About the conference

The “3rd Experts Meeting on Cancer Medicine, Radiology & Treatment” is an important event for professionals in the oncology field, scheduled for October 24-25, 2024, in Paris, France. It will be held at the Millennium Hotel Paris Charles De Gaulle. This conference is designed to be a comprehensive platform for sharing and discussing various aspects of cancer research and treatment.

Key features of the conference include a range of scientific sessions covering topics such as Cancer Cell Biology & Genetics, Cancer Pathophysiology, Cancer & Stem Cell Therapy, Oncology Radiology, Nanotechnology, Cancer Screening & Chemotherapy, and many more. Additionally, the conference will include keynote presentations, oral presentations, poster presentations, and exhibits.

The event aims to bring together leading oncologists, specialists, scientists, academicians, and professionals from around the world to globalize interest, stimulate research, and disseminate knowledge in all aspects of cancer medicine. This makes it a great opportunity for networking, collaboration, and staying up-to-date with the latest advancements in the field.

Theme: “demonstrating the most recent advancements in ultrasonography, PET-CT, MRI, and CT for improved cancer diagnosis”.

Why to attend the conference

Global Collaboration: Connect with genuine partners, exhibitors, and supporters from around the world dedicated to advancing cancer medicine, radiology, and treatment, fostering a comprehensive environment for collaboration and growth.
Interactive Learning Opportunities: Engage in workshops and interactive sessions where you can learn and contribute to discussions on the latest developments and best practices in cancer treatment and care.

Studios and Interactive Meetings: Participate in studios and interactive meetings that facilitate collaboration between experts and attendees, offering a platform for sharing insights and experiences in cancer research and treatment.

Access to Knowledgeable Authorities: Meet knowledgeable authorities who are at the forefront of cancer research and development. Gain insights, guidance, and support for your research inquiries and content, ensuring scientifically sound exploration.
