

29th Asia Pacific Biotechnology Congress

October 26-27, 2023 Dubai, UAE

About Conference

Welcome to the "29th Asia Pacific Biotechnology Congress," which will take place in Dubai, United Arab Emirates, on October 26–27, 2023. "Emphasizing the Advancements and Applications of Biotechnology for Future" will be the subject around it. The major goal of BIOTECH ASIA PACIFIC 2023 is to develop a global programme for biotechnologists, nanotechnologists, and molecular biologists.

Target Audience

- Biotechnologists
- Nanotechnology
- Biomedical engineering
- Genomics
- Genetic engineering
- Biochemical engineering
- Chemical engineering
- Biopharmaceutical engineering
- Microbiology
- Genetic technology
- Pharmaceutical industries
- Micro propagation
- Bioinformatics
- Biodiversity
- Pharmacogenomics
- Bioremediation.
- Industrial fermentation
- Upcoming researcher
- Scientists
- Research institutes
- Professionals in media sector

Session & Tracks

- Biotechnology
- Bacterial Biotechnology
- Nano Genomics
- Medical Bioremediation
- Bioprocess and Fermentation Technology
- Genetic Engineering
- Biotechnology in Dentistry
- Marine Biotech
- Algal Genomics
- Biotechnology and Bioprocess Engineering
- Systems and Synthetic Biotechnology
- Biomass and Bioenergy
- Genetics and Molecular biotechnology
- operations of Food Biotechnology
- Pharmaceutical Biotechnology and Drug Design
- Artificial Intelligence in the Biotechnology

CITY ATTRACTIONS
