

International Conference on

Biomolecules, Membrane Sciences and Technologies

October 16-17, 2018 | Ottawa, Canada

biomolecules.conferenceseries.com

Invitation

Ottawa
Canada
October 16-17
2018

Dear Attendees,

We are glad to announce the **International Conference on Biomolecules, Membrane Science & Technologies** to be held in Ottawa, Canada from October 16-17, 2018 organized by Conference Series LLC, USA in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

This conference gives a chief stage to introduce and examine key disclosures in Biomolecules which have impacted nearly every facet of biology with wide ranging implications for human well-being. The overarching long-term goal of this conference is to create a scientific environment conducive to cross-disciplinary talk and trade of new thoughts by bringing together the world's leading analysts with junior researchers, to enhance our understanding of the role of membrane science technologies in biology, human health and disease. .

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to **Ottawa, Canada.**

Sincerely
Biomolecules 2018
Organizing Committee

About Conference

Ottawa
Canada
October 16-17
2018

Biomolecules 2018 Conference website is attracting 18000+ Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 70+ countries Annually
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Biomolecules 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

About Conference

Ottawa
Canada
October 16-17
2018

Purpose

Biochemistry, Membrane Science & Technology is an arena for interdisciplinary exchange among professionals in the fields of **Biochemistry & Biotechnology.**

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through

Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Biomolecules and Membrane science technology present the most recent research findings, and promote and enhance scientificcollaborations around the world bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to elderly population around the world and overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to

Discuss emerging issues in Biomolecules and Membrane science technology

Discuss and apply recent research findings related to the field

About Conference

Ottawa
Canada
October 16-17
2018

Who should attend

International Conference on Biomolecules, Membrane Science & Technology is exclusively designed for Researchers, Academicians, Practitioners, Early Career Scholars, students along with Industries and others engaged in endeavors related to Biochemistry & Biotechnology research and business.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by crossref

Major sessions

- Chemistry & Biomolecular Sciences
- Protein Structure and Dynamics
- Membranes and Transport Mechanisms
- Molecular Medicine and Drug Discovery
- Computational Biology
- Cell Biology
- Polymeric Materials
- Membrane Fouling
- RO Membrane
- Biomimetic membranes
- Membranes and Technology
- Water & Wastewater Treatment
- Bio-Tech & Bio-Med Applications
- Nanoporous Membranes
- Gas Separation
- Vapour Separation
- Ion exchange processes
- Separation Processes using Membranes

About Conference

Ottawa
Canada
October 16-17
2018

Supporting Journals

- Biochemistry & Analytical Chemistry
- Biochemistry & Molecular Biology Journal
- Journal of Membrane Science & Technology

City Attractions

About Ottawa

Ottawa
Canada
October 16-17
2018

Ottawa is the capital city of Canada and settling on the south bank of the Ottawa River in the southern Ontario. Ottawa is home to various post-auxiliary, investigate, and social establishments, including the National Arts Center, the National Gallery, and various national historical centers.

The general Ottawa– Gatineau evaluation metropolitan territory (CMA) has a bigger extent of French speakers than Ottawa itself, since Gatineau is overwhelmingly French talking. An extra 20.4 percent of the populace list dialects other than English and French as their first language. These incorporate Arabic (3.2%), Chinese (3.0%), Spanish (1.2%), Italian (1.1%), and numerous others. Ottawa's essential managers are the Public Service of Canada and the innovative business, in spite of the fact that tourism and human services likewise speak to progressively sizeable financial exercises.

Substantial innovation organizations, for example, Nortel, Corel, Mitel, Cognos, Halogen Software, Shopify and JDS Uniphase were established in the city. Ottawa additionally has local areas for Nokia, 3M, Adobe Systems, Bell Canada, IBM and Hewlett-Packard. Traditionally the ByWard Market (in Lower Town), Parliament Hill and the Golden Triangle (both in Centretown – Downtown) have been the focal points of the cultural scenes in Ottawa.

The city is likewise home to the Canada Agriculture Museum, the Canada Aviation and Space Museum, the Canada Science and Technology Museum, Billings Estate Museum, Bytown Museum, Canadian Museum of Contemporary Photography, Canadian Ski Museum, Currency Museum, and the Portrait Gallery of Canada.

About Registration

Ottawa
Canada
October 16-17
2018

Biomolecules 2018

Academic

Only Registration: USD 599
Package A: USD 899
Package B: USD 999

Business

Only Registration: USD 849
Package A: USD 1029
Package B: USD 1269

Student

Student Registration: USD 299
Young Researchers Forum: USD 399
Student Package: USD 549

Important Dates

Abstract submission opens: December 18, 2017
Registration opens: December 18, 2017
