Dear Friends!!

We are glad to announce the 7th World Congress on Breast Cancer & Therapy to be held in May 24-26, 2018, New York, USA from October 16-18, 2017 organized by Conference Series LLC in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

This conference is a unique international platform that's a confluence of all stake holders of the ecosystem – Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss wide range of current topics and will be available to discuss with you the Past, Present and Future Challenges in Breast Cancer Therapy.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Breast Cancer Congress Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

Hope to see you at New York!

With Best Regards
Paul Hederson
Scientific Committee Operator
Breast Cancer Congress 2018

Invitation from the Conference Chair

We invite you to complete the Registration to secure your slot at the Breast Cancer Congress 2018 Conference to be held at the Hilton New York JFK Airport Hotel, New York, USA during May 25-26, 2018.

The theme of the 2018 Conference-Discussing the Past, Present and Future Challenges in Breast Cancer & Therapy to Bring Awareness. This is an invitation to all Participants to explore their interest in research and innovation in the field of Breast Cancer and Therapy.

The Conference Committee looks forward to welcoming you to New York in May for this important milestone in the further development of our Presentation story and for the opportunity to enjoy collegiality in beautiful New York and its surrounds.

We look forward to warmly welcoming you in New York.

About Hosting Organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by

Why to Attend?

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Breast Cancer and Therapy present the most recent research findings, and promote and enhance scientific collaborations around the world.

Who should Attend?

7th World Congress on Breast Cancer & Therapy is exclusively designed for Geriatricians, Physicians, oncologist, Radiologist, Pathologist, Nurses, Physicians, Medical Directors and others engaged in endeavors related to Breast Cancer and Therapy Research.

WBC 2018 salient features

Meet Academia and Industry visionaries to get inspired

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers.

Conference Highlights

- Biology of Breast Cancer
- Screening & Diagnosis for Breast Cancer
- Types of Breast Cancers
- Breast Cancer Therapy
- Chemotherapy for Breast Cancer
- Breast Reconstruction
- Breast Cancer Immunotherapy & Radiation Therapy
- Innovative Therapeutic Approaches in Breast Cancer
- Breast Cancer Treatment Side Effects
- Optimal Breast Cancer Pathology – Organisation
- Clinical Trials -Breast Cancer
- Breast Cancer during Pregnancy
- Male Breast Cancer
- Rehabilitation/Survivorship after Treatment
- Breast Cancer Therapeutic & Market Analysis

TOURISTS ATTRACTIONS

Statue of Liberty

The Statue of Liberty is one of the tourist place attracting millions of visitors every year. The Statue of Liberty was built in 1986, which is a world famous symbol which represents freedom. It is around 152 feet starting from the It is the world's biggest statue around 152 feet tall from the base to the torch end, and weighs around 450,000 pounds. The torch was covered with a thin layer of 24k gold. There are seven rays on liberty crown, which indicates seven continents, which is 9 feet long each and weighing around 150 pounds.

Empire State Building

Alongside the Statue of Liberty, The Empire State Building is New York's most prominent milestone, which is 381 meters tall and represents as tallest building in the world. Empire State Building turned into a point of interest and an image for NYC when it opened in 1931. There are two observatories on the Empire State Building.

Metropolitan Museum of Art

The Metropolitan Museum of Art, was established in 1870.It is also called as Met. It contains more than 2 million gems, incorporate American beautifying expressions, arms and defensive layer, outfits, Egyptian craftsmanship, melodic instruments, and photos, and ,many more. The Cloisters in northern Manhattan is also a part of the Metropolitan Museum of Art which concentrates on the craftsmanship and engineering of medieval Europe.

Rockefeller Center

Rockefeller Center is a huge complex comprising of 19 top business structures between 48th and 51st Streets in New York City. It was announced a National Historic Landmark in 1987.Rockefeller Center is an immense excitement and shopping complex amidst in Manhattan, and home to media like NBC-TV and radios. There is an open air skating arena which is famous in winter.

Brooklyn Bridge

The Brooklyn Bridge, finished in 1883, was the world's initially scaffold to be built of steel. It traverses the East River from Manhattan. The scaffold is an American historic point that has roused eras of artists, lyricists and painters. Architect John Roebling considered the scaffold in 1855 and worked out everything about its two stone towers to its four suspended steel links. The scaffold's development took 14 years, included 600 labourers and cost $15 million (more than $320 million in the present dollars) .

Fifth Avenue

Fifth Avenue has long had notoriety for being New York's chief shopping territory. Many top end originators have their stores situated along Fifth Avenue. Cartier, Tiffany, Bergdorf-Goodman, the popular Apple Store Fifth Avenue, and obviously Saks Fifth Avenue, and additionally numerous others line the elegant road.

Solomon R. Guggenheim Museum

The Solomon R. Guggenheim Museum is home to one of the world's finest accumulations of present day craftsmanship. The novel building, compared to a monster white shell, was planned by Frank Lloyd Wright in 1943. Guests take the lift to the top floor and stroll down the winding slope while seeing artworks. The works of Picasso, Chagall, Modigliani, Kandinsky, Leger, Manet and numerous others are shown.

Wall Street

Extending for 8city obstructs from Broadway to South Street is the world acclaimed Wall Street. This road and the encompassing region are home to the absolute most imperative trades on the planet including the New York Stock Exchange, the NASDAQ, and the New York Mercantile Exchange. Likewise found close-by is the amazing Trinity Church and the Federal Reserve. Money Street is a well-known vacation spot and it is regular to see an expansive number of travellers strolling around extending their necks gazing toward the great high rises.

St Patrick's Cathedral

St. Patrick's Cathedral is one of New York's finest cases of Gothic Revival, with its monstrous bronze entryways (weighing 20,000 lb each), white marble veneer, 330 ft towers, the Great Organ, rose window, bronze baldachin, 2,400 seating limit, and the statue of Pieta along the edge of the Lady Chapel. With more than 5.5 million guests every year, the house of God is a noteworthy goal for devotees and visitors alike. The building was raised in 1879 and has been precisely re-established and kept up all through its reality.

Hilton New York JFK Airport
