Climate 2018
New York, USA

Tentative Program

5th World Conference on

Climate Change and Global Warming

May 23-24, 2018 | New York, USA

Abrupt Impacts of Climate Change

Conference Secretariat

Kemp House,152 City Road,
London, EC1V 2NX, United Kingdom
Tel: +1-702-508-5197 Ext : 8066 and +1-702-508-5200 Ext: 8017
Email: climatechange@americaconferences.org

Organizing Commitee Memebers

Dr. Carlos Eduardo Pellegrino Cerri
Associate Professor
University of Sao Paulo
Brazil

Dr. Philip M. Haygarth
Professor
Lancaster University
UK

Dr. Abbas Amini
Assistant Professor
Western Sydney University
Australia

Dr. Armen B Avagyan
Professor
Moscow State university
Armenia

Dr. Olusola Olutayo-David
Chairman / Chief Executive Officer
Africa Regional Centre for Clean
Technology and Energy Efficiency
Nigeria

Keynote Speakers

Soil carbon sequestration and greenhouse gas emission reduction from agricultural systems in Brazil

Dr. Carlos Eduardo Pellegrino Cerri
Associate Professor , University of Sao Paulo, Brazil

Phosphorus Transfer from Land to Oceans Accelerating Under Climate Change

Dr. Philip M. Haygarth
Professor , Lancaster University, UK

Climate change, necessities of change in Global environmental policy and microalgae application

Dr. Armen B Avagyan
Professor, Moscow State university, Armenia

Program at a Glance

Program at a Glance

Day 1

Morning Sessions	Reception/Registration	08.00-09.00		Day 1
		Time	General Session	
	Least of 3 Keynote/Plenary Talks	09.00-09.15	Inaugural Address	
		09.15-09.45	Keynote/Plenary Talk 1	
		09.45-10.15	Keynote/Plenary Talk 2	
		10.15-10.45	Keynote/Plenary Talk 3	
	Panel Discussions/Group Photo			
	Coffee/Tea Break 10.45-11.00 (Networking)			
	11.00-12.30	Climate Change	Global Warming	
	Lunch Break 12.30-13.15			
	13.15-14.15	Green Energy	Pollution	
	Coffee/Tea Break 14.15-14.30 (Networking)			
	14.30-15.45	Recycling	Natural Hazards	

Day 2

Morning Sessions		Time	Session 1	Session 2
	09.00-10.45		Environmental Toxicology	Oceanography and Marine Biology
	Coffee/Tea Break 10.45-11.00 (Networking)			
	11.00-12.30		Geophysics and Geotechnics	Natural Gas Recovery
Evening Sessions	**Lunch Break 12.30-13.30**			
	13.30-14.30		Geosciences	Oil and Gas
	Poster Sessions			
	Coffee/Tea Break 14.30-15.00 (Networking)			
	15.00-16.00		Chemical Engineering	Renewable Energy and Resources
	16.00-17.00		Biofuels and Bioenergy	GIS and Remote Sensing
	Awards & Closing Ceremony			

NOTE: Program Shedule is subject to change with final allotment of the speaker slots

For more Details PS: https://climate.conferenceseries.com/

climatechange@americaconferences.org | climate@americaconferences.org

Featured Speakers

Keynote Opportunities Available

Title: The need for new energy sources is one of the leading environmental concerns
Aayana Ingram, *USA*

Title: Galamsey Operation: Sensitization of galamsey operation
Abdul-Aziz Aminu, *Ghana,West Africa*

Title: Sustainable composite adsorbent for the treatment of high strength palm oil mill effluent using adsorption
Adeleke O Abdulrahaman, *UTHM, MALAYSIA*

Title: Spatial and Temporal Distribution of Atmospheric Ammonia using Satellite Observations over South Asia during the time-period of 2004-2011
Aimon Tanvir, *National University of Science and Technology,Pakistan*

Title: Identifying appropriate indicators for vulnerability to climate change
Alyosha Ezra Mallari, *Philippines*

Title: A research proposal for sensitization on galamsey operation in noyem in the birim north district in the eastern region
AMINU ABDUL AZIZ, *Ghana, West Africa*

Title: Climate change, necessities of change in Global environmental policy and microalgae application
Armen B Avagyan, *Moscow State university,Armenia*

