# About us

## Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

## Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

## Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- Continuum of education through organized scientific
- program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

## Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed jour nals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

**Special Issues : All accepted abstracts will be**

Published in Respective Supported Journals

Each Accepted abstracts will be provided with A digital Object Identifier by Crossref

The fundamental subject of Climate Change & Environmental Science. This unique opportunity that we extend to our speakers and attendees is notbeing offered by anyother conference organizers. Through this the abstracts and research profiles of ourspeakers andorganizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

## Climate Change Conference 2025 salient features

- MeetAcademia and Industryvisionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forgeconnections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meetwith new vendorsand suppliers

## How Conference Series LLC Ltd. Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

# About Conference

- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

## Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peertopeernetworking and collaboration. The goals of the conference is to provide a transformative professional developmentexperience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Climate Change & Environmental Science present the most recent research
- findings, and promoteand enhance scientific collaborations around the world.

Crossref

## Major Sessions

- Climate Change and Climatology
- Pollution & Its Effects on Climate
- Environmental Toxicology
- Endangered Species and Forestry
- Risks of Climate Change
- Earth Science and Climate Change Policies
- Climate Hazards
- Global Warming
- Earth Science
- Climate Change & Biodiversity
- Health Consequences & Adaptability Development
- Regenerative Agriculture to Reverse Climate Change
- Climate Change Challenges & Sustainability
- Greenhouse Gases
- Climate Change: Marine Life
- Waste Management
- Air pollution
- Solar and volcanic activity
- Climate change adaptation

# About London

**London**, the capital of the United Kingdom, is a vibrant metropolis steeped in history, culture, and innovation. Home to over 9 million people, it is one of the world's most diverse and dynamic cities, where centuries-old landmarks blend seamlessly with cutting-edge architecture and global trends. From the iconic Big Ben and Tower of London to Buckingham Palace and Westminster Abbey, London is a treasure trove of history. Explore world-class museums like the British Museum, Natural History Museum, and Tate Modern—many of which offer free admission. London is a global hub for arts and entertainment. The West End theatre district rivals Broadway, offering everything from classic plays to blockbuster musicals. The city also hosts internationally renowned events, concerts, and exhibitions throughout the year. Indulge in shopping at Oxford Street, Covent Garden, or the luxurious Harrods. London's culinary scene is just as impressive—from traditional fish and chips and afternoon tea to Michelin-starred restaurants and vibrant international street food. Despite its urban energy, London offers plenty of green escapes. Stroll through Hyde Park, Regent's Park, or take a boat ride along the River Thames. These serene spots provide a refreshing contrast to the bustling city life. A global leader in finance, technology, and education, London is home to top universities and major global businesses. With five major airports and an extensive public transport network, it's one of the most connected cities in the world.
