Dear Colleagues!!

Conference Series is pleased to have your prodigious presence at 18th World Congress on Cancer Biology and Radiology in Atlanta, during July 18-19, 2018. The conference is comprised of foremost innovations and trends in Cancer Biology and Radiology and is organized around the theme "Furtherance and Innovations in Cancer care". Cancer-2018 is a package of useful and latest advancements by professional researchers, doctors and industrialists specialized in cancer research and medical imaging methods to provide better technological advancements. Conference is aimed at exploring and putting light on various ventures like advancements in clinical field of cancer biology, novel therapeutics, advancements in treatment of cancer and various radiology diagnostic techniques.

In support of cancer patients, the field of cancer research in is growing quickly and creating various developments as well as clinical innovations. This conference offers a better stage for the doctors, industrialists, researchers and students to share a stance on new ventures of medical sciences, biomedical science and pathological studies. You will be glad to join in Keynote Sessions, Workshops & Symposiums, Oral talks and Poster presentations.

It will also provide a platform as sponsorship and exhibitors to industrialists, business men from medical sectors, entrepreneurs a chance to espouse their product or organization which will be promoted by our conference.

Looking forward to see you at Cancer-2018.

Theme: Furtherance and Innovations in Cancer Care

With Best Regards

About Hosting Organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by

Why Atlanta, Georgia?

Around 17% of the Atlanta population of 30 years of age or older have been affected by cancer so that that even more than 15.4 million. They have been diagnosed with cancer. According to Novartis healthcare in 2015 nearly 4 million cancer surgeries were performed each year. Georgia is one of the best suited hub for production of medicines among all the American states. Due to growing demands in America followed by Europe and Asia, have biggest share of the international medicine and surgical devices market. The mark-up for pharma industries in Atlanta is far above the average mark-up for medicines than in European countries. Moreover there arises a vast need to spread awareness regarding pre-surgical and post-surgical effects to patients

Why to Attend?

Conference on Cancer Biology and Radiology is a package of useful and latest advancements by professional researchers, doctors and Pharmacists specialized in cancer research and treatment to provide better life. An increasing amount of population in the world has resulted in growth of cancer. It is being estimated that, cancer has affected more than 40% of the population globally. Considering the curing and aspects related to it the main agenda is to analyse the marketing potential of latest advancements and therapies. Conference is aimed at exploring and putting light on various ventures like advancements in clinical field of cancer biology and radiology for improvement of previous techniques and introduction to novel therapeutics, advancements in cancer biology and radiology.

Who should Attend?

Deans, Directors, Doctors, Scientists, Cancer Researchers, Radiology and Oncology Students, Radiology and Oncology Faculty, Medical Colleges, Professors, Lecturers, Pharmaceutical Industries, Healthcare Industries, Directors of Association and Societies, Cancer and Radiology Training Institutes, Staff development educators.

Conference Highlights

- Cancer and Cell Biology
- Organ Specific Cancers
- Leukemia and Lymphoma
- Cancer Immunology
- Cancer genomics
- Therapies of Cancer
- Tumor Micro-environment
- Cancer biomarkers
- Oncology and Hematology
- Advancing Immunotherapy
- Cancer and Stem Cells
- Pharmacology of Cancer
- Cancer Drugs and Treatment
- Medical Imaging
- Radiology
- Trends in Radiology
- Diagnostic Radiology
- Radiation Oncology
- Radiotherapy
- Tumour Pathology

Program @ Glance

Day 1	
July 18th, 2018, Wednesday	
Time	Session
08:30 - 09:30	Registration
09:30 - 11:30	Key Note Speech
Group Photo	
11:30 - 11:45	Networking & Refreshment Break
11:45 - 13:00	Track : Cancer & Cell Biology| Track: Organ Specific Cancer
13:00 - 13:45	Lunch Break
13:45 - 16:00	Track : Leukemia & Lymphoma | Track : Cancer Genomics & Microbiology|Track: Cancer Immunology
16:00 - 16:15	Networking & Refreshment Break
16:15 - 18:00	Track: Therapies of Cancer| Track : Gene therapy |Cancer Screening & Biomarkers
Day 1 Concludes	
Day 2	
July 19th, 2018, Thursday	
Time	Session
09:30 - 10:30	Key Note Speech
10:30 - 11:30	Track : Oncology & Hematology|Track: Cancer Pharmacology & Drugs| Track : Cancer & Stem Cells
11:30 - 11:45	Networking & Refreshment Break
11:45 - 13:00	Track: Diagnostic Radiology & Medical Imaging | Tracks : Radiotherapy |Tomography
13:00 - 13:45	Lunch Break
13:45 - 16:00	Track : Carcinogenesis and Mutagenesis | Tracks : Biomedical research advancements
16:00 - 16:15	Networking & Refreshment Break
16:15 - 18:00	Poster Presentations
Award Ceremony	
Day 2 Concludes	

TOURISTS ATTRACTIONS DISTANCE FROM CONFERENCE VENUE

Atlanta Botanical Garden (24 min (12.1 mi) via I-85 N)

The Atlanta Botanical Garden offers a lovely space with a variety of well laid out gardens. The Botanical Garden is a great place year round, with something always in bloom. Spring is, of course, an amazing time with a riot of colors. Some of the highlights include the Orchid Display House in the Fuqua Orchid Center, the Rose Garden, the Winter Garden, the Japanese Garden, the Conservation Garden, and the Desert House.

