Dear Colleagues!!

On behalf of Conference Series, We would like to take an immense pleasure and honour to welcome you towards upcoming **24th International Conference on World Chemistry & Systems Biology** in **Los Angeles, California, USA**, a metropolitan city and heart core the fields of Chemistry and Biology for studies and research and also industries in California region. The purpose of this 2 days conference is to bring together high profiled researchers, scholars, eminent personalities and students from both academic and industrial fields throughout the world under single roof. This will explore the link between chemistry and systems biology in the latest generation.

Theme: Meeting the Needs of a Changing World in Chemistry & Systems Biology

As we know, in this present world day to day latest innovations and discoveries are going on. Based on such issues we came forward to correlate our conference subject with reference to Medicinal Chemistry, Nanochemistry, Analytical Chemistry, Synthetic Chemistry, Green Chemistry, Biophysics, Systems and Synthetic Biology, Molecular Biology and Biochemistry, Chemical Biology, Supramolecular Chemistry, Plasma Chemistry, Application of Bioinformatics, Computational Systems Biology, Cancer therapeutic Approach, Sequence Analysis, Industrial Biotechnology, Biomaterials in Tissue Engineering, Synthetic Bioengineering, Mass Spectrometry in Proteomics, Next Generation Sequencing.

Accordingly, we would be delighted if you would share with us your views on new innovations in research and development and science education issues. You are happy to participate in Keynote Sessions, Workshops & Symposiums, Oral talks and Poster presentations. Chemistry & Systems Biology International conference also holds several types of sponsorships in proving greater benefits to the members participating from pharmaceutical sectors, lab centre and other market dealers. Our international conference also provides a great support to the business entrepreneurs to promote their products or organization promotion in our conference hall @ Los Angeles by exhibiting booths.

Finally, we will be highly obliged to see you in Los Angeles @ World Chemistry & Systems Biology 2018 Thank You!!

With Best Regards

Eva Jones

PAST KEYNOTE SPEAKERS @ CHEMISTRY & SYSTEMS BIOLOGY CONFERENCES

Glimpses of past CSBC Conferences

- **120+** Key Note Speakers
- **5000+** Speakers
- **74+** Workshops
- **50+** Symposiums
- **200+** Special Sessions
- **1540+** Pre Conference Workshop across the Globe
- **1440+** Posters Presentations
- **50+** Best Poster Awardees
- **520+** Young Researchers Forum Presentation
- **60+** Student Ambassadors
- **300+** Exhibitors & Sponsors
- **170+** Association & Societies Collaborations
- **1300+** Media Partners

Last Year's Conference at a Glance

We are Global

120+ Countries Annual Participation

We are Education-Packed

INTERNATIONALLY-RENOWNED SPEAKERS

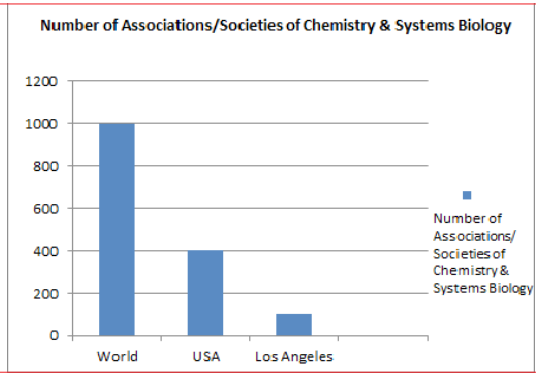

16 HOURS OF PRESENTATIONS (E.G., KEYNOTES, WORKSHOPS)

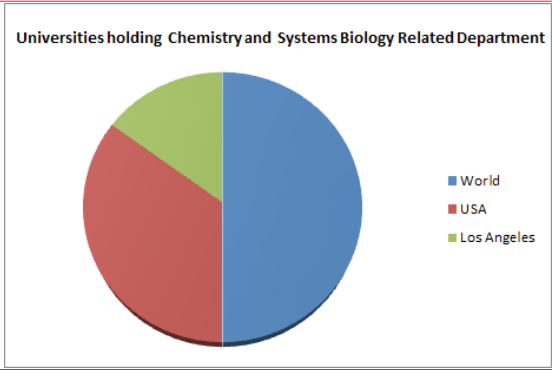

50 RESEARCH POSTERS

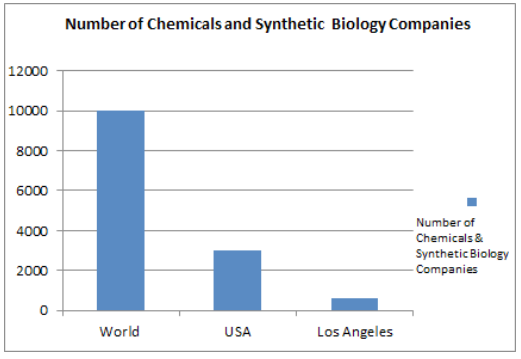

Exhibitor-Friendly

HIGH-TRAFFIC EXHIBIT SPACE
16 HOURS OVER 2 DAYS
EXCELLENT LEADS

We are Well-Attended

About Hosting Organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by

Why Los Angeles,CA?

