Invitation

Dear Attendees,

We are glad to announce the **2nd Annual Congress on Polymer and Materials Chemistry** to be held in **Osaka, Japan** on **April 15-16, 2019** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. **Chemistry 2019** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of 2nd Annual Congress on Polymer and Materials Chemistry. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and live interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. 2nd Annual Congress on Polymer and Materials Chemistry held in April 15-16, 2019 at Osaka, Japan consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

Chemistry 2019

Organizing Committee

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes facebook
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues: All accepted abstracts will be published in respective Conference Series llc LTD Journals

Each abstract will be provided with digital Object Identifier by Crossref

About Conferences

Chemistry 2019 Conference website is attracting 25000+ Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Industrial Giants, Physics Societies and the people Associated, Nobel laureates in Optics, laser and Laser , Physicists , Optics Professionals, Laser Professionals, Photonics Professionals, Optics and Laser companies, Optics Laboratories and Technicians , Research Institutes and members, Supply Chain companies, Manufacturing Companies, Training Institutes, Business Entrepreneurs. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Chemistry 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about 2nd Annual Congress onPolymer and Materials Chemistry, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

About Conferences

Objectives

After participating in this meeting, attendees should be able to
Discuss emerging issues in Polymer and Materials Chemistry
Discuss and apply recent research findings related to Polymer and Materials Chemistry
Reflect on the place of critical distance in Polymer and Materials Chemistry

Who should attend?

Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Industrial Giants, Physics Societies and the people Associated, Nobel laureates in Optics, laser and Laser , Physicists , Optics Professionals, Laser Professionals, Photonics Professionals, Optics and Laser companies, Optics Laboratories and Technicians , Research Institutes and members, Supply Chain companies, Manufacturing Companies, Training Institutes, Business Entrepreneurs.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

Conference Sessions

- Organic chemistry
- Natural Polymers
- Synthetic polymers
- Chemistry and polymer science
- Analytical polymer science
- Polymers in medical applications
- Polymers in navy
- Polymers in tissue engineering
- Drug delivery systems
- Polymers for advanced technologies
- 3D printing of polymers and metals
- Metallurgy
- Ceramic science
- Solid state chemistry
- Materials analysis
- Instrumentation for materials research
- Electronic and Information materials
- Energy applications of material science
- Challenges to material science
- Innovation in material technologies

About Osaka

Osaka is well known for its food in Japan and abroad. Osakans' love for the culinary is made apparent in the old saying Kyotoites are financially ruined by overspending on clothing; Osakans are ruined by spending on food. Regional cuisine includes okonomiyaki (pan-fried batter cake), takoyaki (octopus in fried batter), undo (a noodle dish), as well as the traditional oshizushi (pressed sushi), particularly batter (pressed mackerel sushi). Osaka has started to garner more attention from foreigners with the increased popularity of cooking and dining in popular culture. The best time to travel to Osaka in Japan are in the months of May, June, July, September and October that have nice weather with a good average temperature. The city's transport network is very well developed. Subways make it possible to reach anywhere in the city with in about 30 minutes. Osaka is about 30 minutes by train from Kyoto and Nara with their many cultural and historical sights, and Kobe with their exotic and fashionable atmosphere.
