About the conference

The 16th Annual Brain Death Congress is a significant event in the field of medicine and neuroscience, focusing on the theme of "Unveiling the Future of Neuroscience: Breakthroughs in Brain Death Diagnosis and Treatment." This conference is scheduled to take place on June 26-27, 2024, in Paris, France. The congress aims to bring together leading experts, researchers, practitioners, and stakeholders from around the globe to discuss and share insights into the latest advancements in the understanding and management of brain death.

Attendees can expect a series of keynote presentations, panel discussions, workshops, and poster sessions designed to foster collaboration, exchange knowledge, and promote best practices in brain death.

Why to attend the conference

The event provides a chance to connect with leading experts and professionals in the field, enhancing knowledge and skills through workshops and presentations. Explore innovative technologies and treatment modalities, engage in discussions, and exchange ideas with a diverse audience. Learn about the ethical and legal considerations in brain death care, discover patient-centered approaches, and advocate for improved care and organ donation awareness. Gain global perspectives on brain death care and contribute research and experiences to the field, ultimately shaping the future of brain death diagnosis and treatment.
