Program

International Conference on

Medical and Clinical Microbiology

July 03-04, 2017 Bangkok, Thailand

To magnify the knowledge in the field of clinical microbiology

Seating is Limited
Register Today!

Conference Secretariat
2360 Corporate Circle, Suite 400 Henderson
NV 89074-7722, USA

Conference Series
Direct: (702) 508-5200 Ext: 8083
Tel: +1 (800) 216 6499
Email: clinmicrobiology@microbiologyconferences.org
clinmicrobiology@microbiologyconferences.com

Eminent Speakers

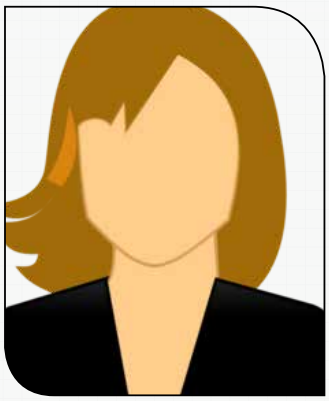

Efi Petinaki
University of Thessaly
Greece

Fatima Binti Hashim
Universiti Malaysia
Kuala Nerus, Terengganu, Malaysia

Lile Malania
Head of General Bacteriology
Laboratory, Georgia

Mohamudha Parveen
Prince Sattam bin Abdulaziz University
Kingdom of Saudi Arabia

Nader Moosavari
Razi Vaccine & Serum Research
Institute, Karaj

Shayanki Lahiri Mukhopadhyay
National Institute of Mental Health and
Neuro Sciences Bangalore, India

Tentative Program

Special Sessions

Title: Molecular characterization of Staphylococus aureus isolated from Greek adults with Soft Skin Tissue Infections (SSTIs)
E. Petinaki, University Hospital of Larissa, Greece
Title: Emergence of ST117 Enterococcus faecium carrying both vanA and vanB genes in Greece
E. Petinaki, University Hospital of Larissa, Greece
Title: HPV subtypes in patients with cholesteatoma in Central Greece
E. Petinaki, University Hospital of Larissa, Greece
Title: Study of Prevalence of Bartonella infections among patients with fever of unknown origin in the country of Georgia
L. Malania, National Center for Disease Control and Public Health, Tbilisi, Georgia
Title: Mechanisms of cell death in eukaryotic microorganism: An in-depth overview
Fatimah binti Hashim, School of Fundamental Science, Malaysia
Title: Carriage of Integron classes in ESBL producing Klebsiella pneumoniae isolates from blood stream infections.
Mohamudha Parveen Rahamathulla, Prince Sattam bin Abdulaziz University
Title: Comparative Analysis of Clinical and Environmental Isolates of Cryptococcus neoformans and Cryptococcus gattii species complexes from India
Shayanki Lahiri Mukhopadhyay, National Institute of Mental Health and Neuro Sciences, Bangalore, India
Title: Infection of the central nervous system due to Cryptococcus sp complex: An analysis from a tertiary neuro care-centre in south India
Shayanki Lahiri Mukhopadhyay, National Institute of Mental Health and Neuro Sciences, Bangalore, India
Title: Isolation and characterisation of multidrug resistant bacteria in faecal samples of Primates from urban ecotourism site.
Ali Nasar, School of Postgraduate Studies, Perdana University, Malaysia.
Title: In vitro and In vivo Activities of LCB01-0648 and LCB01-0699 against Staphylococci
Jin-Hwan KWAK, Handong Global University, Korea
Title: Study on abortion associated with Toxoplasma gondii in women based on PCR detection of aborted placenta and maternal serology in Ardabil, Iran
Matin S, Ardabil University of Medical Sciences, Ardabil, Iran
Title: The importance of Qom Province in new strains of Mycobacterium bovis distribution in Iran
Nader Mosavari, Razi Vaccine and serum Research Institute, Karaj, IRAN
Title: Histoplasmosis- Laboratory Diagnosis In Vietnam
Thi Thu Ha Hoang, National Institute of Hygiene and Epidemiology, Hanoi, Vietnam
Title: Benchmarking of healthcare-associated infections in Gulf Cooperation Council (GCC) states
Aiman El-Saed, King Abdulaziz Medical City, Riyadh, Saudi Arabia
Title: Real-Time PCR assay for detection of Helicobacter pylori infection of biopsy specimens isolated from Universiti Kebangsaan Malaysia Medical Centre (UKMMC)
Hasyanee Binmaeila, Faculty of Medicine, Kuala Lumpur, Malaysia
A study of the interaction mechanism of GTP with CodY of Bacillus anthracis
Shikha Joon, Laboratory of Molecular Biology and Genetic Engineering, India
Title: Isolation, Charecterization and Antibiogram of bacterial pathogens isolated from milk of cow, goat and sheep within Keffi Metropolis, Nigeria
Obiekezie, S.O, Department of Microbiology, Nigeria State
Title: Isolation of coliform associate with diarrhoeal cases in Keffi. Nasawara state, Nigeria
Obiekezie, S.O, Department of Microbiology, Nigeria State
Title: Baccteriological quality of food (Garri, Cassava and Yam Flour) Sold within keffi and its metropolis
Obiekezie, S.O, Department of Microbiology, Nigeria State
Title: Multidrug resistance of escherichia coli islolated from retailed smoked and iced fish in Keffi. Nasawara state, Nigeria
Obiekezie, S.O, Department of Microbiology, Nigeria State

