CANCER STEM CELLS 2019

International Conference on

CANCER STEM CELLS

October 10-11,2019 | Paris, France

https://cancerstemcells.conferenceseries.com/

Invitation

Dear Collegues,

Conference Series LLC Ltd. is delighted to welcome you to Paris, France for Cancer stem cells 2019 .

The conference will focus on “Advancement in cancer stem cells and explore novel techniques in current research”. We are confident that you will enjoy the scientific sessions of this upcoming conference.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Cancer stem cells 2019 Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to see you in Paris, France this October

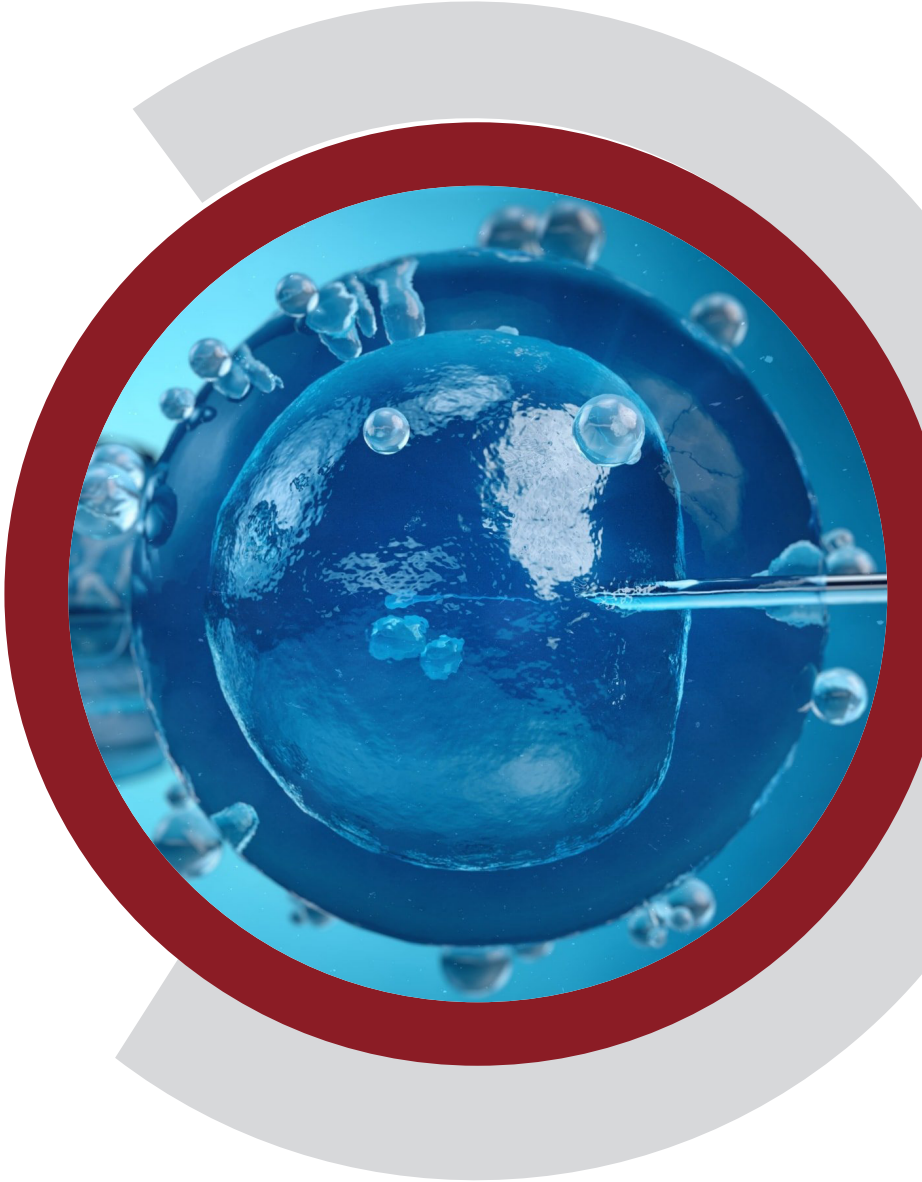

Sincerely,
Cancer stem cells 2019
Organizing Committee

What is Cancer stem cells 2019

Cancer Diagnostics Market:

The increased awareness and support from the associations of Government, academia and fields of research along with other sectors in stem cells played a prominent role in the field of Cancer study.The global oncology diagnostics market is based on technology, application, and region. Factors like age and increase in the size of population and cancer cases majorly creating opportunity for diagnostics'.

