Invitation…

Dear Colleagues,

Conference Series LLC welcomes you to attend ADA-CERP accredited **28th Asia Pacific Congress on Dental and Oral Health** to be held from **July 10-12, 2017** in **Kuala Lumpur, Malaysia** with the theme "Novel Advancements in Dental and Oral Health". This international meet (Dental Congress 2017) provides the perfect platform for the Dental community as an interactive and engaging 3-days event: unique in format, content, networking and engagement. The event brings together truly innovative thinkers who are leading the way through trailing new disruptive solutions.

Dental Congress 2017 will be an excellent learning, sharing and networking platform for Dentists, Dental Hygienists, Dental Assistants, Dental Business Assistants, Practice Managers and other members of the dental team's from the Asia-Pacific region and beyond. It will provide continuing education opportunities as well as world-class scientific content delivered by quality keynote speakers, with plenary sessions, symposia, hands-on workshops and exhibition. The relative novel nature of the conference and its relevance to the current dental market makes this Congress an event to look forward to for all the individuals from dental community. This year's annual dental congress highlights the theme, "Novel Advancements in Dental and Oral Health" which reflects the innovative progress in Dentistry

We look forward to welcoming you to Kuala Lumpur, Malaysia.

With Regards,
Scientific Committee
Dental Congress 2017

Why Dental Continuing Education?

Advances in innovation and technology are continually putting dental practitioners at risk of falling behind on the off chance that they don't keep up. As a dental practitioner, these consistent changes move you to learn better approaches to enhance patient care. Impart your new learning to your staff. Enlighten your patients regarding your dedication towards continuing education. Staying aware of progress and adapting new practice strategies prompts to individual and practice development. A commitment to continuing education is your best chance to not simply keep pace, but rather to develop.

Tentative Agenda

Day 1

- Time Session
- 08:30-09:30 Registrations
- 09:30-11:30 Keynote Forum
- Group Photo
- 11:30-11:45 Network & Refreshments Break*
- 11:45-13:00 Current Concepts in Oral Health | Prosthodontics and Periodontology | Digital Dentistry and Imaging
- 13:00-13:45 Lunch Break**
- 13:45-16:00 Dental Sleep Medicine | Oral Maxillofacial Surgery and Oral Medicine
- 16:00-16:15 Network & Refreshments Break*
- 16:15-18:00 Oral Cancer | Oral Pathology, Oral Medicine and Infection Control
- Day Concludes

Day 2

- 09:30-10:30 Keynote Forum
- 10:30-11:30 Pediatric Dentistry | Tools and Techniques in Dentistry
- 11:30-11:45 Network & Refreshments Break*
- 11:45-13:00 Marketing of Dental Materials | Dental Practice and Marketing
- 13:00-13:45 Lunch Break**
- 13:45-16:00 Cosmetic Dentistry | Prosthetics, Orthotics and Cosmetic Enhancement Products
- 16:00-16:15 Network & Refreshments Break*
- 16:15-18:00 Poster Presentations
- Day Concludes

Day 3

- 09:30-10:30 Keynote Forum
- 10:30-11:30 Diagnosis and Prevention of Oral Disease | Forensic Dentistry
- 11:30-11:45 Network & Refreshments Break*
- 11:45-13:00 Micro Dentistry | Green Dentistry
- 13:00-13:45 Lunch Break**
- 13:45-16:00 Endodontics
- 16:00-16:15 Network & Refreshments Break*
- 16:15-18:00 Young Research Forum
- Award Ceremony

- **Note:** Conference schedule is subject to change. Workshops and Symposia slots are available. To book slot for Workshop and Symposium send us the proposal.