Few Speaker and Poster Opportunities Available

Title: Microorganisims associate with breast nipples of nursing mothers and their corresponding antiobiotic susceptibility in Keffi, Nigeria

Obiekezie, S.O, Department of Microbiology, Nigeria State

Title: Antibacterial and Antifungal Potentiality of Water Extract of selected Honey Samples on Some Clinical Isolates

Mahmoud El-Hindi, Islamic University of Gaza, Palestine

Title: Human Immuno-Deficiency Virus Co-Infection with Hepatitis B Virus and Baseline Cd4+ T Cell Count among Patients Attending a Tertiary Care Hospital, Nepal

Soma Kanta Baral, India

Title: Molecular characterization of non-vaccine serotypes 11A, 15 B/C and 23A of Streptococcus pneumoniae recovered from invasive diseases in Colombia

Paola Andrea Palacios, Instituto Nacional de Salud, Colombia

Title: 251 A/T Single Nucleotide Polymorphism of Interleukin 8 and Susceptibility to Acute Myocardial Infarction

Sahar Ali, Egypt

Title: Selective killing of virus-transduced or cancer cells using a RNA trans-splicing based suicide gene therapy approach

Volker Patzel, Department of Microbiology & Immunology, Singapore

Title: Isolation, Speciation and Antifungal Susceptibility Testing Of Candida Isolates from Various Clinical Specimens at a Tertiary Care Hospital, Nepal

Sundar Khadka, National Public Health Laboratory,Nepal

Title: Gellam Gum (GG) Thin Film Incorporated TiO2 Nanotubes for Wound Dressing Application

Mohd Hasmizam Razali, School of Fundamental Sciences, Universiti Malaysia

Title: Drug resistance of Exponentially growing Mycobacterium smegmatis biofilm Culture

Dr.Virendra Kumar, National JALMA Institute for leprosy & Other Mycobacterial Diseases

Title: Prevalence, characteristics and correlates of enteric pathogenic protozoa in drinking water sources in Molyko and Bomaka, Cameroon: a cross-sectional study

Buh Amos Wung, University of Buea, Cameroon

Title: Immunological,Biochemical and Histological studies on experimentally produced aflatoxicosis animal

Basant kumar Sinha, Bihar Veterinary College, Patna, Bihar, India

Title: Assessment of Escherichia coli along Nakibiso Stream in Mbale Municipality (Uganda)

Abdul Walusansa, BLDG College of Health Sciences, Uganda

Title: Molecular Characterization of CTX-M ESBLs among Pathogenic Enterobacteriaceae isolated from different regions in Sudan

Hisham N Altayb, Sudan University of Science and Technology, Sudan

Title: Occurrence of Metallo-β-Lactamase in Clinical Isolates of Escherichia coli and Klebsiella pneumoniae

Krishus Nepal,Golden Gate International College, Nepal

Title: Detection of Inducible Clindamycin Resistance and Biofilm Production among Staphylococcus aureus Isolates from the Clinical Specimens

Ankit Belbase, Department of Microbiology, Nepal

Few Speaker and Poster Opportunities Available

Glimpses of Previous Conference

Why to Attend???

With members from around the world focused on learning about Clinical Microbiology and its advances in making a better health; this is your best opportunity to reach the largest assemblage of participants from the Clinical Microbiology community. Conduct presentations, distribute information, meet with current and potential scientists, make a splash with new drug developments, and receive name recognition at this 3-day event. World-renowned speakers, the most recent techniques, developments, and the newest updates in Clinical Microbiology are hallmarks of this conference.

Abstract Information: Oral / Poster Presentation Guidelines

Oral Presentations are generally split into TWO categories, as follows:

1. Plenary Lectures
   - Each Plenary lecture is 25 minutes in length and comprises one presentation. We recommend you plan to present for approximately 20 minutes with 5 minutes for questions/discussion.
   - Where Plenary Lectures are presented as debates, each of two speakers should plan to present for 20 minutes, allowing five minutes for closing questions and conclusions. We recommend that invited speakers communicate in advance of the Moderator so that presentations may be coordinated.
2. Oral Sessions
   - Each Oral Session is 60 minutes in length and comprises two presentations, of 30 minutes each. We recommend that you plan to present for approximately 15 minutes, allowing time for questions/discussion at the end of the presentation.

