Its stately gold rush–era architecture and a multicultural make-up reflect the city's recent history, while edgy street art, top museums and sticky-carpeted band venues point to its present-day personality. Melbourne has a temperate oceanic climate and is well known for its changeable weather conditions. The average temperature is between 11.4^{0}C (min) and 20.4^{0}C (max). Melbourne has an integrated public transport system based around extensive train, tram, bus and taxi systems. Melbourne has four airports.