Scientific Program

Tracks: Current Concepts in Oral Health | Prosthodontics and Periodontology | Dental Practice Growth (Management and Marketing)
Why Managing Your Practice Costs You Time and Money
Chuck Blakeman, Crankset Group, Greenwood Village, CO, USA
The Art of Treatment Planning
Lincoln Harris, University of Queensland, Queensland, Australia
The use of TAD and osseointegrated implant in the management of malocclusion with missing teeth Synopsis.
How Kim Chuan
Novel Advancements in Dental and Oral Health
Teddy Rothstein, NYU Department of Orthodontics, USA
'Facial First' Concept in Aligner Orthodontic Treatment for Adult Patients
Associate Clinical Director at Thantakit International Dental Center, Bangkok, Thailand
Esthetic blueprint:from DSD concept to Minimally invasive approach realization
Chen Yi Ju,Chung Shan Medical university, dentistry, Taiwan
SMILE DESIGN _ beauty, art & science
mostaque h,city dental college, university of dhaka, bangladesh
The safer and easier Alveolar bone and gingival regeneration by rhBMP-2
Soohong Kim,Pusan National University, Korea
Periodontitis And Cancer: Does A Link Exist?
Kishan M Sheth,King's College London Dental School, London, Uk
Relationship between periodontal infections and cardiovascular disease and renal disease
S Sharma,Department of Periodontology and Oral Implantology, Nepal
Recent Periodontology innovations emphasis on novel bone
Ashar Jamelle,Fatima Jinnah Dental college Karachi Pakistan
Advanced surgery and complex cases in implantology
Jose Bernardes Das Neves, Member of the American academy of Osseointegration
Minimally invasive intervention in aesthetic regions: Surgical and prosthetic details in anterior rehabilitation
Eduardo Sorgi,Specialization Course in Implantology at CETAO SP, Brazil
30-years' clinical report presentation of full mouth fixed dental prostheses retained by implants.
Nailesh Gandhi, India
Updated Protocol of Bimaxillary Immediate Functional Loading,and Delay Single Tooth Restoration.
PATRICIA URIBE,Private Practice in Prosthodontics, Implantologist and Aesthetics in Bogotá, Colombia
Botox and Dermal Fillers in Perio-Aesthetics
Mahesh Jayachandran,India

13 - Immediate Implantation – Immediate hart- & soft tissue management – immediate loading concept with Ankylos Implants
med. dent Puria Parvini,Goethe-Universität Frankfurt, Germany
Complications in implant dentistry and implantology
med. dent Puria Parvini,Goethe-Universität Frankfurt, Germany
Ankylos Implant design and soft tissue management in the aesthetic zone around implants
med. dent Puria Parvini,Goethe-Universität Frankfurt, Germany
Effect of implant supported prosthesis on marginal bone losses
Emre Mumcu,Eskisehir Osmangazi University,Eskisehir, Turkey
Investigation of the effect of low level laser therapy after micro surgery on the mouth. a controlled clinical pilot study
Yuksel KİRAN,İshik University, Erbil, Iraq
Digital Smile Design, Guided Surgery -delivering facial-driven implant treatment in failed dentitions
Kamsiah G Haider, Kuala Lumpur
immediate loading dental implants
Leela krishna mohan,Siddhartha institute of Dental Sciences, india
Prosthodontic Rehabilitation of Completely and Partially Edentulous Patients with Bell's palsy.
Meisan Ali Bukhari, MOH, KSA
The use of TAD and osseointegrated implant in the management of malocclusion with missing teeth Synopsis.
How Kim Chuan
Immediate Dental Implant Placement In Extraction Socket
Abhijeet Bhasin, Academy of Ultrasonic Piezoelectric Surgery (WAUPS)South East Asia, India
Tracks: Orthodontics and Dentures | Oral Pathology, Oral Medicine and Infection Control | Endodontics | Oral and Maxillofacial Surgery
OPB (Optimized Biomechanical Protocol) - Myths and truths about self-ligating brackets in orthodontics.
Eduardo Alvares Dainesi, E.Orto – Post-graduation School in Dentistry, Brazil
Effect of implant supported prosthesis on marginal bone losses
Emre Mumcu, University Faculty of Dentistiry, Eskisehir, Turkey
Immediate loading dental implants
Leela Krishna Mohan, Siddhartha institute of Dental Sciences , India
Pemphigus Vulgaris! Is the body under attack?
Farhat Kazmi, Princess Noura University, SaudiArabia
Can there be a correlation established between characteristic histological and radiographical findings in adenomatoid odontogenic tumor?
Muhammad Mumtaz, King Salman Hospital, SaudiArabia
A new generation of Single File Reciprocating Systems and Irrigation Protocol: How these Techniques can help the Clinicians?
Carlos Eduardo da Silveira Bueno, Catholic University of Campinas, Brazil
Failure Analysis of Maxillary and Mandibular Bonded Spiral Wire Retainers
Sarah Irfan,The Aga Khan University Hospital, Pakistan
The Conformity between Preformed Orthodontic Wires and Dental Arch Form of a Sample of Pakistani Subjects