Title: Effect of sowing depth and NPK on Invigoration of Crotalaria senegalesnsis grown on a deteriorated rangeland in Sudan
Atif H. Naim, *University of Gadarif,Sudan*

Title: Poetry and Music as valuable tools for Climate change education for Global Sustainability
Benjamin Anabaraonye, *Benjy Poetry and Music Global Concepts,Awka,Nigeria*

Title: Climate Change impacts on Natural vegetation Cover of Ethiopia
Binyam T. Hailu,*Philipps-Universität Marburg, Germany.*

Title: Climate change and Population Growth Impacts on Surface water Supply and Demand of Addis Ababa, Ethiopia
B. Kifle Arsiso, *Ethiopian Civil Service University,Ethiopia.*

Title: Discovery of reduction in photosynthesis correlation to Carbon Dioxide increase
Dave White, *Chemical Engineering, United States*

Title: Impact of Resettlement on Woody plant species: The case of Guraferda woreda in Bench Maji zone, south western Ethiopia
Dejenie Abere, *Environmentalist,Ethiopia*

Title: Carcinogenic risk assessment of benzene from an Oil and Gas Field
Dinara Kenessary,*KazNMU, Almaty,Kazakhstan*

Title: Variations between deposition and erosion environments recorded in the shell sediments during the past 1300 years in the south coast of the Korean Peninsula
Dong-Yoon Yang,Korea Institute of Geoscience and Mineral Resources,Korea

Title: The path to reaching Ecological Civilization as a Developing Nation through the knowledge of Ecological Footprint
Gbujie Daniel Chidubem, *University of Port Harcourt Teaching Hospital,Nigeria*

Title: Is Climate Change the Armegedoon Foretold to the World?: A Review
Gbujie Daniel Chidubem,University of Port Harcourt Teaching Hospital,Nigeria

Title: Climate Change and Its Effect on Rainfall Quantities in Amman-Basin
Ghassan AL-Dulaimi,*Philadelphia University , Jordan*

Featured Speakers
Keynote Opportunities Available

Title: Modeling the influence of climatic change on current and future malaria expansion in Northern Ethiopia
Haftu Abrha, *Mekelle University, Ethiopia*

Title: Developing Policies for Green and Sustainable building: What can Nigeria learn from United States of America
Iheanyichukwu Joachim Onuoha, *Imo State University,Nigeria*

Title: Adaptation to Climate Change Effects and Competition Between Ports: Invest Now or Later
Laingo Randrianarisoa, *University of British Columbia,Canada*

Title: Evaluation of Heating/Cooling Potential of the Passive Building
Seraj Ahmad, *Aligarh Muslim University,India*

Title: Multifunctional Nanocomposites Of Chitosan, Silver Nanoparticles, Copper Nanoparticles And Carbon Nanotubes For Water Treatment: Antimicrobial Characteristics
Manal M. Zaki, *Cairo University, Egypt*

Title: The Federal Democratic Republic of Ethiopia
Menbere Kinfe, *Leather Industy Development Institute, Ethiopia*

Title: The role of natural gas to lower greenhouse emissions
Mireille Toulekima,Australia.

Title: Utilization of Selected Fungal Strains to Treat Old Landfill Leachate
Mofizul Islam, *University of Manitoba, Canada*

Title: Design with nature: Vernacular buildings adaptation to sand landforms in Sahara desert.
Mohammed Sherzad, *Canada*

Title: Assessment of Land Use Land Cover Change Dynamics Using GIS and Remote Sensing: Case study of Soro District, Southern Ethiopia
Sintayehu Legesse Gebre, *Jimma University, Ethiopia*

Title: Overview of climate change scenario of Nepal
Narayan Prasad Gautam,*Tribhuvan University, Nepal*

Title: The hydrological regime and nutrient loads response to climate change and human activities in transboundary basin: A casestudy in 3S river Basin – Lower Mekong Basin
Nguyen Thi Thuy Trang,*University of Yamanashi,Japan*

Title: Development of Seaweed Biomass Sea Farming Technology for Biotech Sustainable Materials: Reciprocal Climate change Mitigation and Marine bioremediation
Oladokun S Olanrewaju, *University Malaysia Terengganu, Malaysia.*

Title: Oil Exploration, Landscape Desecration and Hazardous Times: Musical Narratives from Niger Delta Region of Nigeria
Olusegun Stephen Titus, *Obafemi Awolowo University,Nigeria.*

Title: Climate Change and its Effect on the Global Economy and Security
Oluwaseyi O. Adebayo,University of Manitoba, Canada .

