General aspect of battery
- Aqueous batteries
- Application of batteries
- Nanotechnology in Advance batteries
- Fuel Cell
- Application of Fuel cells
- Microbial Fuel cells
- Proton Exchange Membrane Fuel cells
- Battery Electric vehicles
- Battery Raw Materials

Why to join

- Meet Experts & Influencers
- Networking Opportunities
- Learning In a Global Space
- Added Research Value
- Investment in Knowledge for Future

Paris Attractions

Paris is the capital city of France. The French historic, political and economic capital, with a population of only 2.5 million is located in the northern part of France. One of the most beautiful cities in the world. Home to historical monuments such as Notre Dame, the Eiffel tower (320m), Bastille, Louvre and many more. Much of the city was re-designed by Haussmann in the 19th century.

Eiffel Tower

The last month of the winter, February, is a frosty month in Paris, France, with temperature in the range of an average high of 7.6°C (45.7°F) and an average low of 2°C (35.6°F). In February, the average high-temperature is practically the same as in January - a frosty 7.6°C (45.7°F). The average low-temperature, in February, is 2°C (35.6°F). In Paris, it is raining for 12.8 days, with typically 41mm (1.61") of accumulated precipitation. Throughout the year, there are 154.8 rainfall days, and 390mm (15.35") of precipitation is accumulated. In February, the average length of the day in Paris is 10.2h.

Exhibitor and Sponsors

Important Dates

Registration Open: **March 20, 2024**
Early Bird: **April 20, 2024**
On Spot Registration: **June 20, 2024**

Registration Prices

Speaker Registration **399 Euro**
Delegate Registration **299 Euro**
Young Research Forum **299 Euro**
Exhibitor **999 Euro**
