22nd International Conference on
Breast Pathology and Cancer Diagnosis

JUNE 19-20, 2025

LONODN, UK

Theme: Advancements and Breakthroughs in Neurology & Neurosciences

INVITATION

Dear Attendees,

We are glad to announce the **"22nd International Conference on Breast Pathology and Cancer Diagnosis"** to be held in **London, UK**on **June 19-20, 2025** organized in collaboration with generous support and cooperation from enthusiastic academicians and Editorial Board Members. Breast Pathology 2025 aims at sharing new ideas and technologies amongst the healthare professionals, nurses and students from research areas of Breast Pathology 2025 and it's Research. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

22nd International Conference on Breast Pathology and Cancer Diagnosis amid **June 19-20, 2025** at **Lonodn, UK**. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,
Breast Pathology 2025
Organizing Committee

Breast Pathology 2025

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

ABOUT CONFERENCES

Breast Pathology 2025 Scientific Committee is honored to welcome you all to attend 22nd International Conference on Breast Pathology and Cancer Diagnosis which will be held during June 19-20, 2025 at Lonodn, UK. Neuroscience Congress will raise the most dynamic and latest issues in the field of Neurology. The Congress will highlight the discussion around the theme "Advancements and Breakthroughs in Neurology & Neurosciences" by bridging the gaps between the intellectuals from across the globe to enlighten their research and findings at Breast Pathology 2025. The highlights of the conference Breast Pathology 2025– The expeditious growth in the research & development in Breast Pathology 2024 has revolutionized the efficacy and sensitivity of analytical devices across Pathology Management Sectors. However numerous difficulties remain for such devices and competing forms of the assay are still relevant, with some still outperforming and providing better value than Pathology-based technologies.

Breast Pathology 2025salient features

- Meet Academia and Healthcare visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Neuroscience, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

ABOUT CONFERENCES

- After participating in this meeting, attendees should be able to
- Discuss Psychology issues in Industrial Organization
- Discuss and apply recent research findings related to Industrial Organization.
- Reflect on the place of critical distance in Industrial Organization.

Who should attend?

Academicians including Professors, PhD. Scholars, Students carrying out Clinical Cardiology and field studies, General Internist Pharmaceutical companies Research Scholars Doctors & Physicians Directors / Managers Cardiology Professionals Clinical Researchers Healthcare Professionals Professors and students from colleges and universities Business delegates and Intelligence experts Vice Presidents of Medical institutions and Hospitals

Breast Pathology 2025salient features

- Benign Conditions
- Fibrocystic Changes
- Fibroadenoma
- Intraductal Papilloma
- Fat Necrosis
- Malignant Conditions
- Invasive Ductal Carcinoma (IDC)
- Invasive Lobular Carcinoma
- Ductal Carcinoma In Situ (DCIS)
- Lobular Carcinoma In Situ (LCIS)
- Imaging Features
- Mammography
- Ultrasound
- MRI
- Inflammatory Conditions
- Acute Mastitis
- Periductal Mastitis
- Granulomatous Mastitis
- Rare Tumors
- Phyllodes Tumor
- Angiosarcoma
- Genetic Syndromes
- Li-Fraumeni Syndrome

About hosting organization

London is the capital of the United Kingdom and one of the world's most influential cities. It has a rich history that dates back over 2,000 years, originally founded by the Romans as Londinium. Today, it is a vibrant metropolis known for its diverse culture, iconic landmarks like the Tower of London, Buckingham Palace, and the British Museum, and its dynamic arts scene.

The city is divided into various boroughs, each with its own unique character. London is also a major financial hub, home to the London Stock Exchange and numerous multinational corporations. Its public transportation system, including the famous London Underground, makes it easy to navigate.

Culturally, London offers a mix of world-class theaters, music venues, galleries, and culinary experiences. It hosts numerous events and festivals throughout the year, celebrating its multicultural population. Overall, London is a city that seamlessly blends history with modernity, making it a fascinating destination for visitors and residents alike.

ABOUT Vancouver

Vancouver is a vibrant city located on the west coast of Canada, in the province of British Columbia. It's known for its stunning natural beauty, surrounded by mountains and ocean, making it a hub for outdoor activities like hiking, skiing, and water sports.

The city is culturally diverse, with a rich tapestry of communities and a thriving arts scene. You'll find everything from world-class museums to eclectic street art. Vancouver also boasts a variety of culinary experiences, reflecting its multicultural population, with an abundance of fresh seafood and farm-to-table dining.

Vancouver covers an area of about 115 square kilometers (approximately 44 square miles). It's situated on the Pacific coast, bordered by the Strait of Georgia to the west, the Coast Mountains to the north, and the Fraser River to the south.