Title: Morphological Variations of Ammonia tepida (Cushman) Tests in Response to Heavy Metal Pollution in Manzala Lagoon, Egypt
O.H. Orabi,*Menoufia UniversityEgypt.*

Title: Concerns of fairness, Justice and equity to Climate change
Pankaj Choudhary, *University of Delhi, India*

Title: Phosphorus Transfer from Land to Oceans Accelerating Under Climate Change
Philip M. Haygarth, *Lancaster University, UK .*

Title: Adaptation Assessment for Silage Maize Production in Response to Climate Change in a Semi-Arid Region
Renalda El-Samra,Rafik Hariri University,Lebanon

Title: Children and Global Warming
Ruth Emmanuel Babatunde,*Nigeria.*

Featured Speakers
Keynote Opportunities Available

Title: Impacts of Climate Model Parametric Uncertainty in an MPC Implementation of the DICE Integrated Assessment Model
Salman Hafeez, *University of Essex, UK*

Title:Energy consumption and Environment: The case of Coal, gas and Hydel energy Consumption in Selected Asian Countries
Shahzad Hameed,*University of Agriculture Faisalabad.*

Title: Selection of a new stock of Rainbow trout adapted to a warmer Patagonia
Crichigno S,*Universidad Nacional del Comahue, Argentina*

Title: An assessment into the effects of Climate Change on smallholder Farmers of Chibi district in Masvingo, Zimbabwe
Tafadzwa Musakanya,Mutare Polytechnic College, Zimbabwe

Title: Climate Change in the Cool Climate Wine Regions of Canada: Risks, Opportunities and Adaptive Strategies
Tony. B. Shaw,*Viticulture Institute Brock University, Canada*

Title:Influence of the seismicity on the climate change
Vladimir Babeshko , *Russian*

Title: Genotoxic and Biochemica Effects of Consumption of Heavy Metal Contaminated Fish and its Reversal using zinc Supplements in Rats
Dr.BOLAWA, OLATUNDUN ENIOLA, *University of Lagos,Nigeria*

Title: Influence of Global Warming on selected Climatic Variables in port Harcourt and its Environs, Southern Nigeria.
Peter Ndu Okeke, *Federal University of Technology, Nigeria.*

Title: Development of Hybrid-Cell-in-Series model to Simulate Nitrite Nutrient Pollutant Transport along a River
KAYODE OLOWE, *University of KwaZulu-Natal,South Africa.*

Title: Impact of Global Warming on Dissolved Oxygen Concentrations in River Nile and on the Waste Allocation Plan of the River (Present and Future plan)
Rawnaa Yassin, *American University, Egypt.*

Title: Evaluation of the degree of pollution of groundwater resources in a continuous aquifer of sedimentary formations: Case of localities of Bingerville
Brou Dibi, *University of Jean Lorougnon Guedé, Daloa, Côte d'Ivoire*

Title: Black Carbon (SOOT) Air Pollution and Global Warming in Port-Harcourt Nigeria
Angel Di Michael,*Nigeria.*

Title: Oil Exploration and Exploitation in Niger Delta, Rivers State Nigeria; a Serious Case of Environmental and Water Pollution
NWABINELI EMMANUEL ONOCHIE ,Akanuibiam Federal polytechnic, Nigeria.

Title: Panacea to Global Warming: Bio-Based Fuels as Viable Carbon Neutral Alternatives.
Dr. Helen Ogunsuyi, *Federal University of Technology, Nigeria*

Title: The utility of purge and recovery testing to characterize ground-gas flux
Dr.Arthur Nwachukwu, *Federal University, Nigeria*

Title: Global Warming Meaning, Effect and Control
Mr.olumuyiwa Amosu, Nigeria

Title: Environmental Impact Of Microbes On Awba Dam; Its Effect On Ecotourism
Dr.Funmilola AJANI, *University of Ibadan, Nigeria*

Title: Monitoriyng state of the environment in the Pre-Carpathian region of Ukraine
Viktoriia Ribun, *Vasyl Stefanyk Precarpathian National University, Ukraine*

Title: Design of biofuel production units from Jatropha curcas
Mouako Djeumako Boris,National school of Agro-industrial sciences of Ngaoundere, Cameroon