Maheen Ahmed, Pakistan
Esthetic and periodontal evaluation of implants vs canine substitution in patients with congenitally missing maxillary incisors after 5-10 years: Are there any new insights?
Ute Schneider-Moser University of Ferrara, Italy
Mandibular Dental Arch Stability Following Augmented Corticotomy
Laith Makki, European University College, UAE
Non vascularised Iliac Crest Graft: Are they being underrated in today's surgical scenario?
Tabishur rahman,Aligarh Muslim University, India
Evaluation of soft and hard tissue healing with and without bone grafts after mandibular third molar surgical removal.
Haydar Majeed Mahdey Zuhairi,SEGi University, KL, Malaysia
Effectiveness of Chinese acupuncture on pain relief following surgical removal of impacted third molars: A self-controlled clinical trial
Joul Kassis,Damascus University, Syria
Immediate Implantation after Tooth Extraction in Esthetic and Molar Area
Tatjana Nimčenko, Qatar
The effects of sounds on the pain threshold of lower jaw gingiva and autonomic nervous
Tsumugu Furuta, Matsumoto Dental University, Japan
Modified Flap Design for Lower Third Molar Surgery: A Short Patient-based Outcome Comparative
Athil A.Raheem Alkinani, Alkarama specialized center for Dental Care, Iraq
Can there be a correlation established between characteristic histological and radiographical findings in adenomatoid odontogenic tumor?
Dr. Muhammad Mumtaz, King Salman Hospital, SaudiArabia
Treatment of large mandibular cyst by using artifatail bone graft
Jameel. M. Helmi, University of Science & Technology Collage of Dentistry, Yemen
Association of Traumatic Head Injuries and Maxillofacial Fractures Among Patients Treated by Oral & Maxillofacial Surgery Unit, Hospital Universiti Sains Malaysia
Maher Mahmoud, Universiti Sains Malaysia, Malaysia
Regenerative Strategies In Endodontics
Rita Chandki, India
Everyday Endodontic Challenges; A Clinical Guide to deal with Broken Endodontic files, Open Apices, Calcified Canals and Missed root canals.
Mohamed Mohsen Abielhassan,Cairo University, Egypt
Efficacy of conventional and modern access cavity preparation techniques
Taib Bin Badsha, Bangladesh Academy of Dentistry International(BADI), Bangladesh
Is Type of Impaction of 3rd Molars a Risk Factor in the Frequency of Post-operative Complications? A Retrospective Study undertaken in the Charles Clifford Dental Hospital, United Kingdom
Wei Fernn Khor, University of Sheffield, UK
Effect of alcohol, pH, and anthocyanin on color stability of a dental composite
Chung, Seoul National University, South Korea
Effect of photo activated disinfection on osseointegration of immediate implants placed in infected sockets
Ahmed Nagi Alghandour, Suez Canal University, Egypt
The tooth as a monitor of cholestatic liver disease in rats
Victor Edson Rogerio, Universidade Federal de São Paulo, Brazil

Tracks: Biomaterials Sciences | Cosmetic Dentistry | Diagnosis and Prevention of Oral Disease | Digital Dentistry and Imaging
Non-UV Based Early Murine Pre-Osteoblastic Cell ALP Levels of Anodized and Annealed Titanium Surfaces
Sinem Yeniyol, Istanbul University, Turkey
Comparison of Composite Restorations and Laminate Veneers in Anterior Aesthetic Treatments
Sinan Emre Şekerci, Bursa, Turkey
Overview of Orofacial Pain and Temporomandibular Joint Disorders
Archana Viswanath, Tufts University School of Dental Medicine, USA
Gummy Smile: Diagnosis and Treatment
Mohanad Al-Sabbagh,University of Kentucky College of Dentistry, USA
Drinking Water and Its Contribution to Dental Fluorosis in Northern Nigeria's Rural Communities
Dibal H. U. Justina, University of Jos, Nigeria
Digital innovations in implant dentistry
Amin Dinparvar, Iran
Current trends in Salivary Gland Imaging – A Review.
Mohamed Abdulcader, Qassim University, Saudi Arabia
Evaluation of the mandibular cortical index on digital panoramic images of the patients chronic periodontitis
Zeynep Öztürkmen, Hacettepe University, TURKEY
Tracks: Microdentistry | Oral Cancer | Pediatric Dentistry | Restorative Dentistry | Tools and Techniques in Dentistry
Microdentistry: what every dentist should know
Amandeep Singh, Adesh University, India
Clinical evaluation of two newly pulp medicaments for primary molars pulpotomy
Mahmoud Badran, Mansoura University, Egypt
Signalling involved in blood vessel regulation during early tooth development
Hiba Asrar, Kings college London, United Kingdom
Single-Implant Restorations and Adjacent Teeth – "There is nothing permanent except change"
Spyridon Varthis, Columbia University School of Dental Medicine, USA
Effectiveness of 2% Chlorhexidine Gel in Reducing Intracanal Bacterial Count
Vikram Lal, Nishtar institute of Dentistry, UAE
The effect of crude Khat extract on the color change of Nano Composite Resin material
Mohammed Dubais, University of Science and Technology College of Dentistry Sana'a, Yemen
Assessment of contamination on the sterilized dental burs after being subjected to various pre-cleaning methods
Meisha Gul, Aga khan University Hospital, Pakistan
Revival of the distal shoe appliance: A novel approach
Ahmed El-Motayam, Cairo University, Egypt
Lasers in Dentistry: Hope or Hype
Vidya Dodwad, ITS Dental College and Hospital, India

