- Nutrition, Obesity and Diabetes
- Nutrition and Cancer Prevention
- Nutrition and Cardiovascular Health
- Public Health Nutrition
- Pediatric Nutrition and Obesity
- Nutrition in Women and Postmenopausal diet
- Balanced Diet- Measures and Recommendations
- Nutritional Physiology and Food Biochemistry
- Probiotic Nutrition and Enteral nutrition
- Foods and Nutritional Supplements
- Nutrition in Chronic illness
- Current research in Nutrition and Food sciences
- Sports Nutrition
- Role of Nutrition in Disease Prevention
- Parenteral Nutrition
- Diabetes Nutrition
- Malnutrition
- Animal & Plant Nutrition

Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors

Best Tourist Destinations in Rome, Italy

About Rome

Rome, the city of seven hills, enjoyed a mythic beginning. Romulus and Remus — twin brothers who were nursed by a she-wolf and fathered by a war god — reportedly founded the Eternal City. And although historians are a little skeptical about this epic entry into the world, most travelers are absolutely certain that there is something magical about Rome. Whether it's the mystery of nearby Vatican City or the ghosts of the Colosseum, an afternoon caffè on Piazza Navona or a piled-high plate of pasta at a trattoria, Roma is sure to enchant. it is also the country's largest and most populated commune and fourth-most populous city in the European Union by population within city limits.

Italy's capital city, Rome is also known for a history that dates back to the eras of Octavian, Julius Caesar and Hadrian, among others. Left behind are structures like the Pantheon, the Roman Forum and dozens of churches, among other historic gems. Art enthusiasts will relish the trove of art housed at the Vatican Museums, and foodies will enjoy the splendid Italian fare, not to mention the gelato. And though its momentous past is the focus for many vacationers, Rome is also a fast-paced, modern and relevant city, with gleaming designer storefronts, sleek hotels and cutting-edge restaurants.

Be sure to take time to enjoy la dolce vita — even a week isn't long enough to experience everything Roma has to offer. From historic tours through ancient Rome (Colosseum, Roman Forum) to Sunday morning shopping at the Porta Portese flea market to climbing to the top of St. Peter's Basilica, this city is bursting with things to do. You can help your chances of returning to Roma by tossing a coin in the Trevi Fountain; fate might just bring you back to the Eternal City, or so the legend goes.
