About Conference

The Computer Science Meet 2023 cordially invites all the participants across the globe to attend the 2nd International Conference on Computer Science, Machine Learning and Big Data which is going to be held during August 17-18, 2023 Dublin, Ireland to share the ideas in globally trending technologies in Machine learning, Big data, Artificial Intelligence and many more.

With members from around the world focused on learning about Machine learning, Artificial Intelligence, and Big data technologies, this is your single best opportunity to reach the largest assemblage of participants from the Global Information Technology Community. Conduct demonstrations, distribute information, acquire knowledge about current and trending global technologies, make a splash with a new research, and receive name recognition at this 2-days event. World-renowned speakers, the most recent techniques, tactics, and the newest updates in the Machine learning, Artificial Intelligence, and Big data Analytics are the hallmarks of this conference.

9th World Congress on

Computer Science, Machine Learning and Big Data

August 17-18, 2023 | Dublin, Ireland

COMPUTER SCIENCE MEET 2023

Tracks / Sessions

- Scientists/Researchers
- President/Vice president
- Chairman's/Directors
- Professors, Data Analysts
- Data Scientists
- Experts and Delegates etc.
- Heads, Deans, and Professors of Computer Science Departments
- Research Scholar
- Engineers
- Consultants
- Lab technicians
- Founders and employees of the related companies

Target audience

- Computer Science and Technology
- Artificial intelligence
- Machine learning
- Deep learning
- Artificial intelligence applications
- Big data
- Big data analytics
- Data Mining
- Cloud computing
- Data analytics in cloud
- Cloud computing in E-commerce
- Business Intelligence
- SAP SAS (Statistical Analysis System)
- Iot (Internet of things)
