Cell Signaling 2017

Cell Signaling and Cancer Therapy

September 27-28, 2017 Chicago, USA

Tentative Scientific Program
Speaker Opportunities available, submit your abstract online @ http://cellsignaling.conferenceseries.com/abstract-submission.php
Keynote Forum
Featured Keynote Presentations
Title: Novel ectopic signaling of MAN2A1-FER fusion protein
Jianhua Luo, University of Pittsburgh , USA
Title: An empirical assay for assessing genomic sensitivity and for improving cancer diagnostics
Diana Anderson, University of Bradford, UK
Title: TBA
Colleen Huber, Naturopathic Oncologist (FNORI), USA
*** Keynote Speaker Slots are available***
Chair Session Diana Anderson, University of Bradford, UK
Featured Speaker Presentations
Title: The promise of epigenetic therapy in solid tumors: DNA methylation inhibitors in testicular cancer
Michael Spinella, University of Illinois Urbana-Champaign, USA
Title: Genetic and epigenetic clues: A promising insights to tame carcinoma drug resistance
Nilesh Kumar Sharma, D. Y. Patil Biotechnology and Bioinformatics Institute, India
Title: Do Breast Cancer Units treat patients based on their own neoadjuvant protocols
Vasco Fonseca, Centro Hospitalar Lisboa Ocidental (CHLO), Lisbon,Portugal
Title: The presence of breast cancer related proteins in saliva
Charles F. Streckfus, University of Texas School of Dentistry, Houston
Speaker Slots are available

Program at a Glance

Title: G0S2 represses PI3K/AKT/mTOR signaling and increases sensitivity to PI3K/mTOR pathway inhibitors in estrogen receptor-positive breast cancer cells
Sarah Freemantle, University of Illinois Urbana-Champaign, USA
Title: Hepatocellular Carcinoma: the role of host immunity in the regulation of proliferative responses
Natalyn N. Hawk, Emory Winship Cancer Institute, USA
Title: Investigation of LRRC24, a putative negative regulator of ErbB receptor tyrosine kinases
Amber Andrews, USA
Title: A preliminary pharmacological study on hypoglycemic and anlagesic effects of Momordica charantia L. (fruits, boiled and non-boiled) methanol extract in Swiss Albino mice
ZahidHasan Khan, University Of Development Alternatives, Bangladesh
Title: RhoC-ROCK2 signaling regulate radio-resistance in cervical carcinoma by modulating DNA repair activity
Sweta Srivastava, National Centre for Biological Sciences, India
Workshop Slots are available
Workshop Title: A novel role of BMI1 in prostate cancer
Group Members: **Jindan Yu,** Northwestern Medicine Feinberg School of medicine, USA **Qi Cao,** University of Michigan, USA **Zhaoyu Li,** Mayo Clinic, USA **Guoan Chen,** University of Michigan Medical School,USA **Qiou Wei,** University of Kentucky College of Medicine, USA
Speaker Slots are available
Posters and Young research forum Slots are available
Media Partners Slots are available
Exhibitors and sponsorship Slots are available
Last Updated On: April 19, 2017
Find 150 More Featured Speaker Presentations from USA, Europe, Middle East and Asia pacific : Please Visit: http://infection.omicsgroup.com/europe/
visit :http://cellsignaling.conferenceseries.com/registration.php
**Note: Tentative program has been designed with the projected speakers names and titles.

About Chicago

Chicago *is also known as* **City of Chicago** *or* **Windy City**, *is the third-most populous city in the United States. With over 2.7 million residents, it is the most populous city in the state of Illinois and the Midwestern United States, Chicago was incorporated as a city in 1837, near a portage between the Great Lakes and the Mississippi River watershed. The city is an international commerce, industry, technology, telecommunications, and transportation, O'Hare International Airport is the second busiest airport in the world when measured by aircraft traffic, the zone also has the biggest number of U.S. highways and rail road freight. In 2012, Chicago was listed as an alpha global city by the Globalization and World Cities Research Network, and ranked seventh in the world in the 2014 Global Cities Index. The city has one of the world's largest and most diversified economies with no single industry employing more than 14% of the workforce.*

In 2016, Chicago hosted over 52 million international and domestic visitors, a new record for the city making it one of the top visited cities in the nation. Chicago has the 3rd largest gross metropolitan product in the United States about $630.3 billion conferring to 2014–2016 estimates. Chicago's culture includes the visual arts, novels, film, theater, especially improvisational comedy, and music, particularly jazz, blues, soul and house music. There are many colleges and universities in the Chicago area among these, Northwestern University, the University of Chicago, and the University of Illinois at Chicago are categorized as highest research doctoral universities. Chicago also has professional sports teams in each of the major professional leagues. Chicago was named the fourth-most important business center in the world in the MasterCard Worldwide Centers of Commerce Index. Chicago is a major world financial center, with the second-largest central business district in the United States. In 2014, Chicago attracted 50.17 million domestic leisure travelers, 11.09 million domestic business travelers and 1.308 million overseas visitors. The city formally exposed the Museum Campus, a 10-acre (4.0 ha) lakefront park, surrounding three of the city's main museums, each of which is of national importance, the Adler Planetarium & Astronomy Museum, the Field Museum of Natural History, and the Shedd Aquarium. The University of Chicago Oriental Institute has an extensive collection of ancient Egyptian and Near Eastern archaeological artifacts. Other museums and galleries in Chicago include the Driehaus Museum, the Museum of Contemporary Art, the Peggy Notebaert Nature Museum, the Museum of Broadcast Communications, the Chicago Architecture Foundation, and the Industry. Chicago was the first city in the world to ever erect a ferris wheel

Conference Highlights

- *Cell Signaling*
- *Modes of Signaling & Signaling Pathways*
- *Protein Signaling & Neuronal Signaling*
- *Signaling Defect and Diseases*
- *Cell Adhesion and Cell Communication*
- *Advanced Approach in Cell Signaling*
- *Cancer Therapy*
- *Radiation Therapy*
- *Chemotherapy*
- *Immunotherapy & Targeted Therapy*
- *Cancer Stem Cell Therapy*
- *Common & Novel Therapies in Cancer Treatment*
- *System biology*
