18th Annual Cardiologists Conference

Theme:
Building and Beating to the Future of the Heart

Dates:
June 19-21, 2017

Venue:
Paris, France

www.annualmeeting.conferenceseries.com/cardiologists

We cordially welcome you to attend the 18th Annual Cardiologists Conference to be held in Paris, France from June 19-21, 2017 organized by Conference Series LLC, USA in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

This conference is a unique international platform that's a confluence of all stake holders of the eco-system – Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss current topics in Cardiologists, Heart Disease, Hypertension, Electrocardiography, Diabetes & Heart, Cardio-Oncology, Pediatric Cardiology and Geriatric Cardiology, Interventional Cardiology, Nuclear Cardiology, Sports Cardiology, Cardiothoracic Surgery, Cardiac Nursing, Case Reports on Cardiology, Entrepreneurs Investment Meet and Cardiologists Training and Education.

Conference Highlights

- Cardiologists
- Heart Disease
- Hypertension
- Electrocardiography
- Diabetes and Heart
- Cardio – Oncology
- Pediatric Cardiology and Geriatric Cardiology
- Interventional Cardiology
- Nuclear Cardiology
- Sports Cardiology
- Cardiothoracic Surgery
- Cardiac Nursing
- Case Reports on Cardiology
- Entrepreneurs Investment Meet
- Cardiologists Training and Education

Dr. Yurii Belov
Director, B.V.Petrovskii National Center for Surgery
Russian Academy of Sciences
Moscow, Russia

Dear Colleagues, Scientists and Friends,

On behalf of the Organizing Committee, I extend a warm welcome to all of the distinguished speakers and participants of the **18th Annual Cardiologists Conference** which is to be held during **June 19-21, 2017** in the Great Paris to illustrate the Academic Capital of France and the Cultural Capital of the Planet.

Building on the success of the preceding meetings, the Conference will feature a highly interactive, stimulating and multidisciplinary program including initiatives to address the entire patient-physician pathway and to look beyond the scientific topics alone.

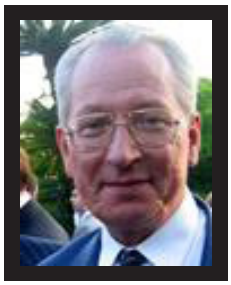

The world is becoming increasingly vulnerable to public health challenges and risks for cardiac diseases bursts. And the Conference provides a unique opportunity for university leaders, educators, clinicians, experts and scholars of higher education from all over the world to convene and share novel ideas on crucial issues and trends in the area of cardiology. From prevention through optimal care and, finally, to rehabilitation the whole range of cardiovascular disease will be presented with world-class faculty, researchers, and mentors as well as healthcare clinical professionals.

The Conference has been designed to provide an innovative and comprehensive overview of the latest research developments in cardiovascular medicine, primarily in the areas of personalized cardiology and cardiac surgery. The major goal will be to demonstrate recent development in prevention and prophylaxis, cardiovascular risk prediction based on risk assessment procedures. The impact of the latest biomarker-based platforms to illustrate and to monitor subclinical and/or clinical atherosclerosis, myocarditis, aortic and arterial diseases will be discussed.

The Conference will provide enough space for discussion, meetings and workshops in order to allow a close contact between speakers and visitors. Many distinguished cardiologists, cardiac surgeons and scientists will take part in this Congress. Papers will be presented in the form of plenary sessions, symposia and posters and will include superb scientific and clinical material that was carefully selected by the Review Committee. The Conference will provide the ideal forum to stimulate ideas and establish collaborations.

We hope that you will enjoy the Conference and that your interaction with your colleagues from many different countries will stimulate a creative exchange of ideas and will be personally rewarding. We also hope and trust that you will enjoy your visit to the unique and exciting city of Paris!.

See you there...

Welcome Message

Dear Colleagues, Scientists and Friends

On behalf of the Organizing Committee, I extend a warm welcome to all of the distinguished speakers and participants of the **18th Annual Cardiologists** Conference which is to be held during J**une 19-21, 2017** in Paris to illustrate the Academic Capital of France. Building on the success of the preceding meetings, this Conference will feature a highly interactive, stimulating program on new well selected aspects of Cardiology to address the entire patient-physician pathway and to look beyond the scientific topics alone.

The Conference will provide a unique opportunity for university leaders, educators, clinicians, experts and scholars of higher education from all over the world to convene and share novel ideas on crucial issues and trends in the area of cardiology.

I am honored to have three talks on my most recent advances starting by an overview of advances in inherited cardiomyopathies, the explanation of the frequency of atrial fibrillation in ARVD extended to the mechanism of atrial fibrillation in the general population partially presented at the 16th World Cardiology Congress in Dubai, December 2016, and finally the first complete elucidation of the mechanism of Torsades de Pointes already published in an abstract form in JACC 2015.

The Conference has been designed to provide an innovative and comprehensive overview of the latest research developments in cardiovascular medicine, primarily in the areas of personalized cardiology. The major goal will be to demonstrate recent development in prevention and prophylaxis, cardiovascular risk prediction based on risk assessment procedures. The impact of the latest biomarker-based platforms to illustrate and to monitor subclinical and/or clinical atherosclerosis, myocarditis, aortic and arterial diseases will be discussed.

The Conference will provide enough space for discussion, meetings and workshops in order to allow a close contact between speakers and visitors. Many distinguished cardiologists, cardiac surgeons and scientists will take part in this Congress. Papers will be presented in the form of plenary sessions, symposia and posters and will include superb scientific and clinical material that was carefully selected by the Review Committee. The Conference will provide the ideal forum to stimulate ideas and establish collaborations.

We hope that you will enjoy the Conference and that your interaction with your colleagues from many different countries will stimulate a creative exchange of ideas and will be personally rewarding. We also hope and trust that you will enjoy your visit to the unique and exciting city of Paris!

We are looking forward to see you in Paris, France

See you there...

Day 1 June 19, 2017

09:00-9:30	**Registrations**
09:30-10:00	**Opening Ceremony**
	Keynote Forum
10:00-10:05	**Introduction**
10:05-10:45	Title: Advances in the understanding of the mechanisms of inherited cardiomyopathies **Guy Hugues Fontaine, La Salpêtrière Hospital, France**
	Coffee Break 10:45-11:00
11:00-11:40	Title: Listening, speaking, understanding, clearing up, the patient's speech are the major keys in patient's well-being **Jean-Pierre Usdin, American Hospital of Paris, France**
11:40-12:20	Title: Preclinical detection of cardiac dysfunction in obese diabetic patients. **Galal E. Nagib El-kilany, Gulf Medical University, UAE**

Sessions: Case Reports on Cardiology | Cardiologists | Electrocardiography | Cardiac Regeneration

Session Introduction

Session Chair: To be updated soon
Session Co-Chair: To be updated soon

12:20-12:50	Title: Enhanced prediction of the population at risk of atherothrombotic disease **William E. Feeman Jr., Wood County Hospital, USA**
12:50-13:20	Title: The use of strain imaging in detection and management of patients with early cardiomyopathy **Issam A Mikati, Northwestern University, USA**
	Lunch Break 13:20-14:00
14:00-14:30	Title: Assistive technology utilized for cardiovascular conditioning for patients with spinal cord injury: A case study **Suzanne L Tinsley, Louisiana State University Health-Shreveport, USA**
14:30-15:00	Title: Use of a functional electrical stimulation bike to improve cardiovascular risk factors in an individual with spinal cord injury in a clinical setting **Marie Vazquez Morgan, LSU Health School of Allied Health Professions, USA**
15:00-16:00	Special Session on Diastolic stress echocardiography: How and when to perform it by **Fabiola B. Sozzi, University of Milan, Italy**
	Coffee Break 16:00-16:15
16:00-16:30	Title: Genetic ventricular arrhythmia: Clinical presentation and disease modelling using iPSC-derived cardiomyocytes **Katriina Aalto-Setälä, University of Tampere, Finland**
16:30-17:00	Title: Differential diagnosis and treatment of biopsy-proven myocarditis and inflammatory cardiomyopathy **Heinz-Peter Schultheiss, Institute for Cardiac Diagnostic and Therapy (IKDT), Germany**
17:00-17:30	Title: An implantable pressure sensor for wireless monitoring of intracardiac pressures-first study in man **Henrik C Ahn, Linköping University, Sweden**

3 Speaker Slots AVAILABLE

Panel Discussions

Day 2 June 20, 2017

Keynote Forum

09:00-09:40	Title: Progress in the treatment of end-stage heart failure **Roland Hetzer, German Heart Institute, Germany**
09:40-10:20	Title: Adaptive physiology or cardiovascular dysfunction - how to optimize diagnostic management in athletes ? **Robert Skalik, Medical University of Wrocław, Poland**
	Coffee Break 10:20-10:35

Sessions: Heart Disease | Diabetes & Heart | Cardio-Oncology | Pediatric Cardiology & Geriatric Cardiology

Session Introduction

Session Chair: To be updated soon
Session Co-Chair: To be updated soon

10:35-11:05	Title: Statin therapy in a 101 year old survivor of myocardial infarction **William E. Feeman Jr., Wood County Hospital, USA**
11:05-11:35	Title: Atrial dysplasia a simple new mechanism producing atrial fibrillation **Guy Hugues Fontaine, La Salpêtrière Hospital, France**

11:35-12:05	Title: Using stem cells for stimulating tissue regeneration and functional activity in a wide spectrum of pathologies **Aris Lacis, University Children's Hospital, Latvia**
12:05-12:35	Title: Cardio-oncology, a medical speciality for these linked pathologies **Jean-Pierre Usdin, American Hospital of Paris, France**
12:35-13:05	Title: Congenital coronary fistulae: Clinical impact and interesting cases **Fabiola B. Sozzi, University of Milan, Italy**
	Lunch Break 13:00-13:40
13:40-14:10	Title: The nature and enigma of the noncoronary collateral circulation **Marco Piciche, San Camillo-Forlanini Hospital, Italy**
14:10-15:10	Workshop on "Torsades de Pointes " by **Guy Hugues Fontaine, La Salpêtrière Hospital, France**
15:10-15:40	Title: Extended trans-septal versus left atrial approach in mitral valve surgery: 1017 patients experience **Syed M S Mujtaba, Freeman Hospital, UK**
	Coffee Break 15:40-15:55
15:55-16:25	Title: Effect of chronic hepatitis C virus treatment by combination therapy on cardiovascular system **Reda Mohamad, Al-Sahel Teaching Hospital, Egypt**
16:25-16:55	The greater the excess weight, the higher are the chances of having associated diseases that elevate the risk of acute myocardial infarction. **Alex M. Benevides, Faculty of Medicine of ABC, Brazil**
16:55-17:25	Title: Research management: from concept to technology **Shehab Anwer, Magdi Yacoub Heart Foundation, Egypt**
17:25-17:55	Title: Diagnostic room-air pulse oximetry: effects of age, smoking, sex, respiratory rate, blood pressure and body mass index **Abdul Rahman Qatomah, King Khalid University, Saudi Arabia**

2 Speaker Slots AVAILABLE

Panel Discussions

Day 3 June 21, 2017

Session Introduction

Session Chair: To be updated soon

Session Co-Chair: To be updated soon

	Keynote Forum
9:30-10:20	Title: The potential of lung ultrasound to diagnose hemodynamic pulmonary edema (the BLUE-protocol) **Daniel A. Lichtenstein, Ambroise-Paré Hospital, France**
	Coffee Break 10:20-10:50
10:50-11:20	Title: Early clinical results of perceval suture-less aortic valve in 139 patients: Freeman experience **Syed M S Mujtaba, Freeman Hospital, UK**
11:20-11:50	Title: Short-Term Outcome of Balloon Angioplasty of Discrete Coarctation of Aorta **Reda Mohamad, Al-Sahel Teaching Hospital, Egypt**
11:50-12:20	Title: Assessment of cardiovascular risk factors among fresh undergraduate students of Obafemi Awolowo University, Ile-Ife **Oluseye Okunola, Obafemi Awolowo University Health Center, Nigeria**
	Lunch Break 12:20-13:10
	Young Researchers Forum
13:10-13:40	Title: Pulmonary artery intimal sarcoma: A review of the literature and case report **Manjit K. Bhandal, Central Michigan University College of Medicine, USA**
13:40-14:10	Title: Peripartum cardiomyopathy and its relationship with preeclampsia **Christina Meilani Susanto, K E. Airlangga University, Indonesia**
14:10-14:40	Title: Pregnancy outcomes in rheumatic heart disease **Dibya Arfianda, K E. Airlangga University, Indonesia**
14:40-15:10	Title: The effect of ivabradine on reduction of HR and improvement of the quality of life in patients with angina or heart failure in Morocco **Ahmed Bennis, Casablanca, Morocco**
15:10-15:40	Title: Takayasu arteritis: an atypical presentation of an uncommon disease **Jody Ritter, Mount Sinai Medical Center, USA**
	Coffee Break 15:40-16:00
16:00-16:30	Title: Contract induced cardiac tamponade **Mark O. Asperilla, Nova University, USA**
16:30-17:00	Title: Hybrid, transcatheter aortic valve implantation (Tavi) and total arterial off-pump coronary artery bypass (Opcab) in a patient with severe aortic valve regurgitation – A case report **Alinaya Cordero, St. Luke's Medical Center – Global City , Philippines**
17:00-17:30	Title: Sex related differences in outcomes after transcatheter aortic valve replacement in patients with severe aortic stenosis. St. Luke's Medical Center – Global city experience **Marlon C. Loquias, St. Luke's Medical Center – Global City , Philippines**
17:30-18:00	Title: Stent assisted coil embolization of a large, saccular, suprarenal aortic aneurysm with walled off rupture: A case report **Alinaya Cordero, St. Luke's Medical Center – Global City , Philippines**

5 Speaker Slots AVAILABLE

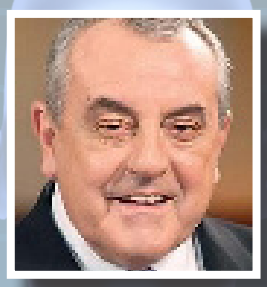

Closing Ceremony

Note: Tentative Program has been designed with the projected Speakers Names and Titles. Dates and timings in this program are subject to change

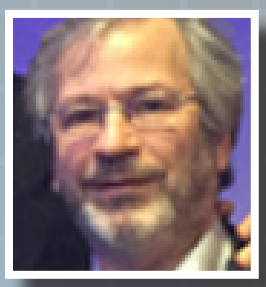

Keynote Speakers at Cardiologists 2017

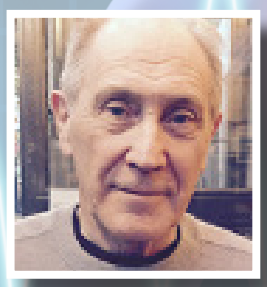

Guy Hugues Fontaine
La Salpêtrière Hospital
France

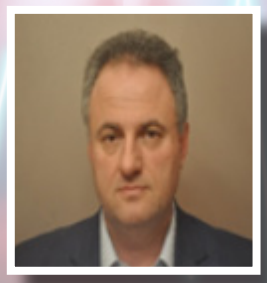

Roland Hetzer
German Heart Institute
Germany

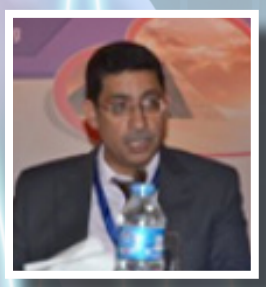

Daniel Lichtenstein
