SCIENTIFIC PROGRAM (Cytopathology 2018)

August 29, 2018- Pre Conference Day

Day 1

29-Aug-18

Registrations

Opening Ceremony

Keynote Forum

Introduction

Title: *Cellblochistry: Chemistry & Art of Cell Block making*

Vinod B. Shidham,Wayne State University School of Medicine, USA

Title: *Histopathological evaluation of fibrous tissue surrounding bioceramic delivery systems in sheep and rodent models*

Hamed A. Benghuzzi, The University of Mississippi School of Health Related Professions (SHRP), USA

Title: *At the intersection of biology and computer science: Machine learning of histopathology*

Ke Cheng, Founder and CEO, Histowiz

Group Photo

Coffee Break:

Title: Degenerative modifications in synapses and related structures induced by perinatal asphyxia: Correlative ligth and electron microscopy studies.

Francisco Capani, University of Buenos Aires, Argentina

Title: Cytopathology and Histopathology case presentation: paradox in pathology

Ahmed El-Habashi, Cario University, Egypt

Title: Immunohistochemical expression of oxidative stress markers Keap1, Nrf2 in oral squamous cell carcinoma in relation to (angiogenesis, invasion and metastasis) assessed by VEGF C and integrin β1 in comparison to normal oral mucosa

Wasan Hamdi Younis, Baghdad University, Iraq

Title: Peritoneal malignant mesothelioma in young male patient: Ten years of evolution

Daniela Cristina dos Santos, São Paulo State University, Brazil

Title: Apoptosis in gliomas an ultrastructural study

Manoj Kumar Bhondeley, ICMR-NIRTH, India

Session 01

Session Introduction

Diagnostic Cytopathology | Cancer Cytopathology | Histopathology | Exfoliative Cytopathology | Surgical Pathology | Fine Needle Aspiration Cytology

Session Chair: Hamed A. Benghuzzi

Session Co-Chair: Noeme Sousa Rocha

Title: Metastases in CSF of adult populations

John Lucci, University of Rhode Island, USA

Title: The use of immunohistochemical markers in identifying the incidences of triple-negative breast cancer on patients attending taraba state specialist hospital, Nigeria.

Habila Kataps, Taraba state Specialist Hospital, Nigeria

Title: Characteristics of cervical disease among symptomatic women with histopathological sample at Hawassa university referral hospital, southern Ethiopia

Gemechu Ameya, Arba Minch University, Ethiopia

Title: Potential antigen targets profiling for colorectal cancer immunotherapy

Zhang Jinxia, Shougang Hospital of Beijing University, China.

Speaker Slots Available

Lunch Break:

Title: Immunohistochemical and molecular profile of epithelial mesenchymal transition markers in hepatocellular carcinoma patients in Egypt

Thanaa El Sayed Ahmed Helal, Ain Shams University, Egypt

Title: Evaluation of the quality of cervico-vaginal smears at gyneco-obstetric and pediatric hospital of douala

DEMANOU KENGNI Georges Gonstran, University Evangelical Institute of Cameroon, BP

Title: The significance of the braf v600e mutation and the cytomorphological features for the optimization of papillary thyroid cancer diagnostics

Augustas Beisa, Vilnius University Faculty of Medicine, Lithuania

Title: Analysis of renal tumors by histomorphology, IHC and FISH

Tanushri Mukherjee, Command hospital Chandimandir, India

Special Session

Title: Thyroid lesions fine needle aspiration cytology: Comprehensive cytomorphology update reporting, diagnostic pitfalls and interactive case presentation

Ahmed El-Habashi, Cario University, Egypt

Speaker Slots Available

Panel Discussion

Coffee Break:

Title: Histopathology review of idiopathic steroid resistant nephrotic syndrome and outcome in children in north-west of Iran

Mahtab Rahbar, Iran University School of Medicine, Iran

Title: Prevalence of precancerous lesions of cervix in some west Cameroon region localities and her neighbourhood

MESSAH SOH Saurelle Mandelle, Evangelic University Institute of Cameroon, BP

Panel Discussion

Day 2

30-Aug-18

Keynote Forum 02

Introduction

Title: Diagnostic Cytopathology in Russia: from traditions to the future

Irina P. Shabalova, Former President Russian Association of Clinical Cytologists, Russia

Title: Equine melanoma- Anatomoclinical expression and biological behaviour

Noeme Sousa Rocha, UNESP: - Portal of the State University of São Paulo, Brazil

Title: High grade B-cell lymphomas in children: Focus on new entities created in the 2017 revision of the World Health Organization classification of tumors of hematopoietic and lymphoid tissues

