5th Annual Summit on

Cardiology and Heart Diseases

October 16-17, 2024 | London, UK

Theme: Reconnoitring Challenges Concerning Prediction & Prevention of Heart Diseases

INVITATION

Dear Attendees,

We are glad to announce the **"5th Annual Summit on Cardiology and Heart Diseases"** to be held in **London, UK** on **October 16-17, 2024** organized in collaboration with generous support and cooperation from enthusiastic academicians and Editorial Board Members. **Cardiology Meeting 2024** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Epidemiology & Public Health and its Research. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

5th Annual Summit on Cardiology and Heart Diseases amid **October 16-17, 2024** at **London, UK.** This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

Cardiology Meeting 2024

Organizing Committee

Cardiology Meeting 2024

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Cardiology Meeting 2024

ABOUT CONFERENCES

Cardiology Meeting 2024 Scientific Committee is honored to welcome you all to attend **5th Annual Summit on Cardiology and Heart Diseases** which will be held during **October 16-17, 2024** at **London, UK**. **Cardiology** will raise the most dynamic and latest issues in the field of Biosensors. The Congress will highlight the discussion around the theme **"Reconnoitring Challenges Concerning Prediction & Prevention of Heart Diseases"** by bridging the gaps between the intellectuals from across the globe to enlighten their research and findings at Cardiology Meeting 2024. The highlights of the conference Cardiology Meeting 2024 – The expeditious growth in the research & development in biosensors has revolutionized the efficacy and sensitivity of analytical devices across Healthcare, Food & Agriculture, and Defenses industries. However numerous difficulties remain for such devices and competing forms of the assay are still relevant, with some still outperforming and providing better value than Cardiology technologies.

Cardiology Meeting 2024 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Cardiology Meeting 2024 Biosensors, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

Cardiology Meeting 2024

ABOUT CONFERENCES

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Cardiology
- Discuss and apply recent research findings related to Cardiology.
- Reflect on the place of critical distance in Cardiology Research.

Who should attend?

Academicians including Professors, PhD. Scholars, Students carrying out Cardiology and field studies, General Internist Pharmaceutical companies Research Scholars Doctors & Physicians Directors / Managers Industrial Professionals Clinical Researchers Healthcare Professionals Professors and students from colleges and universities Business delegates and Intelligence experts Vice Presidents of Medical institutions and Hospitals

Cardiology Meeting 2024 salient features

- Cardiovascular Toxicology and Pharmacology
- Interventional Cardiology
- Cardiac nursing
- Cardiovascular Diseases
- Molecular Cardiology
- Congenital Heart Disease
- Open-Heart Surgery
- Clinical Case reports on cardiology
- Current Research in Cardiology
- Hypertension
- Cardiovascular Medicine
- Cardiovascular Diseases
- Cardiac Surgery
- Molecular cardiology
- Echocardiography & Cardiac Imaging

About Hosting Organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

ABOUT LONDON

London is the capital and largest city of England and the United Kingdom, with a population of just under 9 million. It stands on the River Thames in south-east England at the head of a 50-mile (80 km) estuary down to the North Sea, and has been a major settlement for two millennia. The City of London, its ancient core and financial centre, was founded by the Romans as Londinium and retains its medieval boundaries. The City of Westminster, to the west of the City of London, has for centuries hosted the national government and parliament. Since the 19th century, the name "London" has also referred to the metropolis around this core, historically split between the counties of Middlesex, Essex, Surrey, Kent, and Hertfordshire, which largely comprises Greater London, governed by the Greater London Authority.

London's diverse cultures encompass over 300 languages. The mid-2018 population of Greater London of about 9 million made it Europe's third-most populous city, accounting for 13.4% of the population of the United Kingdom and over 16% of the population of England. The Greater London Built-up Area is the fourth-most populous in Europe with about 9.8 million inhabitants at the 2011 census. The London metropolitan area is the third-most populous in Europe with about 14 million inhabitants in 2016, granting London the status of a megacity.
