Welcome Message

Yoshiaki Omura
New York Medical College, USA

Dear Colleagues and Friends,

Welcome you to the **2nd International Conference on Cancer Biology, therapeutics and Drug Discovery & Delivery.** This Series of conferences has a tradition to explore innovative ideas by bringing together both established and young scientists in these fields. Our main theme this year is to investigate the interplay between basic research information and their clinical application and explore far-reaching implications of basic oncology and clinical oncology. We hope that all participants will have a productive, inspiring and enjoyable time.

With Best Regards,

Yoshiaki Omura

Yoshiaki Omura, M.D., Sc.D., F.I.C.A.E., F.R.S.M.,

Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

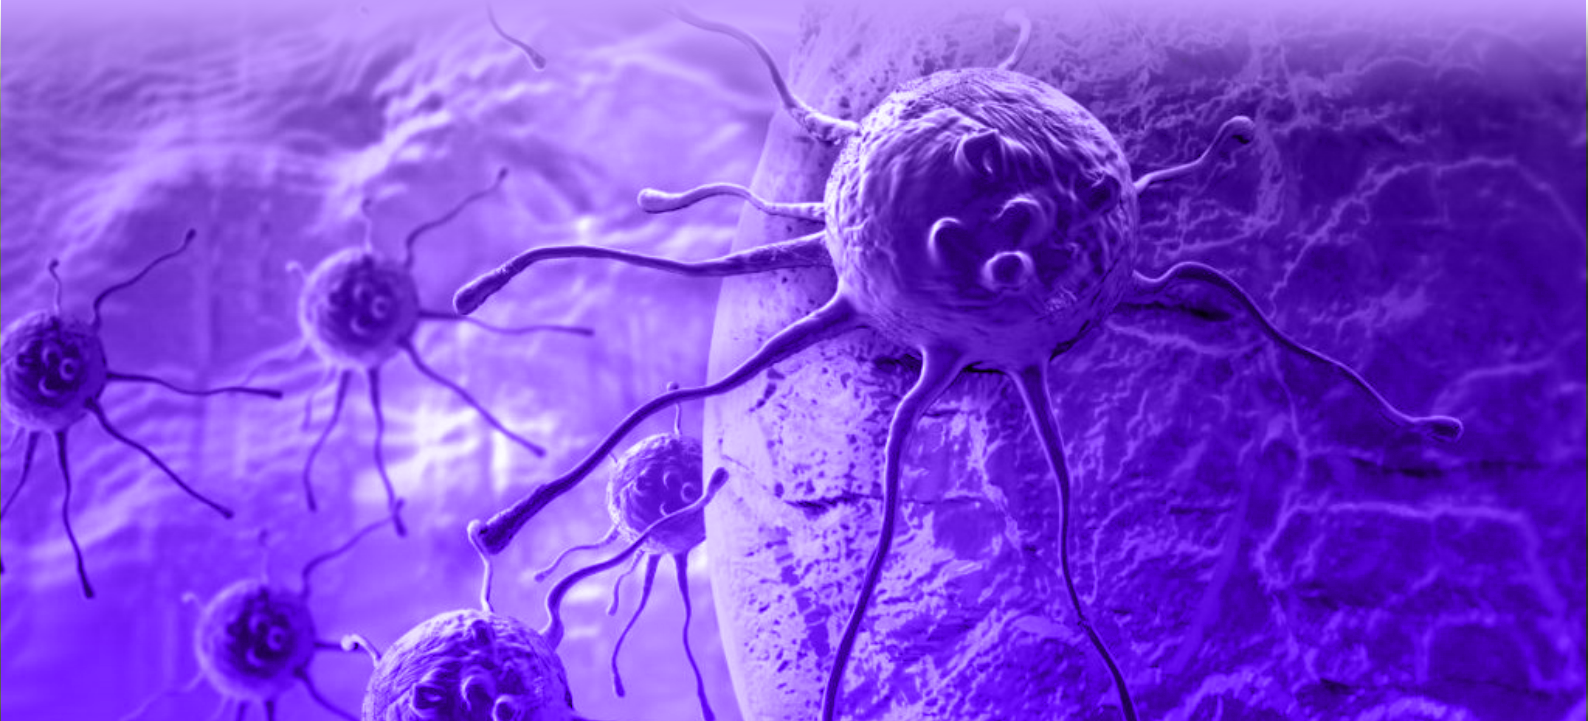

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors
