Tourist Attractions

Venue

Manila is a city less traveled, with adventurers almost always choosing to move on to the Philippines famous white-sand beaches right away. Filipinos are friends from all over the world feel energized by the new slogan which aims to invite tourists to visit the country. Metro Manila (National Capital Region), composed on various cities including the Philippines' capital, Manila, goes beyond being a gateway to out-of-town day trips and popular island destinations. Beyond Metro Manila, you can visit neighboring destinations and attractions such as Tagaytay, Malate, Intramuros and Rizal Park, Pagsanjan and Nuvali Sta. The main attraction of Manila Ocean Park is the Oceanarium which houses 14,000 sea creatures from about 277 species all of which is indigenous in Southeast Asia.

In addition, Philippines offers luxury hotels, delectable cuisine and great shopping! This is no longer true! Visitors seek out Manila for business and finance and also for a fascinating and satisfying vacation for the whole family. The Philippine government started a campaign that branded the country as a perfect destination for beach bums and dive lovers. The slogan "It's More Fun in the Philippines" played a crucial role to educate people how fun it would be to visit the country. As a result, we saw a successive rise of foreign visits to the Philippines over the past few years, with a remarkable portion being those from western countries. Philippines is home to hundreds of festivals.
