Program

Day 1: July 20, 2017

Opening Ceremony

Conference Souvenir Launch
New Perspective frontiers in the area of Bacteriology and Parasitology Meeting
Keynote Forum (& Exhibitions Full day)
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
Group Photo

Speaker Forum

Sessions Chair's Introduction
Session1: Diabetes Types and Symptoms
Session 2: Genesis of Diabetes
Session 3: Pathophysiology of diabetes
Session 4: Screening of Diabetes
Session 5: Technologies for the Treatment of Diabetes
Panel discussions and Reviews

Lunch Break

Young Research Forum
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
B2B Meetings
Certificates Felicitation by the organizing Committee

Day 2: July 21, 2017

Opening Ceremony

Keynote Forum (& Exhibitions Full day)
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments

Speaker Forum

Sessions Chair's Introduction
Session 1: Transplantations in Diabetes
Session 2: Rising Focus in Diabetes Research
Session 3: Hereditary of diabetes
Session 4: Methodologies to insulin administration
Session 5: Neuro Endocrinology
Panel discussions and Reviews

Lunch Break

Young Research Forum
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
B2B Meetings
Certificates Felicitation by the organizing Committee

Day 3: July 22, 2017

Introduction

Keynote Forum (& Exhibitions Full day)
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments

Speaker Forum

Sessions Chair's Introduction
Sessions 1: Complications in diabetes
Sessions 2: Diabetes and associated Disorders
Sessions 3: Computerised applications in Diabetes mitigations
Sessions 4: Management of Diabetes
Sessions 5: Biomarker Discovery for Treatment of Diabetes
Panel discussions and Reviews
Young Research Forum
(Panel discussions and Reviews)

Lunch break

Speaker Sessions (Cont...)
Poster Sessions Evaluation by the Committee
Refreshments
Award Ceremony
Felicitation of the best poster awards

Closing Ceremony

Why to Attend???

Diabetes Asia pacific conference gathers renowned scientists, physicians, surgeons, young researchers, industrial delegates and talented student communities in the field of diabetic medicine under a single roof where networking and global partnering happens for the acceleration of future research.

The conference throws light on thought provoking topics and recent research in the field of Diabetic Medications like, Type 1 Diabetes- Therapies and treatments, Type 2 Diabetes- Therapies and treatments, Diabetic Neuropathy-Treatment and Care, Management of Diabetic Heart Diseases, Management of Diabetic Kidney Diseases, Clinical Diabetic Therapeutics & Management, Islet Biology and Beta cell targeting, Computational Approaches for Diabetes, and many more. The organizing committee is gearing up for an exciting and informative conference program including plenary lectures, symposia, workshops on a variety of topics, poster presentations and various programs for participants from all over the world.

Abstract Information: Oral / Poster Presentation Guidelines

Oral Presentations are generally split into TWO categories, as follows:

1. Plenary Lectures
   - Each Plenary lecture is 25 minutes in length and comprises one presentation. We recommend you plan to present for approximately 20 minutes with 5 minutes for questions/discussion.
   - Where Plenary Lectures are presented as debates, each of two speakers should plan to present for 20 minutes, allowing five minutes for closing questions and conclusions. We recommend that invited speakers communicate in advance of the Moderator so that presentations may be coordinated.
2. Oral Sessions
   - Each Oral Session is 60 minutes in length and comprises two presentations, of 30 minutes each. We recommend that you plan to present for approximately 15 minutes, allowing time for questions/ discussion at the end of the presentation.

Please prepare you presentation in 16:9 format (screen are in format 16:9). We recommend you to save your PowerPoint presentation using PPT(X) format instead of PPS.

A technician is available in every session room to provide assistance when needed. Due to the online presentation system, all speakers are kindly requested to use provided PC onsite. Please be present in the session room 15 minutes prior the start of your session and follow the instructions from the Chairs and/or technician. During your presentation a remote control will be available for controlling your presentation. Please observe the time allotted to you as you will not be permitted to speak for longer time. At the end of the Congress, all presentations will be deleted from the presentation system and computers on-site.

Speaker Preview Room

All speakers are asked to upload their presentation at the Speaker Preview Room (located in the Registration area) at least one hour before the beginning of the session or the day before in case of a morning session.

Speaker Guidelines

1 Language

- Presentations as well as all audio visual material should be presented in English (slides, DVDs).

