Tentative Program

2nd World Summit on

Bioengineering

September 27-28, 2017 Chicago, USA

Theme: "Expanding new horizons in advances of Bioengineering"

For Available Speaker Slots

bioengineering@conferenceseries.net

19+ Interactive Sessions	15+ Keynote Lectures	75+ Plenary Lectures	5+ Workshops

Conference Secretariat

2360 Corporate Circle, Suite 400 Henderson, NV 89074-7722, USA

Tel: +1-702-508-5200 Ext: 8051, Fax: +1-650-618-1417, Ph: +1-650-268-9744, Toll free: +1-800-216-6499

Bioengineering

September 27-28, 2017 Chicago, USA

Program at A Glance

Day 1

Morning Sessions	Reception/Registration	08.00-09.00	
		Time	General Session
	Least of 3 Keynote/Plenary Talks	09.00-09.15	Inaugural Address
		09.15-09.45	Keynote/Plenary Talk 1
		09.45-10.15	Keynote/Plenary Talk 2
		10.15-10.45	Keynote/Plenary Talk 3
	Panel Discussions/Group Photo		
	Coffee/Tea Break 10.45-11.00 (Networking)		
	11.00-12.40		Biomedical engineering
Evening Sessions			
	Lunch Break 12.40-13.30		
	13.30-15.30		Biochemical engineering
	Coffee/Tea Break 15.30-15.45 (Networking)		
	15.45-17.25		Bio-molecular engineering

Day 2

		Time	Session 1	Session 2
Morning Sessions	09.00-10.40		Bioprocess engineering	Cell&Tissue engineering
	Coffee/Tea Break 10.40-10.55 (Networking)			
	10.55-12.35		Genetic engineering	Microbiological engineering
	Lunch Break 12.35-13.25			
Evening Sessions	13.25-15.05		Bioinformatics	**Environmental Biotechnology**
	Coffee/Tea Break 15.05-15.20 (Networking)			
	15.20-17.00		Biomechanical	Bionanotechnology
	Awards & Closing Ceremony			

NOTE: Program Shedule is subject to change with final allotment of the speaker slots

Glimpses of Bioengineering Conferences

Glimpses of Bioengineering 2017 Conferences

Major Scientific Sessions

- Bio-systems engineering
- Biomedical engineering
- Biochemical engineering
- Bio-molecular engineering
- Bioprocess engineering
- Genetic engineering
- Food and Biological Process Engineering
- Health and Safety engineering
- Microbiological engineering
- Systems Biology
- Cell&Tissue engineering
- Bioinformatics
- Environmental Biotechnology
- Biomechanical Systems and Devices
- Bionanotechnology&Biomaterials

Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors

Best Tourist Destinations in Chicago

About Chicago

Chicago is the largest city in Illinois and the seat of Cook County. It stretches for 22 mi along the southwest shore of Lake Michigan in the northeast part of the state.

The first white men known to have visited the region were Louis Joliet and Jacques Marquette in 1673. The first permanent white settler was John Kinzie, who is sometimes called the Father of Chicago. He took over a trading post in 1796 that had been established in 1791 by Jean-Baptiste Point du Sable, a black fur trapper. Fort Dearborn, a blockhouse and stockade, was built in 1804 but was evacuated in 1812, at which time more than half of its garrison was massacred by Potawatomi and Ottawa Indians loyal to the British.

The name Chicago is thought to come from an Algonquian word meaning “onion” or “skunk.”

Laid out in 1830, Chicago was incorporated as a village in 1833 and as a city in 1837. In the Great Chicago Fire of 1871, an area of the city about 4 mi long and nearly a mile wide—more than two thousand acres—was totally destroyed. However, much of the city, including the railroads and stockyards, survived intact, and from the ashes of the old wooden structures there arose more modern constructions in steel and stone.

Today, Chicago is a major Great Lakes port and the commercial, financial, industrial, and cultural center of the Midwest. The manufacturing industries dominate the wholesale and retail trade, and trade in agricultural commodities is important to the economy. The Chicago Board of Trade is the largest agricultural futures market in the world.

Among Chicago’s many attractions are the Art Institute of Chicago, the Field Museum of Natural History, the Jane Addams–Hull House Museum, Navy Pier, and numerous architectural landmarks such as the Sears Tower and Frank Lloyd Wright’s Robie House.
