Osaka Japan The Land of Rising Sun

Osaka is the capital of Osaka Prefecture and the third-largest city in Japan, with a population of 2.7 million. It is located in the Kansai region of the main island of Honshū, at the mouth of the Yodo River on Osaka Bay. It serves a major economic hub. has a long association with business and economic activity. It's GNP is greater than that of Mexico and Canada and all but eight countries in the world. Historically a merchant city, Osaka has also been known as the "Nation's Kitchen".

The city's transport network is very well developed. Subways make it possible to reach anywhere in the city with in about 30 minutes. Osaka is also the commercial, shipping and industrial center of western Japan, the second major gateway to Japan after Tokyo and the transportation and communication hub of the Kansai region, with a convenient connections to Kyoto, Nara, and Kobe, the Inland Sea area, and Shikoku, which are all nearby.

This city has traditionally been regarded as a city of merchants and is also noted as the birthplace of traditional Japanese theatricals like Kabuki and Bunraku puppet dramas and as the site of some of Japan's most important battles. Osakans have been called the "Latins of Japan." They produce many of Japan's funniest comedians.