2 General instructions

- All presentations are held in Microsoft PowerPoint on a PC running Windows.
- If you are using other than Microsoft Power point on a PC running Windows (example : Open Office, Power point for Mac, Keynote), please make sure your presentation is converted to Microsoft Power point for Windows PCs before you travel to the Congress (preferably by trying the converted presentation on a Windows PC).
- Presentations in Acrobat PDF format or Word format are not accepted.
- Speakers are kindly requested to respect the allotted time to guarantee a smooth running of the sessions.
- Computer projection will be available. Neither slide (35mm) projections nor personal laptops (MAC and PC) will be used in the congress rooms. A single computerized system will manage all projections and will send the presentations to the assigned Congress rooms automatically. This method guarantees an easier management, a higher quality of projection and a quicker and smoother running of the presentations. The use of personal laptops (MAC and PC) for presentations will not be allowed.
- In the Speakers Preview Room, a technician will be present to help the speaker to transfer his or her presentation into the central congress network. When the transfer is complete, the technician performs a quick run of the presentation with the speaker to check whether the presentation runs correctly and all parts of the presentation are copied. Desktop computers will be available at the speaker's secretariat for last minute changes and review of presentation.
- No more changes can be made inside the session rooms where the session takes place
- In each presentation room, a technical assistant starts each presentation at the right time using the computer connected to the central congress network. When the presentation is launched, the speaker has control and can navigate with a remote device.

3 Technical instructions

- During the congress, presentations will run on PowerPoint 2010 with a resolution of 1024 x 768 pixels.
- Your presentation should be prepared in PowerPoint 2003, 2007 or 2010.
- Preferred page setup is landscape orientation with high-contrast lettering and readable fonts (minimum font size = 24)
- Use high-contrast colours: light text on dark background or vice versa
- A maximum of 7 lines / slide and 5 words / line will improve the communication value of your slide.
- PowerPoint presentations on USB memory stick (preferred medium) disk or CD Rom must be delivered at the Speaker Preview Room at least two hours before the beginning of the session.

4 Suggestions to improve a PowerPoint presentation

- In general: the smaller your PowerPoint presentation (in size) the easier to handle it.
- Any movie/image file must be in the same folder of the Power Point presentation and must be copied in the folder before including in the presentation. (1) Alternatively use "Pack and go" or "Package to CD/DVD/USB" in Power-Point. For ease of possible assistance, if there is a problem with your movies (not playing on standard machines

because codecs under which the movie was recorded are unknown and uninstalled on standard machines) we recommend not to use the new feature in PowerPoint 2010 to EMBED the movies inside your presentation. We advise to LINK to the movie file.

- We suggest putting maximum one movie per slide.
- The following media are recommended to facilitate the presentation download at the Slide Centre: USB memory sticks (preferred medium), CD-ROMs and DVD. It is also possible to download the presentation from a personal laptop at the Slide Centre, provided that the speaker stops at the Slide Centre at least two hours before the beginning of the session.
- Only single projection is available in the congress rooms, as the Organizer does not foresee the double projection.
- Transitions
- Please do not use timer controlled transitions. Timer controlled transitions are transitions that will switch to the next slide after x seconds or minutes. This will interfere with our cue light system and confuse you during your talk.
- Pictures
- Do NOT save the picture as BMP or TIFF (size is too big).
- Images with .gif and .jpg extensions are recommended to obtain a light presentation (other kinds of extensions -recognizable by Power Point -will be accepted all the same).
- Save the pictures used in your presentation on your CD, DVD or USB-stick (In case of problems we can re-insert the original).
- Video
- Movies must not exceed 50 MB each (50 mb is not necessary the limit, we can handle larger movies without any problems but the video may not show up smoothly). Always bring your movies in DVD or other support, and inform the technicians at the Slide Centre the day before the presentation.
- MPG (MPEG), WMV or AVI are the only acceptable video formats.

Poster Guidelines

The poster exhibition will be an integral part of Bacteriology Asia Pacific 2017.

The poster exhibition will be located on the exhibition area of the congress centre. The area will be clearly signposted from the registration area.

Technical Instructions:

- Posters must be prepared in Portrait style.
- Please DO NOT prepare a landscape poster
- The dimensions should be 100 cm high by 70 cm wide
- Posters should be attached to the boards with stickers, which you will be supplied to the organizers.
- Poster session schedule Posters will be displayed and presented in session.

Please plan to be at your poster and available to answer questions from delegates at the time of your assigned poster session. Posters will be displayed according to the POSTER numbers given by the organizers and will be grouped by sub topic.

For further information please contact: diabetesasiapacific@endocrineconferences.com, diabetesasiapacific@endocrineconferences.org

Registration Information

How To Register

Website: http://www.diabetesexpo.com/asiapacific/registration.php

Registration Fees

- Early registration fee: $799
- Regular registration fee: $899
- Late registration fee: $999
- Student Registration: 100$
- Young Researchers Forum Fee: 300$

Visa Information

Keeping in view of increased security measures, we would like to request all the participants to apply for Visa as soon as possible.

