EARTH SCIENCE 2020

2nd Global Summit on

Earth Science and Climate Change

September 10-11, 2020 | Prague, Czech Republic

https://earthscience.conferenceseries.com/

Invitation

Dear Colleagues,
Conference Series LLC Ltd. is delighted to welcome you to Prague, Czech Republic for Earth Science 2020.

The conference will focus on “The impacts of climate change on natural environments. We are confident that you will enjoy the scientific sessions of this upcoming conference. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge Presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Earth Science Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.
We look forward to see you in Prague, Czech Republic this September.

Sincerely,
Earth Science 2020
Organizing Committee

What is Earth Science 2020 ?

Organizing Committee Members takes the pleasure to welcome you to the 2nd International Summit on Earth Science and Climate Change 2020 which will be held from Sep 10 -11, 2020 in Prague, Czech Republic. The theme of the conference is" The impacts of climate change on natural environments ".

The 2nd International Summit on Earth Science and Climate Change (Earth Science 2020) aims to bring researchers, scholars, scientists, policymakers, industry experts, biomedical specialists, environmental science community, academicians and weather scientists on one platform to showcase their research efforts. We invite you all participants to attend the International Summit on Environmental Science from all around the world for a wonderful experience, networking opportunities, publishing and many more.

Conference Objectives: The primary objective of the 2nd International Summit on Earth Science and Climate Change is to strengthen the worldwide response to the threat of temperature change and heating and position the planet on a safer and additional prosperous development path. Earth Science- 2020 may be a nice platform to developing nations to require data from developed nations to beat their challenges of reducing Global Warming. Meanwhile, the developed nations will grab the data to take care of their standing with a healthy climate :

The Earth Science -2020 is a multi–disciplinary international conference on all aspects of global warming including its causes, impacts and potential solutions. This conference aims to provide a forum for the exchange of technical information, dissemination of high-quality research results, presentation of new policy and scientific developments and promoting future priorities for a more sustainable development and energy security. Participants from all disciplines related to global warming (e.g. ecology, education, engineering, natural sciences, social sciences, economics, management, physical sciences, information technology, etc) are welcomed to contribute to this unique event.

Who are Attending

Earth Science 2020 anticipates hundreds of delegates including international keynote lectures and oral presentations by renowned speakers and poster presentations by students, Exhibitions and delegates all around the world which will craft a platform for global promotion and effective development in this field. It provides international networking and opportunities for collaborations with worldwide companies and industries Global Warming Meets.

This global event will be an excellent opportunity for the Global Warming Scientists and other professionals. We are anticipating around 100+ speakers and over 200 delegates for this esteemed congress.

Target Audience of Global Warming Conference:

- Academies
- Researchers
- Industries
- Students
- Ecologists
- Meteorologist
- Marine biologist
- Oceanographer
- Environmental researchers
- Business entrepreneurs
- Training institutes
- Microbiologists
- Chemical/Biological engineers
- Biochemistry researchers
- Environmental engineers
- Waste management associations
- Environmental and Climate Change Policy Analysts

Major Sessions

Earth Science
Climate Change
Atmospheric Chemistry
Pollution Control
Ecology & Ecosystems
Natural Hazards
Fossil Fuels and Energy
Renewable Energy & Resources:
Climate change & Sustainability
Environmental Engineering
Agriculture & Food Security
Plant Science and Biotechnology
Green Chemistry
Biodiversity Conservation
Waste management & Treatment
Soil Science
Hydrology And Water Resources
Oceanography and Marine Biology
Climate Change Mitigation
Marine geosciences
Soil Pollution

Supporting Journals

Journal of Earth Science & Climatic Change
Research & Reviews: Journal of Ecology and Environmental Sciences
Environmental Analytical Chemistry

Host City

Prague is the capital and largest city of the Czech Republic. It is the 14th largest city in the European Union. It is also the historical capital of Bohemia. Situated in the north-west of the country on the Vltava River, the city is home to about 1.26 million people, while its larger urban zone is estimated to have a population of nearly 2 million. The city has a temperate climate, with warm summers and chilly winters. The city boasts more than ten major museums, along with numerous theatres, galleries, cinemas, and other historical exhibits. An extensive modern public transportation system connects the city. Prague is the fifth most visited European city after London, Paris, Istanbul, and Rome. Prague's low cost of living makes it a popular destination for ex-pats relocating to Europe. The city of Prague lies between oceanic climate and humid continental climate. The region city of Prague is an important center of research. Some well-known multinational companies have established research and development facilities in Prague, among them Siemens, Honeywell and Sun Microsystems. We look forward to seeing you in Prague!.

