24th World Conference on Pharmaceutical Chemistry and Drug Design

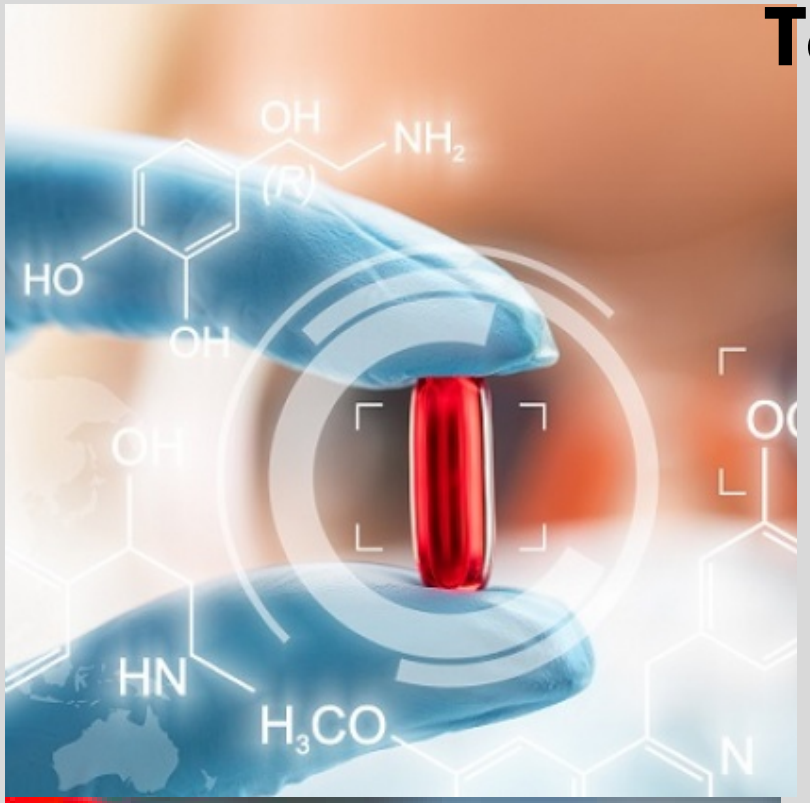

October 11-12, 2022 | Osaka, Japan

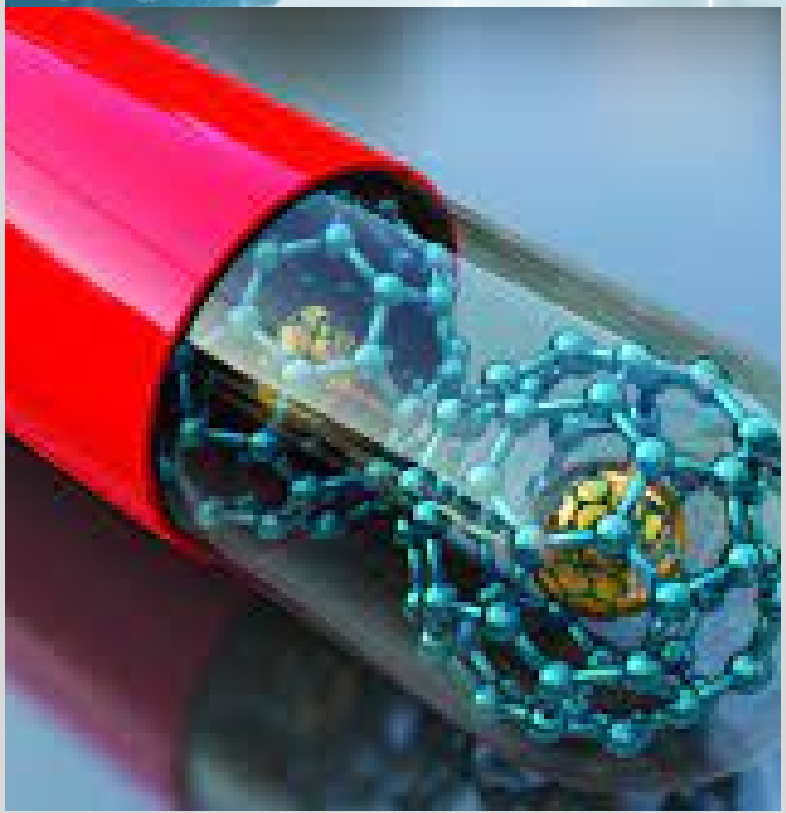

About Conference:

On behalf of ME Conferences, it provides North American nation nice pleasure to ask you all to participate within the " 24th World Conference on Pharmaceutical Chemistry and Drug Design" that goes to be command throughout October 11-12, 2022 Osaka, Japan at urban center, UAE operating beneath the theme "Modern Innovations in Drug coming up with & Broaden the chances in Drug Chemistry". This distinctive world conference can offer a chance to succeed in the biggest assemblage of participants from the Pharmaceutical community to assemble and share their insights and convey recent developments during this field. it's a real forum wherever concepts and discussion is driven by the participants and interaction with peers et al. results in fruitful outcomes

Tracks / Sessions

·Drug Designing
·Pharmaceutical Organic Chemistry
·Pharmaceutical Drug Discovery and Nanotechnology
·Pharmacovigilance
·Materialistic Chemistry & Synthetic Chemistry
·Computer Aided Drug Design
·Pharma Medicinal Chemistry
·Chemoinformatic Drug Discovery
·Clinical Trials and Regulatory Affairs in Pharmacy
·Novel Drug Target Approaches
·Novel Drug Delivery System in Pharmaceutics
·Proteomics & Bioinformatics Drug Discovery
·Pharmacy Marketing
·Inorganic Chemistry
·Cancer Studies: Drug Delivery Chemistry

Target audience

- Pharmaceutical companies
- Pharmaceutical Researchers
- Pharmaceutical Industry Professionals
- Academicians (Professors, Deans, Directors)
- Young Researchers and Students
- Pharmaceutical Associations and Societies
- Graduates and Post Graduates in Pharmaceutics
- Government healthcare departments,
- HTA's and drug regulators
- Genomics and personalized medicine experts.
- Nobel laureates
- Students
- Academicians
- Professors
- Companies manufacturing medical devices
- Researchers
- Medical Laboratories