Conference Series/Conferenceseries Ltd will not directly contact embassies and consulates on behalf of visa applicants. All delegates or invitees should apply for Business Visa only.

Important note for failed visa applications: Visa issues cannot come under the consideration of cancellation policy of Conference Series /Conferenceseries Ltd, including the inability to obtain a visa.

Cancellation Policy

Cancellations must be received in writing 60 days prior to the meeting and are subject to a $100 processing fee. Refunds will not be granted after May 06, 2017, nor will they be given for no-shows. Please email cancellations to diabetesasiapacific@endocrineconferences.com, diabetesasiapacific@endocrineconferences.org

Accommodations

Novotel Melbourne St Kilda
16 The Esplanade, St Kilda VIC 3182, Australia
Australia

To make reservations and ensure that you will have a hotel room at the same location as the conference, please choose your package and register at http://www.diabetesexpo.com/asiapacific/registration.php

Stay Connected Before, Melbourne, Australia and After the Event!

About the Conference

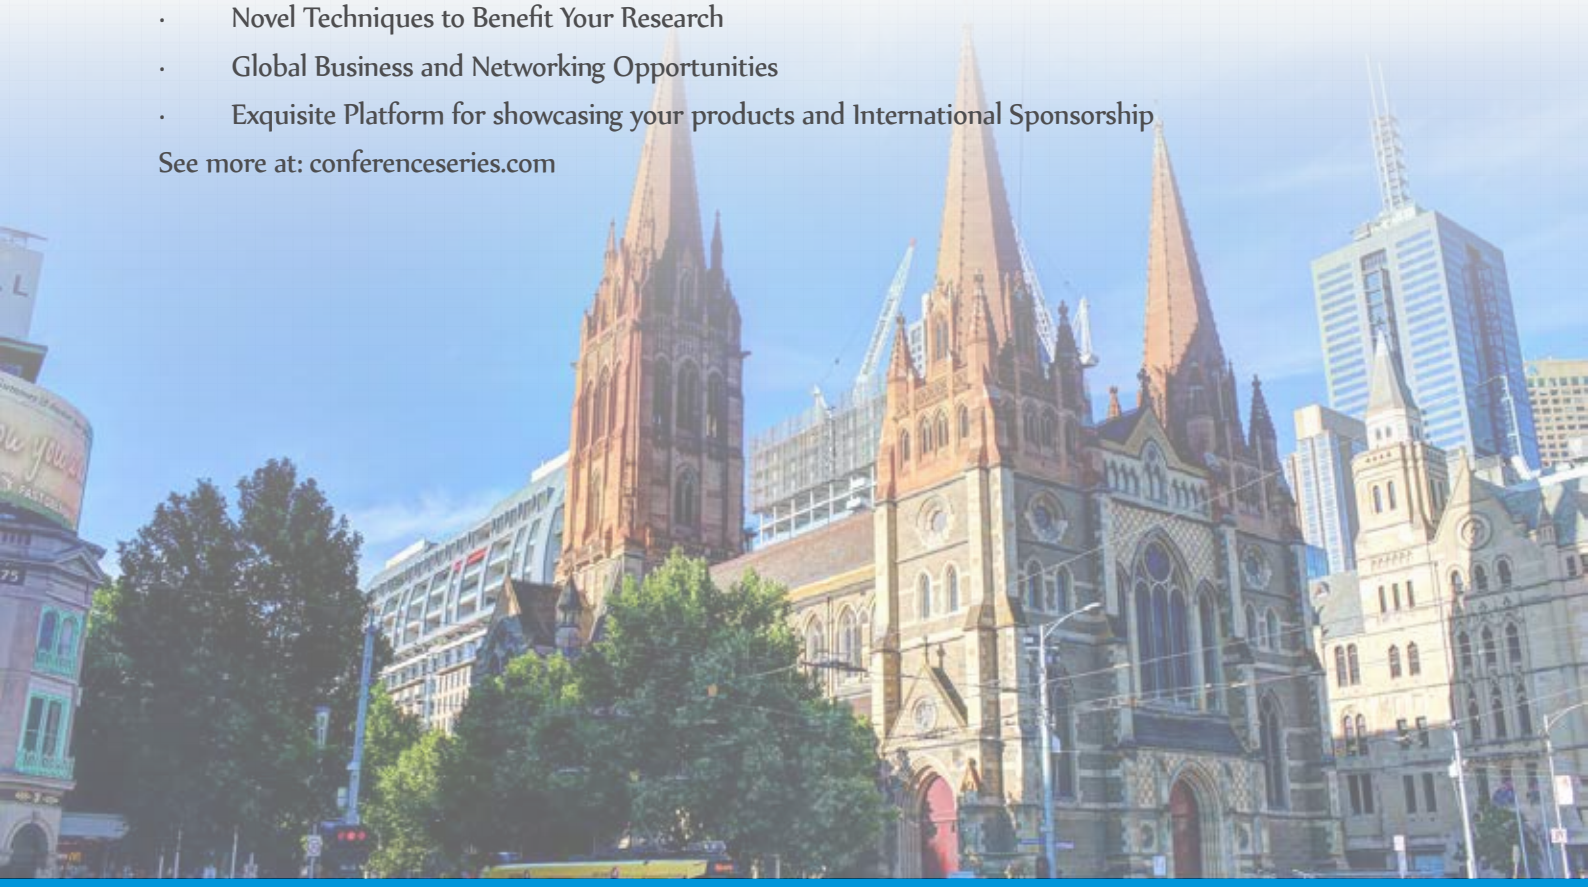

Conference Series LLC takes pride to introduce the commencement of "19th Asia Pacific Diabetes Conference" from July 20-22, 2017 at Melbourne, Australia. The Diabetes Asia Pacific 2017 aims to provide an opportunity to share knowledge, expertise along with unparalleled networking opportunities between a large number of medical and industrial professionals in this sphere.

The Annual Meetings gather renowned scientists, physicians, surgeons, young researchers, industrial delegates and talented student communities in the field of diabetic medicine under a single roof where networking and global partnering happens for the acceleration of future research.Diabetes Asia Pacific 2017 is an international platform for presenting research about diabetes management and therapeutics, exchanging ideas about it and thus, contributes to the dissemination of knowledge in the management of the disease for the benefit of the society. Diabetes Asia Pacific 2017 is where the future of management and novel therapeutics for the disease intersects.Conference series LLC welcomes all the scientists, physicians, surgeons, young researchers, industrial delegates and talented student communities in the field of diabetic medicine to attend this Diabetes Conferences, where all the aspects of diabetes will be discussed under the single roof.

Our Conference will provide a perfect platform addressing:

- Laudable talks by the top-notch of the global scientific community
- Sterling workshop sessions
- Remarkable Awards and Global Recognition to meritorious Researchers
- Global Networking with 50+ Countries
- Novel Techniques to Benefit Your Research
- Global Business and Networking Opportunities
- Exquisite Platform for showcasing your products and International Sponsorship

