Being in Germany

Berlin is the capital and the biggest city of Germany and in addition one of its 16 constituent states. With a populace of around 3.7 million, Berlin is the second most crowded city

appropriate in the European Union and the seventh most crowded urban range in the European Union. Situated in north eastern Germany on the banks of the waterways Binge

and Havel, it is the focal point of the Berlin-Brandenburg Metropolitan Locale, which has about 6 million inhabitants from more than 180 countries. Because of its area in the

European Plain, Berlin is impacted by a calm occasional atmosphere. Around 33% of the city's region is made out of woodlands, parks, gardens, waterways, channels and lakes.

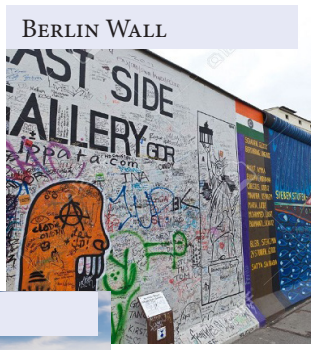

The city has four open research colleges and more than 30 private, expert, and specialized schools (Hochschulen), offering an extensive variety of orders. A record number of 175,651 understudies were selected in the winter term of 2015/16.Among them around 18% have a universal foundation.
