The conference was well organised"

Rohini Padma,
Government Degree College, India

It was a good meeting in general"

Uma Sankar,
Indiana University School of Medicine, USA

I thoroughly enjoyed the meeting and want to thank you for giving me an opportunity to present my research"

Amanpreet Singh,
Wright State University Boonshoft School of Medicine, USA

It is my pleasure to announce that the conference was very nice opportunity to be part of this valuable meeting and I meet many researchers from different countries which learned me many aspects about different branches of my specialization. Everything was highly organized and hopes to be part in next meeting with my best regards."

Mufeed J Ewadh
Babylon University, Iraq

Genuinely one of the best conference I've attended. The Conference was inspiring and informative with relevant speakers I found it really insightful and interesting Conference really was very well organized. I wouldn't hesitate to recommend to anyone wanting to get a real understanding of how to approach of our 10th Global Summit on Toxicology and Applied Pharmacology. Thanks for the program. The Chicago City, people and the weather was very fabulous and food was delicious too. I really appreciated the insight that was provided, and the time you took following the session to provide additional feedback. Looking forward for many more opportunities in future and please kindly update me about the upcoming conference. Overall it was a great trip in my life."

K Prasuna
Kakatiya University, India

The conference was very useful. I have found two potential collaborators and had a chance to present my research to the audience that understands and is interested in the area of my expertize. Thanks to the organizers"

Alexei G. Basnakian,
University of Arkansas, USA

I really enjoined the conference"

Gunnar Boysen,
University of Arkansas for Medical Science, USA

It was really a great conference scientifically and also socially with relevant speakers and very well organized.

Alenka Franko
University Medical Centre, Slovenia

I have learned a lot of things from the conference and it contained interesting research works related to toxicology. We have got certificates for presenting the research work. Toxicology 2015 was a very good experience for everyone, especially for the young researchers. Good luck for the upcoming conference!

Baragamaarachchi R Y
University of Colombo, Sri Lanka

I should comment that the Summit was excellent. Hope to help for the organization of next summit as well.!

Marcelo L Larramendy
National University of La Plata, Argentina

Although I couldn't present my study, I could learn a lot from many talks. I hope that the conference has a certain topic and discuss about it together. And I hope to participate in the conference next time.

About City

Boston and Massachusetts houses some of the largest biotech companies in world. Sanofi, Pfizer, Biogen-Idec, Novartis all major pharmaceutical companies with large research centers just outside Boston, employ over 10,000 people alone. These four companies make up the bulk of the difference in the employment numbers between Massachusetts and the San Francisco biotech clusters. Boston and San Francisco host the largest concentration of biotech activity in the world.

Almost half of all US biotech investment is made in these areas, about 1/3 of the biotechnology employees work for companies in these areas, and about a quarter of US biotech companies are located in one of these clusters. Boston is going through an unprecedented phase of biotech growth, placing it alongside San Francisco and San Diego on the list of the leading U.S. hubs for the industry. Massachusetts, and the Boston and Cambridge area in particular, boasts a proud history of biotech and pharma innovation. The region is home to over 550 companies operating in the industry, more than half of which specialize in drug development

The Massachusetts Life Sciences Center (MLSC), a quasi-public state agency, has announced that it would provide up to USD2 million to early-stage life sciences firms. A panel of experts will select companies who shall receive up to 200,000 USD each