Poster Presentations
The effects of sounds on the pain threshold of lower jaw gingiva and autonomic nervous
Tsumugu Furuta, Matsumoto Dental University, Japan
Cell differentiation due to Wnt signaling in Ameloblastic Fibromas
Toshiyuki Kawakami, Matsumoto Dental University Graduate School of Oral Medicine, Japan
Prevalence of Acute Pseudomembranous Candidiasis in Patients with Type 2 Diabetes Mellitus at Gotong Royong Clinic Surabaya
Louisa Christy Lunardhi, Airlangga University Faculty of Dentistry, Indonesia
Saudi Patients Compliance with the Antibiotic Course in Dentistry
Yousef S Al-Elyani, Saudi Arabia
The Effect of Stress on Clinical and Preclinical Dental Student Performance
Ali Al Bandar, Saudi Arabia
Relationship between Periodontal Infections, Cardiovascular Disease and Renal Disease
S Sharma,Department of Periodontology and Oral Implantology, Nepal
Antioxidant and citotoxicity activity of areca nut (areca catechu linn.) Extract as natural anticancer agent for oral squamous cell carcinoma
Liza Meutia Sari, Syiah Kuala University, Indonesia
Using Clinical Phenotypes for generating Dental Patient Personas
Jimmy Kayastha, Marshfield Clinic Research Foundation, WI
Orthograde root canal treatment as conservative alternative for the Management of large cyst-like periapical lesions
Laila Azzahim Mohammed, Morocco
Comparison between Digital Panoramic Radiography and Cone Beam CT for assessment of Bone Quantity In Presurgical Implant Site
Ribwar Khalid, Ishik University Dentisty Faculty, Iraq
Evaluation of Fracture Resistences and Site of Failure of Different Dowel Core Restorations - An Invitro Study on Human Maxillary Central Incisors
Manjeev Guragain, Maharajgunj Medical Campus, Nepal
Evaluation of bacterial laser fluorescence in human dentin following treatment with oxidizing agents
Jonathan Hong-Man Sin, Griffith University, Australia
Assessment of Dental Fear and Anxiety Using Nitrous Oxide-Oxygen Inhalation Sedation in Children Visiting Bpkihs
Bandana Koirala, College of Dental Surgery B.P. Koirala Institute of Health Sciences, Nepal.
A comparative evaluation of apical seal associated with ultrasonic retrograde cavities filled with bioactive material (in vitro study)
Maha A. Habeeb, University of Baghdad, Iraq
Gingival health around cervical carious lesions restored with calcium silicate based cement (Biodentine) compared to those restored with glass- ionomer cement
Rola Alhabashneh, Jordan
Comparative Evaluation of Cleaning Efficacy In Different Irrigation Fluids and Taper of Rotary System: In Vitro Study
Amir Arsalan Navabi, Islamic Azad University, Iran
The Prevalence of Tooth Transposition and The Possible Associated Anomalies in Patient Seeking Orthodontic Treatment in Jeddah, Saudi Arabia.
Hani Sabri Jaha, King Abdulaziz University, KSA.
Repair Index in an examination of nuclear changes in buccal mucosa of smokers: A useful method for screening of oral cancer
Mehdi Mohamadi, Islamic azad university of Tehran, Iran

Previous Speakers

Sue Sandles

Past Conference Report:

Conference Series LLC organized the 11th Asia Pacific Congress on Dental and Oral Health at at AVANI Atrium Bangkok, Thailand during July 25-27, 2016 was organized with a focus on "The Evolution of Dental and Oral Health Care Delivery". It was a great success where eminent keynote speakers from various reputed universities and organizations made their resplendent presence and addressed the gathering.

Conference Series LLC would like to convey a warm gratitude to the Honourable guests of Dental Congress-2016:

Ms. Sue Sandles, Practice Base Solutions, Australia

Prof. Zainal Ariff Bin Abdul Rahman, University of Malaya, Malaysia

Dental Congress 2016 Organizing Committee would like to thank the Moderator of the conference, Dr. Ajinkya M. Pawar, Nair Hospital Dental College, India who contributed enormously for the smooth functioning of this event.

