Invitation

Rome,
Italy.
October 30-31
2025

CRISPR-2025

Dear Attendees,

We are glad to announce the Annual Congress on CRISPR Cas9 Technology and Genetic Engineering to be held in BOSTON, USA from October 30-31, 2025 organized by Conference Series LLC Ltd, in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. This conference is a unique international platform that's a confluence of all Doctors and academic fields which include CEO, Directors, Vice Presidents, Co-directors, Doctor's, Managing Directors, Professor's, Scientists, Doctorates, Assistant Professors, Postdoctoral Fellows, Managers, Pharmaceutical Scientists, Students – coming together to present and discuss current topics in CRISPR-2025 "CRISPR technology to feed, fuel and heal the world". As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with Academics, Scientists and experts. Life is full of give and take. Make it count in your professional life. Attend the CRISPR 2025 Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Rome, Italy

Sincerely,
CRISPR-2025
Organizing Committee

About Conference

Rome
Italy
October 30-31
2025

Annual Congress on CRISPR Cas9 Technology and Genetic Engineering Conference website is attracting 25000+ online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

How Conference Series LLC Ltd Conferences differs from others?

- 3000+ Conferences across the globe in 70+ countries Annually
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

CRISPR-2025 salient features

- Meet Academia and Scientific visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

About Conference

Rome, Italy
October 30-31 2025

Purpose

AnnualCongress on CRISPR Cas9 Technology and Genetic Engineering is an arena for interdisciplinary exchange among professionals in the fields of Biotechnology.

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through Bringing together Academicians leaders, scientists, and Professor's to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

Objectives

Afterparticipating in this meeting, attendees should be able to

- Discuss emerging issues in CRISPR
- Discuss and apply recent research findings related to CRISPR
- Reflect on the place of critical distance in CRISPR

About Conference

Rome,
Italy
October 30-31
2025

Who should attend

Annual Congress on CRISPR Cas9 Technology and Genetic Engineering is exclusively designed for Academicians, Scientists Researchers, Practitioners, Early Career Scholars, students along with Industries and others engaged in endeavors related to CRISPR-2025 research and business.

About hosting organization

ConferenceSeriesLLC Ltdisthe world's leading specialist in organizing Academic, CRISPR-2025 Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by

Major sessions

- Plant and Animal Biotechnology
- Cancer and stem cells
- Genome Editing Methods and Novel Tools
- Therapeutic Genome Editing
- Genome editing and gene regulation in human health
- Genome editing and gene regulation in industrial bacterial biotechnology
- Genome editing and gene regulation in industrial eukaryotic biotechnology
- CRISPR technologies beyond genome editing and gene regulation
- Achieving efficient delivery and editing
- Horizons of CRISPR biology
- CRISPR technologies and society

About Conference

About Boston

Rome,
Italy
October 30-31
2025

Rome, the capital city of Italy, is a timeless destination that seamlessly blends ancient history with vibrant modern life. Known as the "Eternal City," Rome offers a captivating journey through millennia, where every corner tells a story. From the remnants of the mighty Roman Empire to Renaissance art and Baroque architecture, the city stands as a living museum of Western civilization. Visitors are drawn to iconic landmarks such as the Colosseum, the Roman Forum, and the Pantheon, each reflecting Rome's grandeur and historical significance. The Vatican City, an independent city-state within Rome, is the spiritual heart of the Catholic Church and home to St. Peter's Basilica and the awe-inspiring Sistine Chapel, painted by Michelangelo.

Beyond its historical treasures, Rome enchants with its vibrant street life, bustling piazzas, and cozy trattorias. The Spanish Steps, Trevi Fountain, and Piazza Navona are just a few of the city's beloved gathering spots that exude charm and character. Roman cuisine is a highlight of any visit, offering traditional dishes such as carbonara, cacio e pepe, and fresh gelato enjoyed at local cafés or family-run restaurants. The city's markets, like Campo de' Fiori and Trastevere, offer authentic experiences where locals and tourists mingle.