Title: Environmental Health Assessment in Sulaymaniyah City and Vicinity
Mr.Faisal salih , Sulaimani Polytechnic University , *Iraq*

Featured Speakers
Keynote Opportunities Available

Title: Children and Global Warming
Ruth Emmanuel Babatunde , *Nigeria*

Title: Dangers of climate change and its impacts on economy and food security to developing countries – Case study Uganda.
Nakandi Winifred, *National Students' Association, Uganda*

Title: Hydrological Responses of Climate Change on Lake Ziway Catchment, Central Rift Valley of Ethiopia
Tesfalem Abraham, *Hawassa University, Ethiopia*

Title: Ambient Air Pollution in Uganda's Extractive Industry and Civil Legal Liabilities for environmental Harm- Case Study Kasese District Western Uganda
Mr.Kato Paul, *Uganda National Students' Association, Uganda*

Title: Understanding the implications and appraising the response of global warming to highlight innovative approaches to minimize climate change threats
Kasozi Davis *,Makerere University, Uganda*

Title: The Causes, Effects and Remedies to Rural Deforestation in Liberia
William k. Tetteh, *St. Clements University Liberia*

Title: Health Risk Assessment of selected Heavy metals in Saccharomyces cerevisiae biomass produced from Cassava mill effluents
Sylvester Izah, *Niger Delta University, Nigeria*

Title: Assessment of pollution load of heavy metals in cassava mill effluents contaminated soil: A case of small-scale cassava processing mills in a rural community in the Niger Delta region of Nigeria
Sylvester Izah, *Niger Delta University, Nigeria*

Title: Salting-Out Assisted Liquid-Liquid Extraction Combined with HPLC for Quantitative Extraction of Trace Multiclass Pesticide Residues from Environmental Waters
Yosef Alemayehu,*University of South Africa, Ethiopia*

Speakers slots and 2 Workshop slots available

Attend the conference along with your group and avail Group Discounts

About City

New York is the capital of and the most crowded city in the U.S, with an estimated 2016 population of 8,537,673. Distributed over a land area of about 302.6 square miles. New York City is also the most densely populated major city in the United States. The state of New York, the city is the center of the New York metropolitan area, with an estimated 23.7 million residents as of 2016. A global power city, New York City has been described as the cultural, financial, and media capital of the world, and exerts a significant impact upon commerce, entertainment, research, technology, education, politics, and sports. The city's fast pace defines the term New York minute. Home to the headquarters of the United Nations, New York is an important center for international diplomacy.

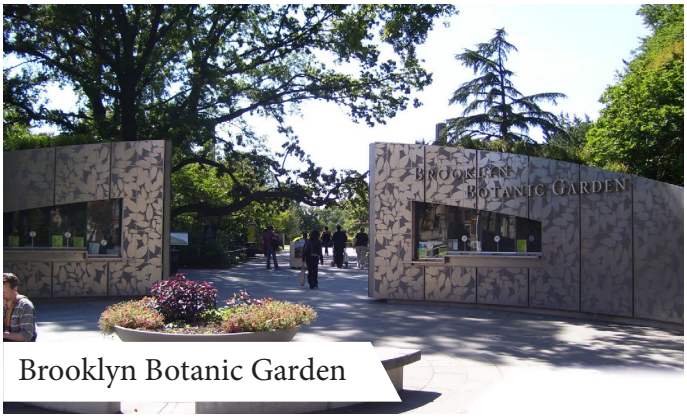

Situated on one of the world's largest natural harbors, New York City consists of five boroughs, each of which is a separate county of New York State. The five boroughs – Brooklyn, Queens, Manhattan, The Bronx, and Staten Island – were consolidated into a single city in 1898. The city and its metropolitan area constitute the premier gateway for legal immigration to the United States and as many as 800 languages are spoken in New York, making it the most linguistically diverse city in the world. New York City is home to more than 3.2 million residents born outside the United States, the largest foreign-born population of any city in the world. In 2013, the tri-state New York Metropolitan Statistical Area (MSA) produced a gross metropolitan product (GMP) of nearly US$1.4 trillion. If New York City were a country, it would have the 12th highest GDP in the world.

Tourist Attractions

American Museum of Natural History

Brooklyn Botanic Garden

Brooklyn Bridge

Central Park Zoo

Charging Bull

Empire State Building

Liberty Island

Times Square