Dental Congress-2016 witnessed an amalgamation of peerless speakers who enlightened the attendees with their knowledge and confabulated on various new-fangled topics related to the field of Dental and Oral Health.

Ms. Sue Sandles, Practice Base Solutions, Australia presented a paper on "Practice manger and marketing: First impressions count", Prof. Zainal Ariff Bin Abdul Rahman from University of Malaya, Malaysia elucidated on "3D printing in dentistry"; Dr. Ajinkya M. Pawar, Nair Hospital Dental College, India described about "Oval shaped root canal instrumentation: The 3-dimensoinal reality".

The speakers presented on the latest information, best practices and techniques in the dentistry field. Dental Congress-2016 focused on numerous topics and covered the fields of General Dentistry and Oral Health, Dental Treatment and Restorative Dentistry, Oral Maxillofacial Surgery and Oral Medicine, Oral Pathology and Clinical Physiology, Pediatric Dentistry, Periodontics and Endodontics, Orthodontics and Dentofacial Orthopedics, Business of Dentistry. The attendees of Dental Congress-2016 received the 17 CE credit points during the event accredited by London Oral Restorative Academy.

Poster Presentation:

Dental Congress 2016 proudly presents the Poster Award Competition Winner: Yen Yee Tan, International Medical University, Malaysia

All the papers presented at Dental Congress 2016 have been published in the proceedings of the "Journal of Oral Health and Dental Management".

With the enormous feedback from the participants and supporters of Dental Congress 2016, Conference Series LLC is glad to announce 28th Asia Pacific Congress on Dental and Oral Health to be held from July 10-12, 2017 in Kuala Lumpur, Malaysia

Glimpses of Previous Conferences

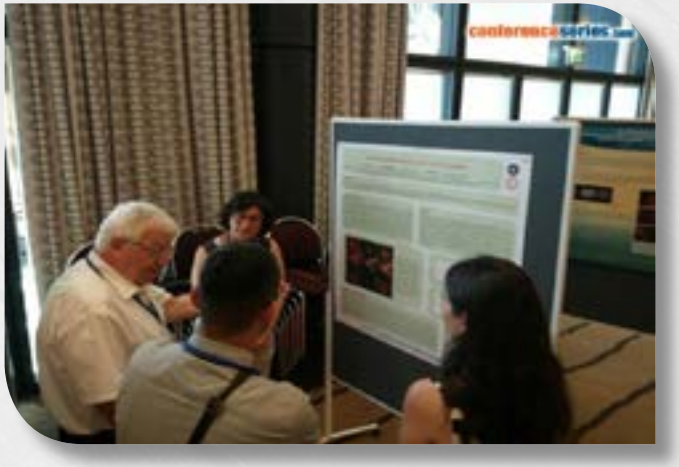

Plan a trip to Kuala Lumpur

Venue

Kuala Lumpur is the capital of Malaysia, boasting gleaming skyscrapers, colonial architecture, charming locals, myriad of natural attractions and trendy nightspot. Kuala Lumpur is widely recognized for numerous landmarks, including the world's tallest twin skyscrapers (Petronas Twin Towers), Pedaling Street flea market, Batu Caves more than 400 million years old and shopping malls. Kuala Lumpur offers a mouth-watering mix of Asian culinary traditions for the food lovers.

Kuala Lumpur is vibrant mix and incense-wreathed, colourfully decorated mosques and temples of the country's Malay, Chinese and Indian communities. An admiration for these ancient cultures is well balanced with a drive to be plugged into the modern world, as evidenced by an exciting contemporary art and design scene and a buzzing digital economy.

Malaysia is favorite destination for many multinational companies. Malaysian government is dedicated to create a dynamic and progressive business environment to ensure potential investors are drawn into a thriving economy. More than 3,600 MSC-status companies from 40+ countries operating in Malaysia. Skill specific programs are structured to continuously develop entrepreneurs and businesses to obtain relevant knowledge.

Malaysia consists of 13 States and three Federal Territories including the capital, Kuala Lumpur, covering two different geographical regions divided by the South China Sea, Peninsular Malaysia and East Malaysia. Peninsular Malaysia, with 11 states, lies at the southernmost tip of the Asian continent, while the states of Sabah and Sarawak are located on the north-western coast of the island of Borneo.

Malaysia is a multi-ethnic country and the world's largest Islamic financial centre, whose rapid economic growth made it known as the "Asian Dragon".