Shunyou Gong, Northwestern University, United States

Title: Basic cytology: Cytology is different and difficult

Ahmed El-Habashi, Cario University, Egypt

Speaker Slots Available

Group Photo

Coffee Break:
Title: Association of E-cadherin and Vimentin expression with clinicopathological parameters in lingual squamous cell carcinoma
Neelakshi Goyal, Maulana Azad Medical College, India
Title: Occurrence of metacercarial cyst of ascocotyle (ascocotyle) tenuicollis in the gills of ruby-red-fin shark (rainbow shark) epalzeorhynchos frenatum (teleostei: cyprinidae): Light microscopic study
Enas Abdel Hafez, South Valley University, Egypt
Title: Burden and genotype distribution of high risk human papillomavirus and cervical cytology abnormalities at selected obstetrics and gynecology clinics in Addis Ababa, Ethiopia
Kirubel Eshetu Ali, National TB Reference Laboratory Advisor, Ethiopia
Panel Discussion
Session 02
Session Introduction
Cervical Cytopathology | Urinary Cytology | Molecular Cytopathology | Veterinary Cytopathology | Cytopathology Case Reports |Oral Cytology
Session Chair: Vinod B. Shidham
Session Co-Chair: Ke Cheng
Title: Diagnostic accuracy of fine needle aspiration cytology of thyroid lesions and its histopathological correlation
Punam Prasad Bhadani, All India Institute of Medical Science, India
Title: Pathological alterations during co-infection of newcastle disease virus with Escherichia coli in broiler chicken
Qamar-un-Nisa, University of Veterinary and Animal Sciences, Lahore, Pakistan
Title: A prospective study to evaluate the efficacy and utility of fine needle aspiration by manual liquid based cytology in palpable lesions
Akshay A. Agarwal, Navi Mumbai, India
Lunch Break:
Title: Giant left atrial myxoma induces mitral valve obstruction and pulmonary hypertension
Deva Japa, Gujarat Methodist Church Cardiac Care Society, India
Title: Protective role of CoQ10 or L-carnitine on the integrity of the myocardium in doxorubicin induced toxicity
Hesham N. Mustafa, King Abdulaziz University, Saudi Arabia
Title: Fine needle aspiration cytology in head and neck lesions: A tertiary hospital based experience in eastern Nepal
Shankar Bastakoti, BP Koirala Memorial Cancer Hospital, Nepal
Speaker Slots Available
Video Presentation
Title: Association among the presence of micronucleus in Liquid-Based Cervical cytological samples and p16, Ki-67 immunohistochemical expression in biopsies with squamous
Zehra Safi OZ, Zonguldak Bulent Ecevit University, Turkey
Title: Thyroid lThe validity of immunocytochemistry in differentiating between benign and malignant thyroid neoplasms pre-operatively
Mahsheena K M, Aster MIMS hospital, India.
Coffee Break:
Panel Discussion
Poster Presentation

Title: Expression of cancer-associated fibroblasts markers in epithelial ovarian neoplasms and its correlation with tumour progression, angiogenesis and lymphangiogenesis: An immunohistochemical study
Malak Amin, Alexandria University, Egypt
Title: Cytological pattern of cervical pap smears in selected hospitals of Kathmandu, Nepal
Srijana Shrestha, Kathmandu University, Nepal
Title: Comparative study of morphological features of chromosomal instability and DNA ploidy using flow cytometry in breast carcinoma
Harmeet Kaur, Government Medical College and Hospital, India
Title: Paternity identification in twins with different fathers caused by superfecundation
Manoubi Wiem, Farhat Hached University Hospital, Netherlands
Title: Histopathologic patterns of salivary gland tumors (sgts): A 10-year retrospective study
Odukoya Lateef A, Lagos University Teaching Hospital, Nigeria
Title: Umbilical cord- a key factor in still births and full term normal deliveries
Preksha Sharma, S.M.S Medical College, Jaipur, India.
Title: Significance of tissue expression and serum levels of angiopoietin-like protein 4 in breast cancer progression: Link to NF-κb /P65 activity and pro-inflammatory cytokines
Asmaa Elsayed Bedeer Mohammed, Tanta University, Egypt
Title: Tumor infiltrating cytotoxic CD8 T-Cells predict clinical outcome of neuroblastoma in children
Mahtab Rahbar, Iran University School of Medicine, Iran
Title: Mangalore system for reporting serous effusion in pleural, peritoneal and pericardial cavity
Zahida OA, Yenepoya University, India
NOTE: This is a tentative scchedule and subject to change. For enquiry about general information or slot avilability mail to robertjnsn44@gmail.com