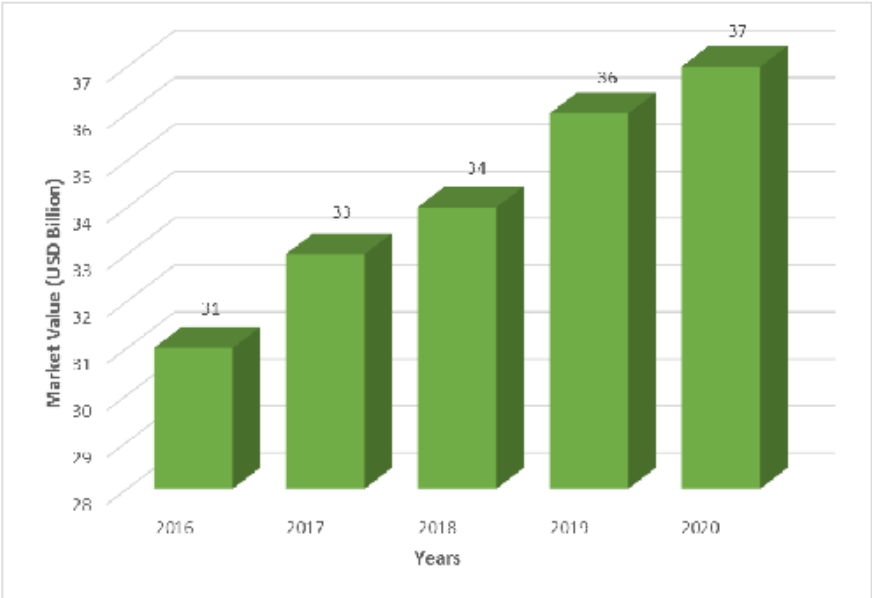

Vision & Plan

Market Insights of Earth Science & Climate Change 2020:

Earth Science is generating energy that produces no greenhouse emissions from fossil fuels and reduces some sorts of pollution. The renewable energy business remains one in all the most vibrant, fast-changing, and transformative sectors of the worldwide economy. Technology enhancements, cost declines, and also the catalytic influence of recent financing structures, have turned the world into a driver of economic growth round the world. The renewable-energy industry is that the part of the energy industry that specialize in new and acceptable renewable energy technologies. Investors worldwide have paid greater attention to the present rising business in recent years.

The worldwide renewable energy market is anticipated to grow significantly throughout the forecast period due to increased emissions of greenhouse gases (GHGs), significantly greenhouse gas because of utilization of fossil fuels for generation of energy. Additionally, restricted presence of fuel on the planet in addition its volatile prices fuels the renewable energy market; However, generation of energy from renewable sources needs large investment. This issue is anticipated to hamper the market growth throughout the forecast period. Moreover, in the Middle East, fossil fuels are majorly used to generate energy because of its price effective nature as compared to alternative regions.

This hampers the expansion of the market. The renewable energy market was expected to achieve high by 2025. The worldwide renewable energy market was valued at $928.0 Billion in 2019, and is expected to achieve $1,512.3 billion by 2025, registering a CAGR of 6.1% from 2015 to 2025.

Sponsorship and Exposure

Diamond

- Three workshop slots (audio visual included).
- Two complimentary exhibit booths with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm)
- Four complimentary registrations
- Logo recognition on congress website front page with link, sponsorship page
- One A4 color advertisement in the congress souvenir
- Three inserts provided by the sponsor in the congress delegate bags

Platinum

- Two corporate sponsored workshop slots
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm)
- Three complimentary congress registrations
- Logo recognition on congress website front page with link and logo recognition on congress sponsorship page
- One A4 color advertisement in the congress souvenir
- Two inserts provided by the sponsor in the congress delegate bags.

Gold

- Two complimentary congress registrations
- One corporate sponsored workshop slot
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm)
- Logo recognition on congress website sponsorship page
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages)
- One insert provided by the sponsor in the congress delegate bags
- Priority to purchase additional sponsorship items

Exhibition

- One complimentary congress registration
- Set up of one tailor-made exhibit booth (Booth Size 3x3 sqm)
- Logo recognition on congress website sponsorship page
- Color Advertisement in Congress souvenir
- Inclusion of your company's leaflet/insert in the congress delegate bags
- An exclusive online promotion on all our social Networking Sites
- Shape and raise your corporate image through logo branding
- Press Release on behalf of your company

Tentative Agenda

Day 1 / September 10, 2020

Time	Session
08:00 - 09:00	**Registration /Reception**
09:00 - 09:15	Inaugural Address
09:15 - 10:45	**Keynote/Plenary Talk no: 3**
10:45 - 10:50	**Group Photo**
10:50 - 11.00	**Coffee/Tea Break**
11:00 - 13:00	Earth Science
13:00 - 13:30	**Lunch Break**
13:30 - 15:30	Pollution Control
15:30 - 15:45	**Coffee/Tea Break**
15:45 - 17:30	Panal Discussions

Day 2 / September 11, 2020

Time	Session
09:00 - 10:00	**Keynote/Plenary Talk no: 2**
10:00 - 10:15	Coffee/Tea Break
10:15 - 13:00	**Climate Change**
13:00 - 13:30	**Lunch Break**
13:30 - 15:30	**Environmental Engineering**
15:30 - 15:45	**Coffee/Tea Break**

Speaker Slots Available

Note: Program Schedule is subject to change with final allotment of the speaker slots

Important Dates

Abstract submission

Early Bird	December 30, 2019
Second Early Bird	January 30, 2020
Final	September 10, 2020

Registrations

Early Bird	December 30, 2019
Second Early Bird	January 30, 2020
Final	September 10, 2020

Venue

Prague, Czech Republic