The chemical and synthetic biology industry is an important part of the Californian economy and that is evolving into a global leader in bio-hybrid chemicals. It is the world-renowned industrial biotechnology research and commercialization institutes. Already a multi-billion dollar field, synthetic biology is fast becoming the next 'biotech bubble'. With 40% of the country's total production, CA is at the centre of USA's chemical manufacturing and synthetic biology industry. Most of the activity takes place in the most popular metropolitan city which is Los Angeles.

Why to Attend?

In shortly we can say, to connect the field of Chemistry, Pharmacy, Life sciences and allied groups and also lays a special emphasis at educating and informing researcher with the latest knowledge so that can be applied to counter the economic under-evaluation chemists may face in their practice.

To add to its promise, the venue of the event has been selected after much research to assure that the event is being held in one of the hotspots for the concerned field, therefore attendance is expected to be astounding, both in quality and quantity. The variety of prospective audience includes: figures of academic excellence, Students, exhibitors and eminent faces from the world of biological sciences and chemistry & thus enabling the sponsors a unique chance to choose from a pool of outstanding scopes for expansion of their business, new project undertaking and recruitment. All these factors combined and several more make World Chemistry and Systems biology 2018 a "must attend" chemistry and Systems biology conference.

Who should Attend?

World Chemistry and Systems biology conference brings together individuals who have an interest in different fields of Chemistry and Biological Science. Target Audience will be personnel from both industrial and academic fields which include Chemists, Pharmaceutical scientists, Biotechnologist, Biochemist, Professors, Researchers, scientists, CEOs, Directors, Students from the Chemistry and Biology.

Conference Highlights

- Systems and Synthetic Biology
- Computational Systems Biology
- Data Analysis in Systems Biology
- Systems Neuroscience
- Cancer Therapeutics Approaches
- Application of Bio- Informatics
- Mass Spectrometry in Proteomics
- Synthetic Chemistry
- Next Generation Sequencing
- Molecular Biology & Biochemistry
- Synthetic Bio-Engineering
- Bio-Materials in Tissue Engineering
- Industrial Biotechnology
- Green Chemistry
- Analytic Chemistry
- Medicinal Chemistry
- Chemical Biology
- Nanochemistry
- Plasma Chemistry

Program @ Glance

October 3rd, 2018 - Wednesday	
Time	Session
08:30 - 09:30	Registration
09:30 - 11:30	Key Note Speech
	GROUP PHOTO SESSION
11:30 - 11:45	Networking & Refreshment Break
11:45 - 13:00	Track : Synthetic Chemistry | Track: Molecular Biology & Biochemistry |Track : Green chemistry |Track : Analytical Chemistry |
13:00 - 13:45	Lunch
13:45 - 16:00	Track : Chemical Biology | Track : Nano Chemistry | Track : Medicinal Chemisty | Track : Radiochemistry | Track : Neurochemistry | Track : Material Chemistry
16:00 - 16:15	Networking & Refreshment Break
16:15 - 18:00	Track : Supramolecular Chemistry | Track : Plasma Chemistry |Track : Industrial Biotechnology | Track : Hyphenated Pharmaceutical Techniques
	Day 1 Concludes

October 4th, 2018 - Thursday	
Time	Session
09:30 - 10:30	Key Note Speech
10:30 - 11:30	Track : Systems & Synthetic Biology | Track : Computational System Biology|Track : Data Analysis in System Biology| Track : Cancer Therapeutics Approaches
11:30 - 11:45	Networking & Refreshment Break
11:45 - 13:00	Track : Sequence Analysis| Tracks : Application of Bioinformatics |Track : Mass spectrometry in Proteomics | Track : Systems Neuroscience
13:00 - 13:45	Lunch
13:45 - 16:00	Track : Next Generation Sequencing | Track : Synthetic Bio-Engineering | Track : Biomaterials in Tissue Engineerinng | Track : Biophysics
16:00 - 16:15	Networking & Refreshment Break
16:15 - 18:00	Poster Presentations
	Award Ceremony
	Day 2 Concludes

TOURISTS ATTRACTIONS OF LOS ANGELES

DISNEYLAND

Disneyland Park, originally Disneyland, is the first of two theme parks built at the Disneyland Resort in Anaheim, California, opened on July 17, 1955. It is the only theme park designed and built under the direct supervision of Walt Disney to a place beloved Characters from Cars and Super Heroes like Spider-Man & Captain America call home. At Disney California Adventure Park, you're invited to explore 7 exciting lands with timeless entertainment showcases like World of Color, seasonal celebrations and transformations throughout the year.

Hollywood

Hollywood is a neighbourhood in the central region of Los Angeles, California. This ethnically diverse, densely populated neighbourhood is notable as the home of the U.S. film industry, including several of its historic studios, and its name has come to be a shorthand reference for the industry and the people in it. A larger-than-life symbol of the entertainment business, Hollywood beckons tourists with landmarks like TCL Chinese Theatre and star-studded Walk of Fame. Highlights include Paramount Pictures, historic music venues like the Hollywood Bowl, and Dolby Theatre, home of the Oscars. Scenesters can choose from improve comedy clubs, retro-cool bars and velvet-roped nightclubs. Locals frequent eateries in nearby Thai Town.