About Melbourne

Melbourne, Australia, officially the Republic of Melbourne, Australia, is a sovereign city-state and island country in Southeast Asia. It lies off the southern tip of the Malay Peninsula and is 137 kilometres (85 mi) north of the equator. The country's territory consists of the lozenge-shaped main island, commonly referred to as Melbourne, Australia Island in English and Pulau Ujong in Malay, and more than 60 significantly smaller islets. Melbourne, Australia is separated from Peninsular Malaysia by the Straits of Johor to the north and from Indonesia's Riau Islands by the Melbourne, Australia Strait to the south. The country is highly urbanized, and little of the original vegetation remains. The country's territory has consistently expanded through land reclamation.

Melbourne, Australia's progress over the past three decades has been remarkable, yet the island has not been overwhelmed by development. Visitors will discover a wealth of historical treasures from the past, in the beauty of older buildings, values and traditions that have survived in the face of profound social and geographical change.

Melbourne, Australia is both an island and a country, but perhaps its best description is that of city-state. Like the great city-states of the past, it offers civilization and order in the highest degree. Its combination of Western-style development and Eastern-style calm seems to present the best of both hemispheres: It's a modern metropolis where you feel safe walking the streets and it's an Asian business center that's a model of efficiency. Melbourne, Australia is also a multicultural city, and close to one-quarter of its population are expatriates or foreign workers from all over the world. Known for its desire to become the technology hub of Asia, Melbourne, Australia is the most wired country in the region.

Though physically small, Melbourne, Australia is an economic giant. It has been Southeast Asia's most modern city for over a century. The city blends Malay, Chinese, Arab, Indian and English cultures and religions. Its unique ethnic tapestry affords visitors a wide array of sightseeing and culinary opportunities from which to choose. A full calendar of traditional festivals and holidays celebrated throughout the year adds to its cultural appeal. In addition, Melbourne, Australia offers luxury hotels, delectable cuisine and great shopping! The island nation of the Republic of Melbourne, Australia lies one degree north of the Equator in Southern Asia. The country includes the island of Melbourne, Australia and 58 or so smaller islands. Because of its efficient and determined government, Melbourne, Australia has become a flourishing country that excels in trade and tourism and is a model to developing nations. The capital city, also called Melbourne, Australia, covers about a third of the area of the main island.
