Proceedings of

17th International Conference on

Cytopathology & Histopathology

July 26-27, 2019 | Vancouver, Canada

Day 1 July 26, 2019 | Hall: Red Cedar Ballroom B	
09:00-09:45	**Registrations**
09:45-09:55	**Opening Ceremony**
09:55-10:00	**Introduction**
KEYNOTE FORUM	
10:00-10:40	Title: The role of fibrous tissue thickness on the sustained release of biologicals from ceramic delivery systems
	Hamed A. Benghuzzi, University of Mississippi, USA
Networking and Refreshment Break 10:40 - 10:55 @ Red Cedar Foyer	
10:55-11:35	Title: Role of pyridoxine 5'-phosphate oxidase in breast cancer
	Guoxiong Xu, Fudan University, China
11:35-12:15	Title: Development of a rat neuroma model to study hyperalgesia and the histopathological changes associated with pain
	Michelle A. Tucci, University of Mississippi Medical Center,USA
12:15-12:55	Title: Ten-color 15-antibody flow cytometry panel for immunophenotyping of lymphocyte population
	Amr Rajab, LifeLabs, Canada
Panel Discussion	**Lunch Break 12:55 - 13:55 @ Red Cedar Foyer**
Sessions	**Diagnostic Cytopathology | Histopathology | Cancer Cytopathology**
Chair: Hamed A. Benghuzzi, University of Mississippi, USA	
Co-Chair: Guoxiong Xu, Fudan University, China	
13:55-14:25	Title: Histopathological findings in nephrectomy specimens: A study of 50 cases
	Manjit Singh Bal, Maharishi Markandeshwar Medical College & Hospital, India
14:25-14:55	Title: Hepatoid adenocarcinoma of the lung: A cause of diagnostic pitfall
	Kevin Kuan, Albert Einstein College of Medicine, USA

14:55-15:25	Title: A case of severe hypercalcemia in a 54-year-old female
	Michael Munoz, Ross University, USA
Panel Discussion	**Group Photo 15:25-15:30**
Networking and Refreshment Break 15:30-15:45 @ Red Cedar Foyer	
Sessions	**Surgical Pathology | Cancer Therapy**
Chair: Guoxiong Xu, Fudan University, China	
15:45-16:15	Title: Transformation of myelodysplastic syndrome to acute lymphoblastic leukemia: A case report
	Katherine Cochrane, University of Tennesee, USA
16:15-16:45	Title: Automatic cervical pre-cancerous cell detection from pap smear samples using deep learning
	Jacob Amsalu Bayisa, National Taiwan University of Science and Technology, Taiwan
Panel Discussion	
Day 2 | July 27, 2019	
KEYNOTE FORUM	
10:15 -10:55	Title: Degenerative modifications in synapses and related structures induced by experimental perinatal asphyxia in rat: Correlative light and electron microscopy studies.
	Francisco Capani, University of Buenos Aires, Argentina
Networking and Refreshment Break 10:55- 11:10 @	
11:10 -11:50	Title: Statin toxicity: First report of atorvastatin, but not pravastatin, induced ultrastructural and functional changes in cardiac mitochondria
	Alice Zemljic-Harpf, University of California, USA

Sessions	Molecular Cytopathology | Urinary Cytology | Digital Pathology
Chair: **Hamed A. Benghuzzi, University of Mississippi, USA**	
Co-Chair: **Guoxiong Xu, Fudan University, China**	
11:50 -12:20	Title:
	Timothy Kehinde Alawode, Fedral Centre Yenagoa Baylesa State, Nigeria
12:20 - 12:50	Title: Compression of epidermal growth factor receptor gene expression in the malignant mesothelioma of Korean patients using fluorescence in-situ hybridization immunohistochemistry and gene mutation
	Jamshid Abdul-Ghafar, FMIC, Afghanistan
Panel Discussion	**Lunch Break 12:50 - 13:50 @ Red Cedar Foyer**
Sessions	**Diagnostic Cytopathology | Histopathology | Cancer Cytopathology**
Chair: **Hamed A. Benghuzzi,** University of Mississippi, USA	
Co-Chair: **Guoxiong Xu,** Fudan University, China	
13:50 - 14:20	Title: Association between secretor status and hepatitis B infection
	Akinwale Damilola Ayodeji, Ladoke Akintola University of technology, Nigeria
14:20 - 14:50	Title: Glomerular changes in kidney of albino rats after using copper diet: A biological study
	Hira Kareem, Services Institute of Medical Sciences, Pakistan
14:50 - 15:20	Title: Comparative pathological studies on Cryptococcus neoformans in experimental animals
	Sohair M Sokkar, Cairo University, Egypt
Panel Discussion	**Networking and Refreshment Break 15:20-16:00 Red Cedar Foyer**
AWARD FUNTION & CLOSING CERMONY