Please prepare you presentation in 16:9 format (screen are in format 16:9). We recommend you to save your PowerPoint presentation using PPT(X) format instead of PPS.

A technician is available in every session room to provide assistance when needed. Due to the online presentation system, all speakers are kindly requested to use provided PC onsite. Please be present in the session room 15 minutes prior the start of your session and follow the instructions from the Chairs and/or technician. During your presentation a remote control will be available for controlling your presentation. Please observe the time allotted to you as you will not be permitted to speak for longer time. At the end of the Congress, all presentations will be deleted from the presentation system and computers on-site.

Speaker Preview Room

All speakers are asked to upload their presentation at the Speaker Preview Room (located in the Registration area) at least one hour before the beginning of the session or the day before in case of a morning session.

Speaker Guidelines

1 Language

- Presentations as well as all audio visual material should be presented in English (slides, DVDs).

2 General instructions

- All presentations are held in Microsoft PowerPoint on a PC running Windows.
- If you are using other than Microsoft Power point on a PC running Windows (example : Open Office, Power point for Mac, Keynote), please make sure your presentation is converted to Microsoft Power point for Windows PCs before you travel to the Congress (preferably by trying the converted presentation on a Windows PC).
- Presentations in Acrobat PDF format or Word format are not accepted.
- Speakers are kindly requested to respect the allotted time to guarantee a smooth running of the sessions.
- Computer projection will be available. Neither slide (35mm) projections nor personal laptops (MAC and PC) will be used in the congress rooms. A single computerized system will manage all projections and will send the presentations to the assigned Congress rooms automatically. This method guarantees an easier management, a higher quality of projection and a quicker and smoother running of the presentations. The use of personal laptops (MAC and PC) for presentations will not be allowed.
- In the Speakers Preview Room, a technician will be present to help the speaker to transfer his or her presentation into the central congress network. When the transfer is complete, the technician performs a quick run of the presentation with the speaker to check whether the presentation runs correctly and all parts of the presentation are copied. Desktop computers will be available at the speaker's secretariat for last minute changes and review of presentation.
- No more changes can be made inside the session rooms where the session takes place
- In each presentation room, a technical assistant starts each presentation at the right time using the computer connected to the central congress network. When the presentation is launched, the speaker has control and can navigate with a remote device.

3 Technical instructions

- During the congress, presentations will run on PowerPoint 2010 with a resolution of 1024 x 768 pixels.
- Your presentation should be prepared in PowerPoint 2003, 2007 or 2010.
- Preferred page setup is landscape orientation with high-contrast lettering and readable fonts (minimum font size = 24)
- Use high-contrast colours: light text on dark background or vice versa
- A maximum of 7 lines / slide and 5 words / line will improve the communication value of your slide.
- PowerPoint presentations on USB memory stick (preferred medium) disk or CD Rom must be delivered at the Speaker Preview Room at least two hours before the beginning of the session.

4 Suggestions to improve a PowerPoint presentation

- In general: the smaller your PowerPoint presentation (in size) the easier to handle it.
- Any movie/image file must be in the same folder of the Power Point presentation and must be copied in the folder before including in the presentation. (1) Alternatively use "Pack and go" or "Package to CD/DVD/USB" in PowerPoint. For ease of possible assistance, if there is a problem with your movies (not playing on standard machines

because codecs under which the movie was recorded are unknown and uninstalled on standard machines) we recommend not to use the new feature in PowerPoint 2010 to EMBED the movies inside your presentation. We advise to LINK to the movie file.

- We suggest putting maximum one movie per slide.
- The following media are recommended to facilitate the presentation download at the Slide Centre: USB memory sticks (preferred medium), CD-ROMs and DVD. It is also possible to download the presentation from a personal laptop at the Slide Centre, provided that the speaker stops at the Slide Centre at least two hours before the beginning of the session.
- Only single projection is available in the congress rooms, as the Organizer does not foresee the double projection.
- Transitions
- Please do not use timer controlled transitions. Timer controlled transitions are transitions that will switch to the next slide after x seconds or minutes. This will interfere with our cue light system and confuse you during your talk.
- Pictures
- Do NOT save the picture as BMP or TIFF (size is too big).
- Images with .gif and .jpg extensions are recommended to obtain a light presentation (other kinds of extensions -recognizable by Power Point -will be accepted all the same).
- Save the pictures used in your presentation on your CD, DVD or USB-stick (In case of problems we can re-insert the original).
- Video
- Movies must not exceed 50 MB each (50 mb is not necessary the limit, we can handle larger movies without any problems but the video may not show up smoothly). Always bring your movies in DVD or other support, and inform the technicians at the Slide Centre the day before the presentation.
- MPG (MPEG), WMV or AVI are the only acceptable video formats.