Georgia Aquarium (19 min (10.5 mi) via I-85 N)

The Georgia Aquarium in Atlanta features a wide variety of marine life and some very interesting and interactive activities for visitors. The aquarium is home to some of the largest creatures in the ocean including whale sharks, the largest fish in the sea. One unique option offered by the Georgia Aquarium is the opportunity to dive or snorkel in the tank with the sharks. To participate in the dive program visitors must have SCUBA diving certification. For those not looking to get wet, the aquarium also has an acrylic tunnel to walk through and view fish swimming on all sides.

Turner Field Tours & Ivan Allen Jr Braves Museum and Hall of Fame (12 min (6.7 mi) via I-85 N)

The origin and history of the Atlanta Braves is displayed at the Ivan Allen Jr. Braves Museum & Hall of Fame in Atlanta. There are all kinds of photos in the museum as well as a video presentation. Visitors can take a guided tour of Turner Field which begins at the Braves Museum and Hall of Fame. Tours generally last about one hour and take in all the major highlights, such as the Coca-Cola Sky Field, Scouts Alley, the Broadcast Booth, the Press Box, Clubhouse, and various other locations.

TOURISTS ATTRACTIONS DISTANCE FROM CONFERENCE VENUE

Piedmont Park (23 min (11.6 mi) via I-85 N)min (11.6 mi) via I-85 N)

Piedmont Park is the oldest and largest park in the Atlanta metro region. The grounds were originally part of the Battle at Peachtree Creek during the Civil War. The overhaul of the pool area, which is now the Piedmont Park Aquatic Center, led to the expansion of Piedmont Park. Other additions include the Legacy Fountain, the Magnolia Greenway, new bridges, fishing piers, and restored natural areas with trails and walkways. The park also hosts various events from musical entertainment to fitness programs

Stone Mountain Park (1 h 1 min (34.3 mi) via I-285)

16 miles east of the city centre is Stone Mountain Park, commemorating the soldiers of the southern states who fell in the Civil War. In the centre of the park is Stone Mountain, an 863 foot high mass of exposed granite with a circumference of 5 miles. On the east flank of the hill is an equestrian relief, hewn from the rock, depicting the three Confederate leaders. The top of the hill can be reached by cable car, and around it runs an old steam railway. Nearby is an artificial lake on which there are paddle-steamer cruises. Other features are a museum devoted to the early days of industrialization in the southern states, a Civil War Museum and a restored antebellum plantation.

Center for Puppetry Arts (23 min (11.7 mi) via I-85 N)

The Center for Puppetry Arts is a hands-on museum with a large collection of puppets from around the world. Some of the displays include Chinese hand puppets and African rod puppets. Other exhibits feature posters, videos and photographs about puppetry. The Center offers a range of productions, from the Family Series performances to New Directions Series performances, which are designed for teen and adult audiences and focus on more sophisticated themes.

TOURISTS ATTRACTIONS DISTANCE FROM CONFERENCE VENUE

The Fox Theatre (16 min (9.9 mi) via I-85 N)

The interior of the theatre has seen considerable restoration work over the years in an attempt to maintain its original elegance, including the repair and restoration of the furniture collection to preserve its 1929 appearance. Performances at the Fox include diverse entertainment options such as operas, ballet, rock concerts, and movies, with hundreds of performances each year. In addition to the theatre, there are two ballrooms, the Egyptian Ballroom and the Grand Salon. Both of these have been beautifully restored and are available for special events.

World of Coca-Cola (17 min (10.3 mi) via I-85 N)

The World of Coca-Cola is a museum, located in Atlanta, Georgia, showcasing the history of The Coca-Cola Company. In 1886 a chemist named Dr John Pemberton devised a syrup designed to relieve headaches. A friend of his mixed the glutinous liquid with water and carbonic acid, and the result of the mixture soon became the world's most popular soft drink. The World of Coca-Cola entertainingly illustrates the history and triumphal progress of the world-famous drink

Fernbank Museum of Natural History (24 min (12.5 mi) via I-85 N and GA-10 E)

The Fernbank Museum of Natural History portrays the natural history of Georgia as well as technical and scientific phenomena with the aid of modern techniques. Some of the most eye catching exhibits at the museum are the huge dinosaur statues at the entrance and the dinosaur skeletons in the Great Hall. Perhaps more entertaining are the interactive displays of the "Sensing Nature". The floors are made of limestone tiles with embedded fossils. A huge gallery is dedicated to special exhibitions of temporary and traveling exhibits. There is also an IMAX theater showing nature related movies, as well as an on-site Star Gallery.