Universal Studio Hollywood

Universal Studios Hollywood is "The Entertainment Capital of L.A." and the only movie and Television-based Theme Park to open up a working movie studio. It is a film studio and theme park in the San Fernando Valley area of Los Angeles County, California. It is one of the oldest and most famous Hollywood film studios still in use. It was initially created to offer tours of the real Universal Studios sets and is the first of many full-fledged Universal Studios Theme Parks located across the world.

TOURISTS ATTRACTIONS OF LOS ANGELES

The Bicycle Hotel & Casino

The Bicycle Hotel & Casino hosts one of country's largest poker rooms and is the place to play in the Los Angeles area of Southern California. It was founded by George Hardie Sr. in 1984.. The Bicycle Casino offers a selection of poker games and Asian games, with a wide range of limits as well as a wide range of limits to suit everyone's needs. The casino features games including: Blackjack, Texas Hold 'Em, Seven Card Stud, Omaha hold 'em, Mexican Poker, Pai Gow Poker, Three Card Poker and Baccarat (card game).Financing to build the original Bicycle Club casino was provided by Sam Gilbert, who allegedly used money partially obtained from laundering drug money. The casino is home to the Legends of Poker, a tournament series established in 1995 that now includes a stop on the World Poker Tour. Prior to the Legends, the casino's main tournament series was called the Diamond Jim Brady.

The Walt Disney Concert Hall

The Walt Disney Concert Hall at 111 South Grand Avenue in Downtown of Los Angeles, California, is the fourth hall of the Los Angeles Music Centre. It opened on October 24, 2003. Walt Disney Concert Hall (WDCH) is the home of the Los Angeles Philharmonic, presenting the best in classical music, contemporary music, world music and jazz. Designed by architect Frank Gehry, Walt Disney Concert Hall (WDCH) is an internationally recognized architectural landmark and one of the most acoustically sophisticated concert halls in the world.

Santa Monica Beach

Santa Monica is a coastal city west of downtown Los Angeles. Santa Monica Beach is fringed by Palisades Park, with views over the Pacific Ocean. Situated on Santa Monica Bay, it is bordered on three sides by the city of Los Angeles – Pacific Palisades to the north, Brentwood on the northeast, Sawtelle on the east, Mar Vista on the southeast, and Venice on the south. The Census Bureau population for Santa Monica in 2010 was 89,736. Santa Monica Pier is home to the Pacific Park amusement park, historic Looff Hippodrome Carousel and Santa Monica Pier Aquarium. Next to the pier is Muscle Beach, an outdoor gym established in the 1930s. In the city center, Bergamot Station houses several art galleries.

TOURISTS ATTRACTIONS OF LOS ANGELES

Natural History Museum of Los Angeles County

Natural History Museum of Los Angeles County is to inspire wonder, discovery and responsibility for our natural and cultural worlds. The Natural History Museum of Los Angeles County (abbreviated NHM) is the largest natural and historical museum in the western United States. Its collections include nearly 35 million specimens and artefacts and cover 4.5 billion years of history. This large collection is comprised not only of specimens for exhibition, but also of vast research collections housed on and off-site.

Griffith Observatory

The Griffith Observatory is a facility in Los Angeles, California, sitting on the south-facing slope of Mount Hollywood in Los Angeles' Griffith Park. A public observatory owned and operated by the City of Los Angeles for the benefit of all. Located in on Mount Hollywood in Griffith Park, the Observatory offers a planetarium, exhibits, public telescopes, cafe, bookstore, and the best views of the Los Angeles basin. Admission is free, and visitors may drive directly to the Observatory and park in its lots and roads.

Venice Beach California

Venice is a buzzing beach town with upscale commercial and residential pockets, recreational beachfront neighbourhood within Los Angeles, California. It is located within the urban region of western Los Angeles County known as the Westside. Free-spirited Venice Boardwalk is the site of funky shops, street performers and colorful murals. There's also a skate park and Muscle Beach outdoor gym. Abbot Kinney Boulevard features foodie hot spots, stylish boutiques and coffee bars. A picturesque enclave of canals is surrounded by modernist homes.

REGISTRATIONS

Academic

Only Registration: USD 599
Package A : USD 1099
Package B : USD 1159
Video Presentation : USD 249

Business

Only Registration : USD 699
Package A : USD 1159
Package B : USD 1259
Exhibitor : USD 1499

Student

Student Delegate : USD 399
Young research forum : 499
E-Poster : USD 99
Accompany Person : USD 249

To register online, please visit
https://chemistry.conferenceseries.com/registration.php

Group Registrations Benefits:

15% Discount to women participants
25% Discount for a group of 5 members
30% Discount for group of 10 members
40% Discount for group of 20 members

Localities Participation Benefits:

40% Discount will be provided for the participants who are attending from the local universities and hospitals.

IMPORTANT DATES:

Abstract submission opens: **October 22, 2017**
Registration opens: **October 22,2017**
On spot registration: **October 03,2018**
