Poster Guidelines

Conferences Series LLC includes poster presentations which will be later published in the Program. The accepted abstracts will be presented at the poster session during the conference. Conference Series LLC aims in setting a platform for all the budding scientists and researchers to present their real-time work and share their views and aspects related to the theme of the conference.

Poster Sessions:

On the day your poster is scheduled, it should be put up on/ before the mentioned time of the conference. All the posters will be removed by the end of the same day.

Poster Size:

Each poster should be approximately 1x1 M long.

The title, contents and the author's information should be clearly visible from a distance of 1-2 feet.

Content:

Use fonts such as Arial/Times New Roman in a reasonable font size that should be easy to read. The spacing between the lines should also be taken into consideration.

A very simple format should be used representing all the details about the research carried by the author.

Long narrated paragraphs should be avoided.

Short phrases and bulleted points should be used in the poster to present the main highlights of the work done.

The Poster should include the following:

Overview: A summary of the purpose, methods, and results should be mentioned on either of the upper sections of the board.

Introduction: An idea about the objective and background of the work should be mentioned.

Methods: Simple description of the apparatus, chemistry, samples, materials, etc used in the research is to be mentioned in the poster.

Results: Graphs, spectra, charts, pictures, etc., with a minimum of text to illustrate the nature of the results.

Conclusions: The positive and negative aspects of the work carried out are to be displayed along with the obtained results. Future research prospective and developing aspects of the related research can also be discussed.
