INVITATION

Dear Attendees,

We are thrilled to announce the upcoming 14th International Conference on COPD and Lung Health, set to take place in the historic city of Rome, Italy, on May 14-15, 2025. This esteemed event will focus on "Possible Innovative Ways to Cure and Prevent COPD", showcasing groundbreaking advancements and transformative insights in pulmonary research and healthcare.

COPD and Lung Health 2025 promises to be a pivotal gathering, bringing together global experts dedicated to improving respiratory health, advancing therapeutic approaches, and enhancing the quality of life for individuals affected by COPD and other lung disorders. Attendees will have the opportunity to participate in thought-provoking presentations, share their latest research, and explore innovative solutions to some of the most pressing challenges in respiratory medicine today.

The conference will feature an extensive program of sessions, workshops, and networking opportunities designed to inspire collaboration among seasoned professionals and emerging researchers alike. Whether you join us in Rome or participate virtually, this is your chance to be part of a transformative journey, driving innovation and progress in the field of pulmonary health.

We look forward to welcoming you to Rome for an inspiring experience of learning, discovery, and connection.

Sincerely,
COPD and Lung Health 2025