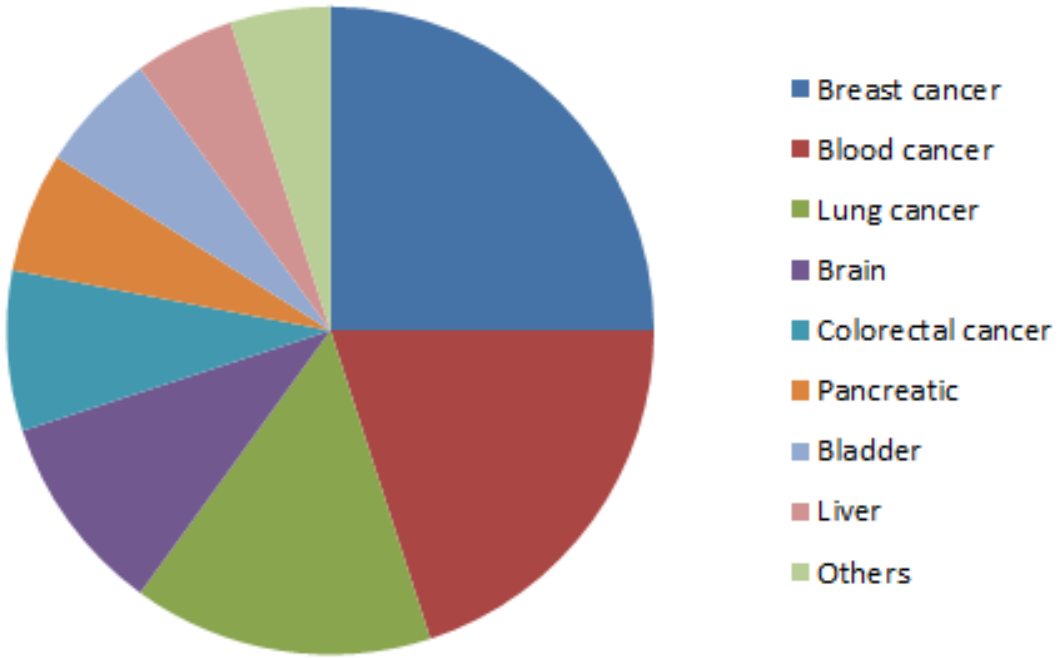

The size of global market cancer diagnostics is to reach $24.00 billion by the end of 2020 from $07.10 billion back in 2015. Growing prevalence of cancer cases, constant advances in technology and diagnostics, and increasing demand for effective tests of screening are some of the main factors prompting the demand for tools of diagnosis across the world.

Cancer Forms Insights

The reports has sights on the extensive applications & uses of stem cells against wide areas of tumors including glandular, connecting tissue, Respiratory, Brain, colorectal, Ducts, bladder, liver, and reproductive, and gastric tumor.

Out of all the tumor forms, breast cancer extended for the leading share of the overall gross in 2015-2016 owing to its rising impact and presence of relatively large number of stem cell therapeutics for this case of tumor . However, the fact that autologous transplant has taken chemotherapy to another level and is likely to supplement the growth of the area. Adding to this, therapies of stem cell have been successful in combating toxicity of Cardiac observed in majority The lung cancer segment is projected to experience significant growth over the forecast period. The growth of the segment can be attributed to ongoing developments to curb the rising

Sponsorship and Exposure

Diamond

- Three workshop slots (audio visual included).
- Two complimentary exhibit booths with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm)
- Four complimentary registrations
- Logo recognition on congress website front page with link, sponsorship page
- One A4 color advertisement in the congress souvenir
- Three inserts provided by the sponsor in the congress delegate bags

Platinum

- Two corporate sponsored workshop slots
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm)
- Three complimentary congress registrations
- Logo recognition on congress website front page with link and logo recognition on congress sponsorship page
- One A4 color advertisement in the congress souvenir
- Two inserts provided by the sponsor in the congress delegate bags.

Gold

- Two complimentary congress registrations
- One corporate sponsored workshop slot
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm)
