37th International Conference on Cancer Science & Therapy

NOVEMBER 09-10, 2023 | STOCKHOLM, SWEDEN

ABOUT CONFERENCE:

Conference Series considers it a great honour to extend an invitation to everyone in the world to the 37th International Conference on Cancer Science & Therapy, which will be place in November 09-10, 2023 Stockholm, Sweden

The 2023 Cancer Science Congress will feature numerous interactive scientific sessions as well as novel cancer diagnostic and therapeutic approaches. The goal of this effort is to bring together under one roof the various scientific and business communities working in this area to study every facet of oncology.

CANCER SCIENCE CONGRESS 2023

TARGET AUDIENCE

- Automation and Robotics Lab Directors/Associates
- Cancer genetics and epigenetics
- Immunologists
- Molecular Biology
- Cancer Pharmacology
- Biomedical Sciences
- Automation doctorates
- Control systems and Mechatronics expertise
- Cardiothoracic Surgeon
- Colon and rectal surgeon
- Gynecologist
- Radiologist
- Gastrointestinal surgeon
- Oncology surgeon
- Associate professors
- Nanotechnology Faculties and students
- Medicine
- Manufacturing Medical Devices Companies
- Training Institutes
- Business Entrepreneurs

SESSIONS AND TRACKS

- Cancer Epidemiology
- Cancer Genetics
- Cancer Metabolomics
- Cancer types and Causes
- Cancer Biopsy
- Proto-oncogenes
- Metastasis
- Processed food and Cancer risk
- Cancer Cell Biology
- Cancer Biomarkers
- Targeted Cancer Therapy
- Stem cell therapy
- Gene therapy & Artificial DNA
- Cancer Nanotechnology
- Cancer Management and Prevention
- Tumor Virology, Immunology & Cellular Pathology
- Radiation Oncology
- Cancer Vaccines
- Neonatal & Paediatric Oncology
- Oncology Nursing and Care