Poster Guidelines

The poster exhibition will be an integral part of Bacteriology Asia Pacific 2017.

The poster exhibition will be located on the exhibition area of the congress centre. The area will be clearly signposted from the registration area.

Technical Instructions:

- Posters must be prepared in Portrait style.
- Please DO NOT prepare a landscape poster
- The dimensions should be 100 cm high by 70 cm wide
- Posters should be attached to the boards with stickers, which you will be supplied to the organizers.
- Poster session schedule Posters will be displayed and presented in session.

Please plan to be at your poster and available to answer questions from delegates at the time of your assigned poster session. Posters will be displayed according to the POSTER numbers given by the organizers and will be grouped by sub topic.

For further information please contact: clinmicrobiology@microbiologyconferences.org, clinmicrobiology@microbiologyconferences.com

Registration Information

How To Register

Website: www.clinicalmicrobiology.conferenceseries.com/asiapacific/registration.php

Registration Fees

- Early registration fee: $599
- Regular registration fee: $699
- Late registration fee: $799
- Student Registration: 100$
- Young Researchers Forum Fee: 349$

Visa Information

Keeping in view of increased security measures, we would like to request all the participants to apply for Visa as soon as possible.

Conference Series/Conferenceseries Ltd will not directly contact embassies and consulates on behalf of visa applicants. All delegates or invitees should apply for Business Visa only.

Important note for failed visa applications: Visa issues cannot come under the consideration of cancellation policy of Conference Series /Conferenceseries Ltd, including the inability to obtain a visa.

Cancellation Policy

Cancellations must be received in writing 60 days prior to the meeting and are subject to a $100 processing fee. Refunds will not be granted after April 03, 2017, nor will they be given for no-shows. Please email cancellations to clinmicrobiology@microbiologyconferences.org, clinmicrobiology@microbiologyconferences.com

Accommodations

Holiday Inn Bangkok Silom
981 Silom Road, Silom Khwaeng,
Khet Bang Rak, Krung Thep Maha Nakhon 10500,
Thailand

To make reservations and ensure that you will have a hotel room at the same location as the conference, please choose your package and register at www.clinicalmicrobiology.conferenceseries.com/asiapacific

Stay Connected Before, Bangkok and After the Event!

About the Conference

ClinMicrobiology 2017 conference will focus on the latest and exciting innovations in all areas of Clinical Microbiology research which offers a unique opportunity for investigators across the globe to meet, network, and perceive new scientific innovations. This year's annual congress highlights the theme, "To magnify the knowledge in the field of clinical microbiology" which reflects the innovative progress in Clinical Microbiology research. The three days conference includes symposiums, special keynote sessions conducted by eminent and renowned speakers who excel in the field of Clinical Microbiology which include the topics related to laboratory diagnosis of human and animal infections and the role of the laboratory in both the management of infectious diseases and the elucidation of the epidemiology of infections, the latest developments in clinical microbiology and immunology. This International Clinical Microbiology Conference also encourages the active participation of young student researchers as we are hosting Poster Award Competition and Young research Forum at the conference venue.

Our Conference will provide a perfect platform addressing:

- Laudable talks by the top-notch of the global scientific community
- Sterling workshop sessions
- Remarkable Awards and Global Recognition to meritorious Researchers
- Global Networking with 50+ Countries
- Novel Techniques to Benefit Your Research
- Global Business and Networking Opportunities
- Exquisite Platform for showcasing your products and International Sponsorship

About Thailand

Thailand is a Southeast Asian country. Its capital and most populous city is Bangkok, It is known for tropical beaches, ancient ruins, opulent royal palaces and ornate temples displaying figures of Buddha. The current population of Thailand is 68,215,514 based on the latest United Nations estimates. Thailand ranks number 20 in the list of countries by population. The city grew rapidly during 1960s through the 1980s and now exerts a significant impact among Thailand's politics, education, economy, media and modern society.

Bangkok certainly lives up to its reputation as a travel hot spot in Southeast Asia. The 'City of Angels' has funky markets, a riverside full of surprises, upmarket malls, a vibrant nightlife scene, many fabulous sights and attractions that reflect its unique heritage, and much more. It is an international hub for transport and health care, and has emerged as a regional centre for the arts, fashion and entertainment.

Thailand is the world's 51st-largest country. In Bangkok, the capital, an ultramodern cityscape rises next to quiet canal side communities and the iconic temples of Wat Arun, Wat Pho and (the Emerald Buddha Temple)Wat Phra Kaew. Nearby beach resorts include bustling Pattaya and fashionable Hua Hin.

The Thailand climate is controlled by the tropical monsoons and the weather in Thailand is generally hot and humid across most of the country throughout most of the year, while Thailand's seasons are generally divided into the cool season, rainy season, and hot season, in reality it's relatively hot most of the year.
